

Inc., San Antonio, TX  
*Contracting Activity:* OFFICE OF POLICY,  
 MANAGEMENT, AND BUDGET, NBC  
 ACQUISITION SERVICES DIVISION  
*Service Type:* Janitorial/Custodial  
*Mandatory for:* Department of the Treasury:  
 Birmingham Regional Financial Center,  
 Birmingham, AL  
*Mandatory Source of Supply:* Alabama  
 Goodwill Industries, Inc., Birmingham,  
 AL  
*Contracting Activity:* TREASURY,  
 DEPARTMENT OF THE, DEPT OF  
 TREAS/  
*Service Type:* Document Destruction  
*Mandatory for:* Social Security  
 Administration: 600 West Madison St.,  
 Chicago, IL  
*Mandatory Source of Supply:* Goodwill  
 Industries of Southeastern Wisconsin,  
 Inc—Deleted, Milwaukee, WI  
*Contracting Activity:* SOCIAL SECURITY  
 ADMINISTRATION, REGION 05—  
 RELOCATIONS  
*Service Type:* Grounds Maintenance  
*Mandatory for:* USCG, Chief of Staff Quarters,  
 Bethesda, MD  
*Mandatory for:* USCG, Commandant  
 Quarters, Kenwood, MD  
*Mandatory for:* USCG, Vice Commandant  
 Quarters, Bethesda, MD  
*Mandatory Source of Supply:* The Arc of  
 Montgomery County, Inc., Rockville, MD  
*Contracting Activity:* U.S. COAST GUARD,  
 U.S. COAST GUARD

## CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2009–0102]

### Collection of Information; Submission for OMB Review; Comment Request— Follow-Up Activities for Product- Related Injuries Including NEISS

**AGENCY:** Consumer Product Safety  
 Commission.

**ACTION:** Notice.

**SUMMARY:** As required by the Paperwork  
 Reduction Act of 1995, the Consumer  
 Product Safety Commission (CPSC)  
 announces that the CPSC has submitted  
 to the Office of Management and Budget  
 (OMB), a request for extension of  
 approval of a collection of information  
 previously approved under OMB  
 Control No. 3041–0029, on consumer  
 product-related injury data, and follow-  
 up activities for product-related injuries.  
 On October 8, 2019, CPSC published a  
 notice in the **Federal Register**  
 announcing the agency's intent to seek  
 this extension. CPSC made available a  
 copy of the supporting statement, "PRI

ICR 2019 60-day," under Supporting  
 and Related Materials in Docket No.  
 CPSC–2009–0102. CPSC received no  
 comments in response to that notice. By  
 publication of this notice, the  
 Commission announces that CPSC has  
 submitted to the OMB a request for  
 extension of approval of that collection  
 of information, without change.

**DATES:** Written comments on this  
 request for extension of approval of  
 information collection requirements  
 should be submitted by January 21,  
 2020.

**ADDRESSES:** Submit comments about  
 this request by email: [OIRA\\_](mailto:OIRA_submission@omb.eop.gov)  
[submission@omb.eop.gov](mailto:submission@omb.eop.gov) or fax: 202–  
 395–6881. Comments by mail should be  
 sent to the Office of Information and  
 Regulatory Affairs, Attn: OMB Desk  
 Officer for the CPSC, Office of  
 Management and Budget, Room 10235,  
 725 17th Street NW, Washington, DC  
 20503. In addition, written comments  
 that are sent to OMB also should be  
 submitted electronically at [http://](http://www.regulations.gov)  
[www.regulations.gov](http://www.regulations.gov), under Docket No.  
 CPSC–2009–0102.

**FOR FURTHER INFORMATION CONTACT:** For  
 further information or a copy of the  
 supporting statement contact: Bretford  
 Griffin, Consumer Product Safety  
 Commission, 4330 East-West Highway,  
 Bethesda, MD 20814; (301) 504–7037, or  
 by email to: [bgriffin@cpsc.gov](mailto:bgriffin@cpsc.gov).

**SUPPLEMENTARY INFORMATION:**

#### A. Background

Section 5(a) of the Consumer Product  
 Safety Act, 15 U.S.C. 2054(a), requires  
 the CPSC to collect information related  
 to the causes and prevention of death,  
 injury, and illness associated with  
 consumer products. That section also  
 requires the CPSC to conduct  
 continuing studies and investigations of  
 deaths, injuries, diseases, other health  
 impairments, and economic losses  
 resulting from accidents involving  
 consumer products.

