Information Collection Request – Justification for Non-Substantive Change

Air Carrier Loan and Payroll Support Programs

OMB No. 1505-0263

Mar 1, 2021

Treasury requests a non-substantive change of OMB Control No. 1505-0263 in order to add a new instrument: Certification of Your Recall Notice Requirement. This form is required from certain applicants to validate compliance with the Recall and Rehire provisions of the Payroll Support Program Extension (PSP2) before issuing second PSP2 payments. There are two form options depending on whether or not applicants had involuntary furloughs/terminations. One form requires applicants to enter their PSP2 & PSP1 application numbers and then requires applicants to certify that they did not furlough or terminate any Employees between Oct. 1, 2020 and the date of their PSP2 Agreement. If there were furloughs or terminations, applicants must complete the other form that requests additional details regarding the number of affected employees and the status of re-call/rehiring. The need for certain applicants to submit documentation related to employee recall actions was described in the previously approved 1505-0263 supporting statement. This burden was incorporated as part of the approved estimates so no change in burden is being included with this request.
