### I. Introduction

This guide provides information and instructions on the registration process for groups, virtual groups, or Alternative Payment Model (APM) Entities (Accountable Care Organizations (ACOs)) participating in the Medicare Shared Savings Program (MSSP) or Next Generation ACO Model – which are collectively referred to as “organizations” – that want to submit their Merit-based Incentive Payment System (MIPS) quality data through the CMS Web Interface and/or administer the Consumer Assessment of Healthcare Providers and Systems (CAHPS) for MIPS Survey for the 2020 performance period.

For additional information visit the following resources:

- The [2020 CMS Web Interface Quick Start Guide](#) for more information about quality data submissions through the CMS Web Interface.
- The [2020 CAHPS for MIPS Survey Overview Fact Sheet](#) for more information about administering the CAHPS for MIPS Survey.

You can find additional information about the Quality Payment Program on [qpp.cms.gov](http://qpp.cms.gov).

Available Monday – Friday, 8 a.m. – 8 p.m. ET

## Registration Information

To register to submit quality data through the CMS Web Interface and/or administer the CAHPS for MIPS Survey, sign in to [qpp.cms.gov](http://qpp.cms.gov).

Registration opens on Wednesday, April 1, 2020 at 10:00 a.m. Eastern Time (ET) and closes on Tuesday, June 30, 2020 at 8:00 p.m. ET.

To complete your organization's registration, you need a HARP account and the Security Official role for your organization. More information is provided in [Section III: Access the Registration System](#) of this guide.

## Definitions

- **Group:** A single Taxpayer Identification Number (TIN) with 2 or more clinicians (including at least one MIPS eligible clinician), as identified by their individual National Provider Identifier (NPI), who have reassigned their Medicare billing rights to the TIN.
- **Virtual group:** A combination of 2 or more whole TINs (solo practitioners and/or groups with 10 or fewer clinicians, including at least one MIPS eligible clinician) whose clinicians elected to participate in MIPS as part of a virtual group. For the 2020 performance period, only virtual groups that we approve and identify as official virtual groups can participate in MIPS as a virtual group.
- **APM Entity group:** The group of eligible clinicians participating in an APM Entity, as identified by a combination of the APM identifier, APM Entity identifier, Taxpayer Identification Number (TIN), and National Provider Identifier (NPI) for each participating eligible clinician.

Have questions? Contact the Quality Payment Program  
Phone: 1-866-288-8292 (Customers who are hearing impaired can dial 711 to be connected  
to a TRS Communications Assistant) | Email: [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov)  
Available Monday – Friday, 8 a.m. – 8 p.m. ET

## Who can register?

1. CMS Web Interface registration is open to groups, virtual groups, and APM Entities with 25 or more clinicians.
  - **EXCEPTION:** CMS Web Interface registration is NOT open to APM Entities (i.e. ACOs) participating in the MSSP or Next Generation ACO Model. Reporting quality data via the CMS Web Interface is required for these ACOs and as a result, they do not need to register.
    - However, ACO participant TINs in these entities can still register for the CMS Web Interface if their ACO is unable to successfully report.
2. CAHPS for MIPS Survey registration is open to groups, virtual groups, and APM Entities with 2 or more eligible clinicians.
  - Please note that APM Entities (i.e. ACOs) participating in the Medicare Shared Savings Program or Next Generation ACO Model are already required to administer the CAHPS for ACO Survey.

**Before You Register:** The CAHPS for MIPS Survey assesses the experience of patients receiving primary care services and is therefore, most appropriate for groups, virtual groups, and APM Entities that provide primary care services.

## Who needs to register?

1. Groups, virtual groups, or APM Entities with 25 or more clinicians that **did not use** the CMS Web Interface to submit quality data for the 2019 performance period, but plan to for the 2020 performance period.
  - **Why?** Groups that submitted quality data through the CMS Web Interface for the 2019 performance period have been automatically registered for the 2020 performance period. Automatic CMS Web Interface registrations can be edited (i.e., update group information) or cancelled for the 2020 performance period.
2. Groups, virtual groups, or APM Entities with 2 or more eligible clinicians that plan to administer the CAHPS for MIPS Survey for the 2020 performance period.
  - **Why?** There is **no automatic registration** for the CAHPS for MIPS Survey. Organizations that plan to administer the CAHPS for MIPS Survey must register each performance period that they plan to administer the CAHPS for MIPS Survey.