The CPSC obtains information about  
 product-related deaths, injuries, and  
 illnesses from a variety of sources,  
 including newspapers, death  
 certificates, consumer complaints, and  
 medical facilities. In addition, the CPSC  
 receives information via its internet  
 website through forms reporting on  
 product-related injuries or incidents.  
 The CPSC also operates the National  
 Electronic Injury Surveillance System  
 (NEISS), which provides timely data on  
 consumer product-related injuries  
 treated in hospital emergency  
 departments in the United States. The  
 CPSC also uses the NEISS system to  
 collect information on childhood  
 poisonings, in accordance with the

Poison Prevention Packaging Act of  
 1970.

From these sources, CPSC staff selects  
 cases of interest for further  
 investigation, by contacting persons  
 who witnessed or were injured in  
 incidents involving consumer products.  
 These investigations are conducted on-  
 site (face-to-face), by telephone, or by  
 the internet. On-site investigations are  
 usually made in cases where CPSC staff  
 needs photographs of the incident site,  
 the product involved, or detailed  
 information about the incident. This  
 information also can come from contact  
 with state and local officials, including  
 police, coroners, and fire investigators,  
 and others with knowledge of the  
 incident.

Through interagency agreements, the  
 CPSC also uses the NEISS system to  
 collect information on injuries for the  
 Centers for Disease Control and  
 Prevention (CDC) under the NEISS All-  
 Injury Program (NEISS–AIP). The  
 NEISS–AIP is a sub-sample of  
 approximately two-thirds of the full  
 NEISS sample. In addition to the  
 standard data variables collected on all  
 NEISS injuries, the NEISS–AIP collects  
 additional variables on several studies  
 for CDC (Adverse Drug Events, Assaults,  
 Self-Inflicted Violence, and Work-  
 Related Injuries) and one study on non-  
 crash motor vehicle-related injuries for  
 the National Highway and  
 Transportation Safety Administration  
 (NHTSA). Additional special study  
 variables are collected for CDC in the  
 full NEISS sample for firearm-related  
 injuries.

The current NEISS probability sample  
 was drawn and recruited in 1995–1996  
 and implemented in 1997. Since then,  
 several of the selected hospitals have  
 stopped participating for reasons such  
 as closures and mergers with other  
 hospitals, and were replaced with other  
 purposively-selected hospitals. While  
 hospital weights are adjusted to account  
 for changes in the population of  
 hospitals over time, the current sample  
 of hospitals participating in NEISS is  
 being reviewed to assess their  
 representativeness. The selection  
 process may be revised in future years  
 in order to strengthen the quality and  
 representativeness of the estimates  
 generated by the NEISS–AIP. CPSC has  
 entered into a contract with Westat to  
 perform an independent statistical  
 assessment of the NEISS and NEISS–  
 AIP samples under CPSC contract  
 61320619F0134 with a period of  
 performance of September 27, 2019,  
 through September 26, 2020.

## B. NEISS Estimated Burden

The NEISS system collects information on consumer product-related incidents and other injuries from a statistical sample of 96 hospitals in the United States. Respondents to NEISS include hospitals that directly report information to NEISS, and hospitals that allow access to a CPSC contractor, who collects the data. Collecting emergency department records for review, correcting error messages, among other tasks, takes about 36 minutes per day. Each record takes about 30 seconds to review. Coding and reporting records that involve consumer products or other injuries takes about 2 minutes per record. Coding and reporting additional special study information (Adverse Drug Effects) takes about 2 minutes and 90 seconds per record for other special studies. Respondents also spend about 36 hours per year in related activities (training, evaluations, and communicating with other hospital staff).

In 2018, there were 130 NEISS respondents (total hospitals and CPSC contractors). These NEISS respondents reviewed an estimated 5.53 million emergency department records and reported 727,544 total cases (363,221 consumer product-related injuries for CPSC, and 364,323 other injuries for the NEISS-AIP). The table below lists the number of reported cases, and the number of reported cases with additional special study information.

