WASHINGTON, D.C.**

November 8, 2021

Sharon Block
Acting Administrator
Office of Information and Regulatory Affairs
Office of Management and Budget
Washington, D.C. 20503

Dear Dr. Block,

Pursuant to Office of Management and Budget (OMB) procedures established at 5 C.F.R. Part 1320, Controlling Paperwork Burdens on the Public, I request that Part 2 of proposed FERC Form No. 1000, OMB Control No. 1902-NEW, be processed as an Emergency Clearance Request in accordance with 5 C.F.R. 1320.13, Emergency Processing.

I have determined that this information must be collected prior to the time periods established under Part 1320 of the regulations and that this information is essential to implement agencies' health and safety measures regarding the federal employee medical exemption to the vaccination requirement included within recent Safer Federal Workforce Task Force Guidance for COVID-19 Mandatory Vaccinations. Government agencies have an urgent need to request medical exemption information with input from medical providers from federal employees. Applying regular Paperwork Reduction Act clearance procedures is likely to cause harm because of the threat of COVID-19 exposure and transmission (5 C.F.R 1320.13(c)).

Therefore, the Federal Energy Regulatory Commission (FERC or Commission) requests a 180-day emergency clearance to establish FERC Form No. 1000, Part 2, allowing individuals to request medical exemption with medical provider input from COVID-19 Mandatory Vaccinations. During the 180-day emergency approval, the Commission will work to establish a regular clearance submission of this information collection request under the Paperwork Reduction Act procedures. As this request for approval concerns an urgent safety need, the Commission is also seeking OMB's approval to waive the need for the Federal Register Notices otherwise required by 5 CFR 1320.5(a)(1)(iv) and 1320.8(d)(1) prior to publication and implementation of this disclosure.

We would appreciate if you could provide an approval/disapproval determination of this request to collect information under an emergency clearance by close of business on November 12, 2021.

Sincerely,

Anton C. Porter
Executive Director