You were **automatically registered** if you submitted quality data through the CMS Web Interface in **2019**. Sign in to [gpp.cms.gov](http://gpp.cms.gov) and **review your registration** to verify the information (such as group size and contact information) is correct.

Have questions? Contact the Quality Payment Program  
Phone: 1-866-288-8292 (Customers who are hearing impaired can dial 711 to be connected to a TRS Communications Assistant) | Email: [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov)  
Available Monday – Friday, 8 a.m. – 8 p.m. ET

## Who does not need to register?

1. Groups, virtual groups, or APM Entities that plan to submit Medicare Part B Claims measures, electronic Clinical Quality Measures (eCQMs), MIPS Clinical Quality Measures (CQMs) and/or Quality Clinical Data Registry (QCDR) measures for the 2020 performance period.
  - **Why?** Registration is **not required** for these collection types.
2. Groups that submitted quality data through the CMS Web Interface for the 2019 performance period.
  - **Why?** Groups have been **automatically registered** to submit data for the Quality performance category through the CMS Web Interface for the 2020 performance period. Automatic CMS Web Interface registrations can be edited (i.e., update group information) or cancelled for the 2020 performance period.
3. ACOs participating in a Medicare Shared Savings Program or the Next Generation ACO Model.
  - **Why?** An ACO is **required** to submit quality data through the CMS Web Interface and no registration is needed. The quality data submitted through the CMS Web Interface by an ACO is used to score the MIPS Quality performance category; the score will apply to each MIPS eligible clinician in the ACO who is scored under the APM scoring standard.
  - However, ACO Participant TINs can register to submit data at the group level if, for example, an ACO Participant TIN is terminating its ACO participation agreement or have concerns that the ACO will not be able to successfully report on behalf of the ACO Participant TINs.

## Do we have to submit data through the CMS Web Interface if we're registered?

No, registered organizations do not have to submit quality data through the CMS Web Interface but would need to select a different submission type (i.e., Electronic Health Record (EHR), Qualified Registry, Qualified Clinical Data Registry (QCDR)) in order to submit quality.

However, organizations that do not plan to submit quality data through the CMS Web Interface are strongly encouraged to cancel their registration by 8:00pm ET on June 30, 2020.

If organizations do not cancel their registration before the deadline, they can still submit quality data through other submission types.

Have questions? Contact the Quality Payment Program  
Phone: 1-866-288-8292 (Customers who are hearing impaired can dial 711 to be connected  
to a TRS Communications Assistant) | Email: [QPP@cms.hhs.gov](mailto:QPP@cms.hhs.gov)  
Available Monday – Friday, 8 a.m. – 8 p.m. ET

## **Is it possible for my organization to be unable to report through the CMS Web Interface?**

For organizations that are registered for the CMS Web Interface, we conduct an assignment and sampling methodology process. Generally, we assign patients to the organizations that furnished the plurality of primary care services for such patients.

In rare instances, an organization may have 0 Medicare patients assigned to them and as a result, we can't populate a patient sample. If a patient sample can't be populated, the organization will not be able to submit quality data through the CMS Web Interface.

If an organization does not have any Medicare patients assigned for any of the CMS Web Interface measures, the following will occur:

- We will notify the organizations that they can't submit quality data through the CMS Web Interface. We anticipate notifications will be sent in the Fall of 2020.

The organization won't meet the CMS Web Interface data submission criteria and will need to submit quality measures from another collection type (i.e., eCQMs or MIPS CQMs).

## **Is it possible we won't be able to administer the CAHPS for MIPS Survey?**

For the 2020 performance period, the CAHPS for MIPS Survey continues to be **optional**.

For organizations that are registered to administer the CAHPS for MIPS Survey, we conduct an assignment and sampling methodology process. Groups and virtual groups must meet minimum patient sampling requirements in order to administer the 2020 CAHPS for MIPS Survey.

If an organization does not meet the minimum patient sampling requirements for the CAHPS for MIPS Survey, we will notify organizations indicating that they will not be able to administer the CAHPS for MIPS Survey. We anticipate notifications to be sent in the Fall of 2020.

