SUBJECT: National Public Education Financial Survey (NPEFS) 2019-2021: Common Core of Data (CCD) FY 2021 Federal Register Notice Change Request (OMB# 1850-0067 v.22)

The National Public Education Financial Survey (NPEFS) is an annual collection of state-level finance data that has been included in the NCES Common Core of Data (CCD) since FY 1982 (school year 1981-82). NPEFS provides function expenditures by salaries, benefits, purchased services, and supplies, and includes federal, state, and local revenues by source. The NPEFS collection includes data on all state-run schools from the 50 states, the District of Columbia, American Samoa, the Northern Mariana Islands, Guam, Puerto Rico, and the Virgin Islands. NPEFS data are used for a wide variety of purposes, including to calculate federal program allocations such as states' "average per-pupil expenditure" (SPPE) for elementary and secondary education, certain formula grant programs (e.g. Title I, Part A of the Elementary and Secondary Education Act of 1965 (ESEA) as amended, Impact Aid, and Indian Education programs). Furthermore, in addition to using the SPPE data as general information on the financing of elementary and secondary education, the U.S. Department of Education Secretary uses these data directly in calculating allocations for certain formula grant programs, including, but not limited to, title I, part A, of the ESEA, Impact Aid, and Indian Education programs. Other programs, such as the Education for Homeless Children and Youth program under title VII of the McKinney-Vento Homeless Assistance Act, and the Student Support and Academic Enrichment Grants under title IV, part A of the ESEA make use of SPPE data indirectly because their formulas are based, in whole or in part, on State title I, part A, allocations.

NCES's request to conduct the annual collection of state-level finance data for FY 2019-2021 was approved by the Office of Management and Budget (OMB) in August 2019 (OMB# 1850-0067 v.17). Subsequent packages (OMB# 1850-0067 v.18-19) cleared the Federal Register Notices for FY 19 and 20 data collections. OMB approved the revision of the FY 20 and FY 21 data collections as requested in two packages (OMB# 1850-0067 v.20-21). Per the approved Supporting Statement Part A, this submission provides a revised text of the Federal Register Notice to be published in December 2021 for the FY 2021 NPEFS collection and revisions to prior fiscal year reports. Within the U.S. Department of Education, this notice has been cleared by all relevant U.S. Department of Education offices (i.e., OS, OGC-DRS, OGC-PA, OUS, OPEPD, Budget, OM, ICCD, OCIO, OCR, and Exec Sec).

This submission updates Appendix A from its most recent revision (OMB# 1850-0067 v.19) by adding (a) a 2021 FRN to be published upon clearance of this submission, and (b) a new section Appendix A-4, containing all communication materials for the 2021 data collection. The 2021 documents were heavily modeled on the previously approved 2020 materials. The global and specific changes are documented on the next page, and the full text of the new materials follow. Specific changes are marked in red font.

The changes described in this document do not affect the last approved estimated response burden or the total cost to the federal government for this study.

DEPARTMENT OF EDUCATION

Submission of Data by State Educational Agencies; Submission Dates for State Revenue and Expenditure Reports for Fiscal Year 2021, Revisions to Those Reports, and Revisions to Prior Fiscal Year Reports

AGENCY: National Center for Education Statistics, Institute of Education Sciences, Department of Education.

ACTION: Notice.

SUMMARY: The Secretary announces dates for State educational agencies (SEAs) to submit expenditure and revenue data and average daily attendance statistics on ED Form 2447 (the National Public Education Financial Survey (NPEFS)) for fiscal year (FY) 2021, revisions to those reports, and revisions to reports for previous fiscal years. The Secretary sets these dates to ensure that data are available to serve as the basis for timely distribution of Federal funds. The U.S. Census Bureau is the data collection agent for this request of the Department of Education's National Center for Education Statistics (NCES). The data will be published by NCES and will be used by the Secretary in the calculation of allocations for FY 2022 appropriated funds.

DATES: SEAs can begin submitting data on Friday, January 31, 2022. SEAs are urged to submit accurate and complete data by Friday, March 25, 2022, to facilitate timely processing. The deadline for the final submission of all data, including any revisions to previously submitted data for FY 2020 and FY 2021, is Monday, August 15, 2022. Any resubmissions of FY 2020 or FY 2021 data by SEAs in response to requests for clarification, reconciliation or other inquiries by NCES or the Census Bureau must be completed as soon as possible, but no later than Tuesday, September 6, 2022. All outstanding data issues must be reconciled or resolved by the SEAs, NCES, and the Census Bureau as soon as possible, but no later than September 6, 2022.

