THIS IS A VOLUNTARY SURVEY

PIER NAME	ABBREVATION	DATE VISITED	

Recreational Angler Survey of Sea Turtle Interactions Fishing Site Characterization

(To be filled out once at each pier or shore-based structure, unless conditions change)

Data collector:					
Location/Pier Name:					
Street address:					
City/State: County:					
1. GPS Coordinates:					
1a. Beginning (near land):					
1b. End (near water):					
1c. Other notable point GPS:					
1d. Description of other:					
1e. Other notable point GPS:					
1f. Description of other:					
2. Ownership information (if available):					
3. Posted or known permits:	_				
4. Hours of operation:					
5. Description of pier:					
6. Is there a pier use fee? YES NO If YES, describe:	_				
7. Is the pier staffed? YES NO If staffed, hours staff are present:	_				
8. Water depth at deepest location: High tide(ft) Low tide(f	t)				

OMB Control No.: 0648-0774 Expiration Date: 12/31/2021

PIER NAME	ABBREVATION	DATE VISITED
	or fish cleaning stations present? YE ribe and photograph, including waste d	
	ght? YES NO ight fishing permitted? YES NO there any specific rules for night fishin	
11. Is the pier lighted?	YES NO escribe location, type, and number of le	ights:
• •	regulations that may be relevant? YF tograph and describe:	ES NO
	regarding protected species (i.e. sea tur tograph and describe:	rtles, dolphins, etc.)? YES NO
14a. If YES, how	s for monofilament recycling or disposymany?art are they (ft)?and describe:	al of fishing gear? YES NO
15. Photo Log (signage, 16. Notes and diagram of	pier, stations, lighting): Start # f pier:	End #

PRA STATEMENT

Recreational Angler Survey of Sea Turtle Interactions OMB Control Number: 0648-0774 Expiration Date: 12/31/2021

A. SURVEY JUSTIFICATION

Collection of these data on sea turtle interactions in the pier-based recreational fishing sector is necessary to fulfill statutory requirements of the Endangered Species Act (16 U.S.C. 1531 <u>et</u>. <u>seq</u>.) Section 7 analyses, and will provide necessary data for the conservation and recovery of endangered and threatened sea turtle populations.

B. SURVEY PURPOSE

The sea turtle interaction data that will be collected via this survey collection will be used by NOAA Fisheries protected species managers to evaluate the impacts of recreational fishing on sea turtle populations. Analysis of data collected from this survey will be used in agency documents, such as ESA Section 7 Biological Opinions and other regulatory documents. These documents are disseminated to the public, but the raw survey results will not be disseminated to the public. NOAA Fisheries will retain control over the information and safeguard it from improper access, modification, and destruction, consistent with NOAA standards for confidentiality, privacy, and electronic information.

C. PUBLIC BURDEN

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other suggestions for reducing this burden to Sara Wissmann, NOAA Fisheries, Office of Protected Resources, sara.wissmann@noaa.gov.

D. PUBLIC PARTICIPATION

Participation in this survey is voluntary. The information collected will be protected and kept anonymous if released. Notwithstanding any other provisions of the law, no person is required to respond to, nor shall any person be subjected to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.