Organizations that don't meet minimum patient sampling requirements:

- Will not be able to attest to Participation in CAHPS or Other Supplemental Questionnaire (IA\_PSPA\_11) and will need to select a different activity for the Improvement Activities performance category.
- Will not be able to supplement their quality score with points associated with the administration of the CAHPS for MIPS Survey.
- May qualify for a denominator reduction in the Quality performance category if not submitting quality data through the CMS Web Interface.

## 5. Connected Practices

Review your **Connected Organizations** to see if your organization has an active registration for the CMS Web Interface and/or the CAHPS for MIPS Survey.

An active registration is indicated by **Registered** in green text with a green check checkmark.

The screenshot displays the 'Manage Access' interface. At the top, there's a teal header with the title 'Manage Access'. Below this, the 'Pending Requests' section lists two users: Thomas Miller, MD (Acme Clinic, LLC, Staff User) with 'APPROVE' and 'DENY' buttons, and Elizabeth Blackwell (You) (Greenville Medical Clinic, Security Official) with a red warning icon and the text 'Waiting for approval from the current Security Official(s)'. The 'Connected Practices' section shows '5 practices' and includes a link to 'Connect to another organization'. Under 'CMS Web Interface & CAHPS', there's an 'EDIT REGISTRATION' button. The 'Acme Clinic, LLC' section shows the user's role as 'Security Official' and a table for 'CMS WEB INTERFACE AND CAHPS' with columns for 'CMS Web Interface' (Registered) and 'CAHPS Survey' (Not registered), both with 'Edit registration' links. A 'USERS' section shows '3 connected users' and '1 pending user' with a 'View users' link. A red box highlights the 'Edit registration' link for the CAHPS Survey, and a red arrow points from a note box to the 'EDIT REGISTRATION' button.

## 6. Register or Edit Registration

Click the **Edit Registration** button to the right of the CMS Web Interface & CAHPS section or below the CMS Web Interface and CAHPS section under the organization you're interested in registering or making an edit to its registration.

Selecting **Edit Registration** will allow you to submit a new registration as well as modify or cancel an existing registration for your organization.

The screenshot displays the 'Connected Practices' section of a web application. At the top, it says '3 practices' and includes a link 'Connect to another organization'. Below this, there are two main sections. The first section is titled 'CMS Web Interface & CAHPS' and contains the text: 'In order to edit registration for CMS Web Interface or CAHPS, you must be a Security Official at your practice.' and a link 'Learn more about when and how to register'. To the right of this section is a red button labeled 'EDIT REGISTRATION'. The second section is for 'Acme Clinic, LLC' with TIN: #1234567890 | 5200 Manchester Ln., Greenville, OH 01234. It is divided into three columns: 'YOUR ROLE' (Security Official), 'CMS WEB INTERFACE AND CAHPS' (which is highlighted with a red box and contains 'CMS Web Interface' with a green checkmark and 'Registered', 'CAHPS Survey' with a grey circle and 'Not registered', and an 'Edit registration' link), and 'USERS' (3 connected users, 1 pending user, and a 'View users' link).

If you **don't** see **Edit Registration**, then you do not have the required Security Official role in for any connected organization(s). This role is necessary to submit, modify, or cancel a registration. ## V. Modify Information for an Organization with an Existing Registration for the CMS Web Interface and/or the CAHPS for MIPS Survey

If you need to modify information for your organization that has an existing registration for the CMS Web Interface and/or the CAHPS for MIPS Survey for the 2020 performance period, you may do so at any time during the registration period between **April 1, 2020 at 10:00 a.m.** and **June 30, 2020 at 8:00 p.m. ET.**

You may need to modify your information for any of the following reasons:

- You were automatically registered for the CMS Web Interface and:
  - The Organization Size from your registration is no longer accurate.
  - The Organization Address from your 2019 registration is no longer accurate.
  - The Contact Information (name, e-mail address, and/or phone number) from your 2019 registration is no longer accurate.
- You registered for the CMS Web Interface this performance year and:
  - You need to update the Organization Address.
  - You need to update Contact Information, or change the Contacts associated with the organization's registration.

Complete the steps in [Section III: Access the Registration System](#) of this guide before modifying your organization information.
