# CROWNWeb Home Module:

The screenshot shows the EQRS CROWNWeb Home Module interface. At the top, there is a dark blue header with the EQRS logo on the left, navigation links for 'Dashboard' and 'Facilities' in the center, and a 'Change organization' button on the right. Below the header is a secondary navigation bar with tabs for 'CROWN Home', 'Patients', 'Clinical', 'Facilities', 'Form 2744', and 'CROWN Reports'. The main content area is divided into two columns. The left column contains a 'Home' button and a box displaying the 'Version Number : CROWNWeb 5.1.10-v1.13'. The right column features a 'System News' section with a 'Welcome to CROWNWeb!' heading. Below this heading is a list of features and updates, including capabilities for searching, adding, saving, editing, submitting, and printing facility records, patient records, and treatment records. It also mentions the ability to enter information for 2728 forms and print 2728 and 2746 forms. A note at the bottom of the news section states that Internet Explorer 7 users should verify a specific security setting. At the bottom of the page, there is a light blue banner with a link to 'Send us an email to sign up.' and a dark blue footer containing the EQRS logo, links for 'Accessibility', 'Contact Help desk', and 'Privacy Policy', and a red-bordered box with the text 'OMB CONTROL NUMBER: 0938-1289 Expires 11-30-2021'.

**System News**

**Welcome to CROWNWeb!**

Below is a listing of the CROWNWeb features in this release. The production environment contains startup data copied from SIMS, the ESRD Patient Registry maintained by the ESRD Networks.

- Users will be able to search, add, save, edit, submit, and print facility records.
- Users will be able to search, add, edit, submit, and print facility personnel records.
- Users will be able to admit to and discharge patients from a facility.
- Users will be able to add, edit, and submit patient treatment records.
- Users will be able to search, edit, and submit a patient record.
- Users will be able to enter information associated with the 2728 form for Initial, Supplemental, and Re-entitlement patients (including Initial Dialysis, Initial Transplant, Supplemental Training, Supplemental Transplant, and Re-entitlement forms).
- Users will be able to enter a 2746 form for a patient.
- Users will be able to print blank 2728 and 2746 forms, along with pre-populated 2728 and 2746 forms for patients.
- Users will be able to verify patients and patient data using the PART feature.
- Users will be able to search, add, edit, and submit clinical lab test results and vascular access information for patients.
- Users will be able to add, edit, and submit facility preferences for clinical data.
- Users will be able to create and print a patient roster for a facility.
- Users will be able to run Audit reports for all data added, updated, or deleted in CROWNWeb.

Internet Explorer 7 users should verify the following setting before using CROWNWeb. Close all Internet Explorer windows and open a new Internet Explorer browser window. Then go to Tools -> Internet Options, select the Advanced tab, scroll to the Security section and ensure the "Enable Native XMLHttpRequest support" option is NOT selected. If the option is selected, apply this change, then return to the application.