ADDRESSES AND SUBMISSION INFORMATION: SEAs may mail ED Form 2447 to: U.S. Census Bureau, ATTENTION: Economic Reimbursable Surveys Division, 4600 Silver Hill Road, Suitland, MD 20746.

If an SEA's submission is received by the Census Bureau after August 12, 2022, the SEA must show one of the following as proof that the submission was mailed on or before that date:

1. A legibly dated U.S. Postal Service postmark.
2. A legible mail receipt with the date of mailing stamped by the U.S. Postal Service.
3. A dated shipping label, invoice, or receipt from a commercial carrier.
4. Any other proof of mailing acceptable to the Secretary.

If the SEA mails ED Form 2447 through the U.S. Postal Service, the Secretary does not accept either of the following as proof of mailing:

1. A private metered postmark.
2. A mail receipt that is not dated by the U.S. Postal Service.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, an SEA should check with its local post office.

SEAs may submit data online using the interactive survey form on the NPEFS data collection website at: <http://surveys.nces.ed.gov/ccdnpefs>. The NPEFS interactive survey includes a digital confirmation page where a personal identification number (PIN) may be entered. A successful entry of the PIN serves as a signature by the authorizing official. Alternatively, a certification form also may be printed from the website, signed by the authorizing official, and mailed to the Economic Reimbursable Surveys Division of the Census Bureau at the Washington, DC, address provided above, within five business days after submission of the NPEFS web interactive form.

Alternatively, SEAs may hand-deliver submissions by 4:00 p.m. Eastern Time on August 15, 2022, to: U.S. Census Bureau, Economic Reimbursable Surveys Division, 4600 Silver Hill Road, Suitland, MD 20746.

Cornman, Senior Survey Director, Financial Surveys, National Center for Education Statistics, Institute of Education Sciences, U.S. Department of Education, 550 12th Street, SW, Washington, DC 20202. SUPPLEMENTARY INFORMATION: Under section 153(a)(1)(I) of the Education Sciences Reform Act of 2002, 20 U.S.C. 9543(a)(1)(I), which authorizes NCES to gather data on the financing and management of education, NCES collects data annually from SEAs through ED Form 2447. The report from SEAs includes attendance, revenue, and expenditure data from which NCES determines a State's "average per-pupil expenditure" (SPPE) for elementary and secondary education, as defined in section 8101(2) of the Elementary and Secondary Education Act of 1965, as amended (ESEA) (20 U.S.C. 7801(2)).

In addition to using the SPPE data as general information on the financing of elementary and secondary education, the Secretary uses these data directly in calculating allocations for certain formula grant programs, including, but not limited to, title I, part A, of the ESEA, Impact Aid, and Indian Education programs. Other programs, such as the Education for Homeless Children and Youth program under title VII of the McKinney-Vento Homeless Assistance Act, and the Student Support and Academic Enrichment Grants under title IV, part A of the ESEA make use of SPPE data indirectly because their formulas are based, in whole or in part, on State title I, part A, allocations.

In January 2022, the Census Bureau, acting as the data collection

agent for NCES, will email ED Form 2447 to SEAs, with instructions, and will request that SEAs commence submitting FY 2021 data to the Census Bureau on Monday, January 31, 2022. SEAs are urged to submit accurate and complete data by Friday, March 25, 2022, to facilitate timely processing.

Submissions by SEAs to the Census Bureau will be analyzed for accuracy and returned to each SEA for verification. SEAs must submit all data, including any revisions to FY 2020 and FY 2021 data, to the Census Bureau no later than Monday, August 15, 2022. Any resubmissions of FY 2020 or FY 2021 data by SEAs in response to requests for clarification or reconciliation or other inquiries by NCES or the Census Bureau must be completed by Tuesday, September 6, 2022. Between August 12, 2022, and September 6, 2022, SEAs may also, on their own initiative, resubmit data to resolve issues not addressed in their final submission of NPEFS data by August 15, 2022. All outstanding data issues must be reconciled or resolved by the SEAs, NCES, and the Census Bureau as soon as possible, but no later than September 6, 2022.

In order to facilitate timely submission of data, the Census Bureau will send reminder notices to SEAs in June and July of 2022.

Having accurate, consistent, and timely information is critical to an efficient and fair Department of Education (Department) allocation process and to the NCES statistical process. The Department establishes Friday, August 15, 2022, as the final date by which the SEAs must submit data using either the interactive survey form on the NPEFS data collection website at: <http://surveys.nces.ed.gov/ccdnpefs> or [ED Form 2447](#). This date is established to ensure that the best, most accurate data will be available to support timely distribution of Federal education funds.

