

rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ On May 11, 2021, the Commission instituted proceedings under Section 19(b)(2)(B) of the Exchange Act⁶ to determine whether to approve or disapprove the proposed rule change.⁷ The Commission has not received any comment letters on the proposed rule change.

Section 19(b)(2) of the Exchange Act⁸ provides that, after initiating disapproval proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may extend the period for issuing an order approving or disapproving the proposed rule change by not more than 60 days if the Commission determines that a longer period is appropriate and publishes reasons for such determination. The proposed rule change was published for notice and comment in the **Federal Register** on February 10, 2021. August 9, 2021 is 180 days from that date, and October 8, 2021 is 240 days from that date.

The Commission finds it appropriate to designate a longer period within which to issue an order approving or disapproving the proposed rule change so that it has sufficient time to consider the proposed rule change. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Exchange Act,⁹ designates October 8, 2021 as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR-CboeBZX-2021-014).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹⁰

Form 1-K

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Form 1-K (17 CFR 239.91) is used to file annual reports by Tier 2 issuers under Regulation A, an exemption from registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*). Tier 2 issuers under Regulation A conducting offerings of up to \$50 million within a 12-month period are required to file Form 1-K. Form 1-K provides audited year-end financial statements and information about the issuer's business operation, ownership, management, liquidity, capital resources and operations on an annual basis. In addition, Part I of the Form 1-K collects information on any offerings under Regulation A that have been terminated or completed unless it has been previously reported on Form 1-Z. The purpose of the Form 1-K is to better inform the public about companies that have conducted Tier 2 offerings under Regulation A. We estimate that approximately 36 issuers file Form 1-K annually. We estimate that Form 1-K takes approximately 600 hours to prepare. We estimate that 75% of the 600 hours per response (450 hours) is prepared by the company for a total annual burden of 16,200 hours (450.0 hours per response × 36 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to

minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o Cynthia Roscoe, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Rule 15Ga-2 and Form ABS-15G

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 15Ga-2 and Form ABS-15G (17 CFR 249.1400) is used for reports of information required under Rule 15Ga-1 and Rule 15Ga-2 (17 CFR 240.15Ga-1) (17 CFR 240.15Ga-2) of the Exchange Act of 1934 ("Exchange Act"). Exchange Act Rule 15Ga-1 requires asset-backed securitizers to provide disclosure regarding fulfilled an unfulfilled repurchase requests with respect to asset-backed securities. The purpose of the information collected on Form ABS-15G is to implement the disclosure requirements of Section 943 of the Dodd-Frank Wall Street Reform and

Consumer Protection Act to provide information regarding the use of representations and warranties in the asset-backed securities markets. Rule 15Ga-1 had a one-time reporting requirement that expired on February 14, 2012. We estimate that approximately 1,343 securitizers will file Form ABS-15G annually at estimated (19.307 hours) burden hours per response. In addition, we estimate that 75% of the 19.307 hours per response (14.48 hours) is carried internally by the securitizers for a total annual reporting burden of 19,447 hours (14.48 hours per response \times 1,343 responses).

Written comments are invited on: (a) Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-92596; File No. SR-C2-2021-012]

Self-Regulatory Organizations; Cboe C2 Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fees Schedule Relating to the Options Regulatory Fee

August 6, 2021.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on August 2, 2021, Cboe C2 Exchange, Inc. (the "Exchange" or "C2") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Cboe C2 Exchange, Inc. (the "Exchange" or "C2 Options") proposes to amend its Fees Schedule relating to the Options Regulatory Fee. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange's website (http://markets.cboe.com/us/options/regulation/rule_filings/ctwo/), at the Exchange's Office of the Secretary, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to reduce the Options Regulatory Fee ("ORF") from \$0.0004 per contract to \$0.0003 per contract, effective August 2, 2021, in order to help ensure that revenue collected from the ORF, in combination with other regulatory fees and fines, does not exceed the Exchange's total regulatory costs.

The ORF is assessed by C2 Options to each Trading Permit Holder ("TPH") for options transactions cleared by the TPH that are cleared by the Options Clearing Corporation ("OCC") in the customer range, regardless of the exchange on which the transaction occurs.³ In other words, the Exchange imposes the ORF on all customer-range transactions cleared by a TPH, even if the transactions do not take place on the Exchange. The ORF is collected by OCC on behalf of the Exchange from the Clearing Trading Permit Holder ("CTPH") or non-CTPH that ultimately clears the transaction. With respect to linkage transactions, C2 Options reimburses its routing broker providing Routing Services pursuant to C2 Options Rule 5.36 for options regulatory fees it incurs in connection with the Routing Services it provides.

Revenue generated from ORF, when combined with all of the Exchange's other regulatory fees and fines, is designed to recover a material portion of the regulatory costs to the Exchange of the supervision and regulation of TPH customer options business including performing routine surveillances, investigations, examinations, financial monitoring, and policy, rulemaking, interpretive, and enforcement activities. Regulatory costs include direct regulatory expenses and certain indirect expenses for work allocated in support of the regulatory function. The direct expenses include in-house and third-party service provider costs to support the day-to-day regulatory work such as surveillances, investigations and examinations. The indirect expenses include support from such areas as human resources, legal, information technology, facilities and accounting. These indirect expenses are estimated to be approximately 20% of C2's total regulatory costs for 2021. Thus, direct expenses are estimated to be approximately 80% of total regulatory

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

³ The Exchange notes ORF also applies to customer-range transactions executed during Global Trading Hours.