Total NEISS Cases Reported	727,544
Consumer Product-Related Injuries .....	363,221
CDC NEISS-AIP .....	364,323

### Special Studies Reported (subset of above)

Child Poisoning (CPSC) .....	4,734
Adverse Drug Events (CDC) .....	36,858
Assaults (CDC) .....	32,990
Firearm-Related Injuries (CDC) .....	6,159
Self-Inflicted Violence (CDC) .....	9,106
Work-Related Injuries (CDC) .....	38,132
Motor Vehicle Non-Crash Injuries (NHTSA) .....	12,813

The total burden hours for all NEISS respondents are estimated to be 100,781 for 2018. The average burden hour per respondent is 775 hours. However, the total burden hour on each respondent varies due to differences in size of the hospital (e.g., small rural hospitals versus large metropolitan hospitals). The smallest hospital reported 82 cases with a burden of about 258 hours, while the largest hospital reported 47,801 cases with a burden of about 4,125 hours.

The total cost to NEISS respondents for 2018 was approximately \$3,391,000. NEISS respondents enter into contracts with CPSC and are compensated for these costs. The average cost per respondent is estimated to be about \$26,000. The average cost per burden hour is estimated to be \$33.65 per hour (including wages and overhead). However, the actual cost to each respondent varies, due to the type of respondent (hospital versus CPSC contractor), size of hospital, and regional differences in wages and overhead. Therefore, the actual annual cost for any given respondent may vary between \$3,048 at a small rural hospital, and \$329,690 at the largest metropolitan hospital.

## C. Other Burden Hours

In cases that require more information regarding product-related incidents or injuries, CPSC staff conducts face-to-face interviews with approximately 375 persons each year. On average, an on-site interview takes about 4.5 hours. CPSC staff also conducts about 175 in-depth investigations (IDIs) by telephone annually. Each telephone IDI requires about 20 minutes. CPSC staff is planning to conduct about 50 internet-based questionnaires per year, which require about 20 minutes each. The CPSC estimates 1,763 annual burden hours on these respondents: 1,688 hours for face-to-face interviews; 58 hours for in-depth telephone interviews, and 17 hours for internet-based questionnaires. CPSC staff estimates the value of the time required for reporting at \$36.77 an hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," March 2019: <https://www.bls.gov/new.release/ecec.toc.htm>). At this valuation, the estimated annual cost to the public is about \$64,826.

The total burden hours for the information collection is 102,544 (100,781 NEISS and 1,763 other), which is an increase of 21,334 hours. The increase in burden is due primarily to the increase in the number of emergency department charts being reviewed and coded since this collection of information was last approved by OMB in 2017.

This information collection request excludes the burden associated with other publicly available Consumer Product Safety Information Databases, such as internet complaints, Hotline, and Medical Examiners and Coroners Alert Project (MECAP) reports, which are approved under OMB control number 3041-0146. This information collection request also excludes the burden associated with follow-up

investigations conducted by other federal agencies.

### Abioye Mosheim,

Acting Secretary, Consumer Product Safety Commission.

## CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2010-0041]

### Collection of Information; Submission for OMB Review; Comment Request—Publicly Available Consumer Product Safety Information Database

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** As required by the Paperwork Reduction Act of 1995 (PRA), the Consumer Product Safety Commission (CPSC) announces that the CPSC has submitted to the Office of Management and Budget (OMB) a request for extension of approval of a collection of information for the Publicly Available Consumer Product Safety Information Database, previously under OMB Control No. 3041-0146. On October 8, 2019, the CPSC published a notice in the **Federal Register** announcing the agency's intent to seek this extension. CPSC made a copy of the supporting statement available under Supporting and Related Materials under Docket No. CPSC-2010-0041. CPSC received no comments in response to that notice. By publication of this notice, the Commission announces that CPSC has submitted to the OMB a request for extension of approval of that collection of information, without change.

**DATES:** Written comments on this request for extension of approval of information collection requirements should be submitted by January 21, 2020.

**ADDRESSES:** Submit comments about this request by email: [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov) or fax: 202-395-6881. Comments by mail should be sent to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for the CPSC, Office of Management and Budget, Room 10235, 725 17th Street NW, Washington, DC 20503. In addition, written comments that are sent to OMB, also should be submitted electronically at: <http://www.regulations.gov>, under Docket No. CPSC-2010-0041.