Any resubmissions of FY 2020 or FY 2021 data by SEAs in response to requests for clarification or reconciliation or other inquiries by NCES or the Census Bureau must be completed through the interactive survey form on the NPEFS data collection website or ED Form 2447 by Tuesday, September 6, 2022. If an SEA submits revised data after the final deadline that result in a lower SPPE figure, the SEA's allocations may be adjusted downward, or the Department may direct the SEA to return funds. SEAs should be aware that all of these data are subject to audit and that, if any inaccuracies are discovered in the audit process, the Department may seek recovery of overpayments for the applicable programs.

Note: The following are important dates in the data collection process for FY 2021 data and revisions to reports for previous fiscal years:

Date	Activity
January 31, 2022	SEAs can begin to submit accurate and complete data for FY 2021 and revisions to previously submitted data for FY 2020.
March 25, 2022	Date by which SEAs are urged to submit accurate and complete data for FY 2021 and FY 2020.
August 15, 2022	Mandatory final submission date for FY 2020 and FY

	2021 data to be used for program funding allocation purposes.
September 6, 2022	Mandatory final deadline for responses by SEAs to requests for clarification or reconciliation or other inquiries by NCES or the Census Bureau. All data issues must be resolved.

Dear _____:

The National Center for Education Statistics (NCES) requests your state’s continued participation in the Fiscal Year 2021 National Public Education Financial Survey (NPEFS). The U.S. Census Bureau will once again act as the collection agency on behalf of NCES. Your participation in this voluntary survey is important as the data are used to allocate federal funds for education. In addition, the data are widely published as the official data on revenues and expenditures for public education in your state.

We have several methods for you to use to report your survey data. Most of our respondents use the Internet reporting option and we encourage you to utilize this time and cost saving alternative. As a part of the Internet application, we also offer the Crosswalk software. All Crosswalk users may upload their table files on line. Each Crosswalk state that logs into the application will be immediately directed to the Crosswalk section of the application to begin the processing of your state’s files.

You may access the NPEFS questionnaire at <http://surveys.nces.ed.gov/ccdNPEFS/> beginning Monday, January 31, 2022. We have enclosed your new username and password, along with general instructions for accessing the Internet application. You may contact our office at the numbers given below if you would like a hard copy of the NPEFS questionnaire and reporting instructions. Crosswalk users will also find specific Crosswalk information and detailed instructions in a manual, also on-line.

Survey replies and data plans should be submitted directly to the Census Bureau by Friday, March 25, 2021, to facilitate timely processing. To request an extension, please contact the NPEFS staff at the U.S. Census Bureau, at 1(800) 437-4196 or (301) 763-1571. Please note that data submissions received after Monday, August 15, 2022 cannot be accepted for purposes of federal program allocations. Any resubmissions of FY 2020 or FY 2021 data by SEAs in response to requests for clarification, reconciliation or other inquiries by NCES or the Census Bureau must be completed by Tuesday, September 6, 2022. All outstanding data issues must be reconciled and/or resolved by the SEAs, NCES, and the Census Bureau prior to September 6, 2022. The Census Bureau address for Federal Express mailing, survey contact names, telephone numbers, and e-mail addresses are all located in the survey contact section of the instruction manual.

Fiscal Coordinators:

We will begin the fiscal year 2021 (FY 2021) National Public Education Financial Survey (NPEFS) processing in January 2022. We take this opportunity to invite states that are currently not in the Crosswalk program to consider working with the NPEFS staff to design a Crosswalk specific to your state's chart of accounts.

The NPEFS Crosswalk is one method for you to employ to translate your data from your state's chart of accounts into the federal format in order to produce the NPEFS report. This program promotes consistency, timeliness, and accuracy in the final data product resulting in timely distribution of funds. Please contact us if you wish to learn more about the NPEFS Crosswalk process.

The start of the Crosswalk processing cycle is timed to give current states the opportunity to make changes to their translation table and to add, delete or modify records for data allocations (data distributed to more than one category). The majority of states maintain their individual state records. If you need assistance while working with any of the Crosswalk features, please let us know as soon as possible. The Census Bureau and the Department of Education maintain high security standards and we will safeguard all password distributions.

To access our Web site, go to <http://surveys.nces.ed.gov/ccdnpefs>. If you have any questions or are interested in using the Crosswalk program for fiscal year 2022, please contact us via e-mail at govs.npefs.list@census.gov or phone (800) 437-4196 by August 1, 2022.

Sincerely,
