

U.S. DEPARTMENT OF ENERGY
NONEXCLUSIVE PATENT LICENSE
APPLICATION

It is the policy of the U.S. Department of Energy (DOE) to accord licensed on DOE-owned patents applications in appropriate circumstances to applicants with satisfactory plans for development and/or marketing of the invention. 37 CFR Part 404, Licensing of Government Owned Inventions, provides terms, conditions, and procedures for the accord of patent licenses, both nonexclusive, on DOE-owned patents and patent applications.

An application for a nonexclusive license should set forth the following, and, in addition, any other information that applicant deems would be of importance to show that the accord of a non-exclusive license is in the public interest. The application must be accompanied by a processing fee of \$25.00. The check or money order should be made payable to the U.S. Department of Energy.

Applications should be addressed to:

Assistant General Counsel
for Technology Transfer
and Intellectual Property
1000 Independence Avenue, S.W.
Washington, DC 20585

INFORMATION REQUIRED:

1. Identification of Applicant

(a) Name: _____

(b) Address: _____

(c) Citizenship and State of Incorporation: _____

(d) Name, title, and telephone number of representative of applicant with whom negotiations are to be considered: (1) Name: _____

(2) Title: _____

(3) Telephone #: _____

2. Identification of Invention
 - a. Patent Number of Patent Application Serial Number:

 - b. Title

3. Nature and type of applicant's business, including identification of products or services which applicant has successfully commercialized, and including approximate number of applicant's employees:

4. Applicant's status, if applicable, as a small business, as defined at section 2 of Pub. L. 85-535 (15 USC 632) and implementing regulations of the Small Business Administration:

5. Identification of source of information concerning the availability for license of the invention:

6. In support of this application, please submit, as an appendix hereto, a detailed description of applicant's plan for development and/or marketing of the invention, which should include:
 - a. A statement as to applicant's intention to fulfill the plan, including applicant's manufacturing, marketing, financial, and technical capability to fulfill the plan;
 - b. A statement of the time, nature, and amount of anticipated investment of capital and other resources which applicant believes will be necessary to bring the invention to practical application;
 - c. A statement of the field or fields of use for which applicant intends to practice the invention; and

- d. A statement of the geographic areas in which applicant intends to manufacture, use, or sell any products embodying the invention or produced through the use of the invention.

Date:

Signature

(Name and title of authorized representative)

Enclosure: Check in the amount of \$25.00
Payable to: United States Department of Energy
