Script for Non-Response Survey

Hello, my name is [name]. I am calling from [NOAA Fisheries or Contractor]. A few weeks ago, we sent you an economics survey concerning your commercial shrimping activity in 202X with vessel [Vessel Name] and registration number [Registration Number]. We want to make sure you received the survey.

1. Did you receive the 202X Economic Survey of Gulf State Shrimp License Holders?

Yes [continue]

No [ask for address to send to, then continue]

Participation in the survey is entirely voluntary, we respect your choice. With this non-response survey, we are trying to establish if we sent the survey to the right individuals. To do that, may we ask you three more simple questions?

Yes [continue]

No [Thank the respondent and terminate call.]

2. Did you commercially shrimp, i.e., sell harvested shrimp, in 202X? Yes/No

3. Please estimate the number of commercial shrimp trips you took in 202X? ____

4. (if cooperative) Why did you not complete and return the survey?

Thanks the respondent and terminate call.

NOAA's Southeast Fisheries Science Center (SEFSC) is collecting this economic information to improve its ability to conduct the analyses required by the Magnuson-Stevens Fishery Conservation and Management Act (MSA) and other applicable law. The SEFSC and the Gulf of Mexico Fishery Management Council will use this information to monitor, explain, and predict changes in the economic performance and impacts in the Gulf of Mexico shrimp fishery, including its state-water component. Among other things, this will enable fisheries managers and the public to more fully consider the economic effects of proposed and existing regulations for this important fishery.

A Federal agency may not conduct or sponsor, and a person is not required to respond to, nor shall a person be subject to a penalty for failure to comply with an information collection subject to the requirements of the Paperwork Reduction Act of 1995 unless the information collection has a currently valid OMB Control Number. The approved OMB Control Number for this information collection is 0648-0773 and its expiration data is XX/XX/20XX. Without this approval, we could not conduct this information collection. Public reporting for this information collection is estimated to be approximately 30 minutes per response for the full survey and 5 minutes per response for the very brief non-response survey, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the information collection. All responses to this information collection are voluntary.

Send comments regarding this burden estimate or any other aspect of this information collection, including suggestions for reducing this burden to the Southeast Fisheries Science Center, Attn: Dr. Christopher Liese, 75 Virginia Beach Drive, Miami, FL 33149 at (305) 365-4109, christopher.liese@noaa.gov or contact Felix Martin at (305) 361-4257, felix.martin@noaa.gov

We appreciate the confidential nature of the data being collected by this survey. The SEFSC will handle individual survey data as confidential business information and a form of protected personal information and will maintain the confidentiality of the information consistent with legal authorities available to it, including but not limited to the Privacy Act (5 U.S.C. Section 552a) and the Trade Secrets Act (18 U.S.C. Section 1905). The SEFSC will protect individual survey data from public disclosure to the extent permitted by law and it has instituted procedures to provide that protection.
