B.9 Submission of the Application-This screen identifies if the application is ready for submission.

B.9.1 If any issues are identified within the Lab Information, Lab Documents and Fee steps, the system will not allow the laboratory to submit the application until the issues have been resolved.

The screenshot shows the NVLAP Accreditation Application Submission interface. At the top, the NVLAP logo is visible. Below it, the breadcrumb navigation reads "Home > Accreditation Application > Submission". The main heading is "Accreditation Application for: TEST LAB - Vanda (777777-0)".

On the left side, there is a vertical menu titled "Accreditation for:" with the following items and their completion status:

- Voting System Testing (Selected)
- Instructions (Completed)
- Lab Information (Completed)
- Contacts (Completed)
- Scopes of Accreditation (Completed)
- Other Accreditation (Completed)
- Lab Documents (Completed)
- Fees (Not Completed)
- Submission in-progress (Not Completed)

The main content area is titled "Incomplete Application" and contains a red warning message: "Your Application is not ready for submission. Please complete the following issues to submit the application." Below this, a list of issues is shown:

1. There is an invalid information in Fees
  - o Please Select a Payment Option.

A "Back" button is located at the bottom right of the issue list.

B.9.2 Once all the issues with the application have been resolved, the Submission screen identifies the Conditions for Accreditation in which the laboratory agrees to abide by these terms and conditions, and their password is required to be provided to complete the submission.

#### Submission

By clicking Submit Application along with your password you agree to the following terms and conditions

To become accredited and maintain accreditation, a laboratory shall agree to comply with the following NVLAP conditions for accreditation:

- a. comply at all times with the NVLAP requirements for accreditation as set forth in NIST Handbook 150 and relevant technical documents, including any changes to those requirements;
- b. fulfill the accreditation procedure, especially to receive the assessment team and allow access to information, documents, and records;
- c. when the laboratory conducts activities at clients' sites, have arrangements to provide access to the assessment team;
- d. pay the fees charged to the applicant laboratory as determined by NVLAP, and maintain relevant financial agreements;
- e. participate in proficiency testing as required;
- f. follow NVLAP conditions for referencing accreditation status (see Annex A and Annex E);
- g. resolve all nonconformities;
- h. report to NVLAP within 30 days any significant changes relevant to its accreditation, in any aspect of its status or operation relating to:
  - o legal, commercial, organizational, or ownership status,
  - o organization, top management, or key personnel, including Authorized Representative and Approved Signatories,
  - o main policies,
  - o resources and location, including equipment, facilities, and working environment, where significant,
  - o scope of accreditation, or
  - o other matters that may affect the laboratory's ability to comply with the requirements of NIST Handbook 150 and/or relevant technical documents;
- i. return to NVLAP the Certificate of Accreditation and the Scope of Accreditation should it be requested to do so by NVLAP.

In addition to the confidentiality provisions of NIST Handbook 150 paragraph 1.7, NVLAP (administered by NIST) and the laboratory seeking accreditation acknowledge and agree that the accreditation assessments and proficiency testing work done by NIST/NVLAP is done in accordance with the authority granted to NIST by Title 15 United States Code Section 3710a. The Parties further agree that to the extent permitted by law, NIST will protect information obtained during application, on-site assessment, proficiency testing, evaluation, and accreditation from disclosure pursuant to Title 15 USC 3710a(C)(7)(A) and (7)(B) for a period of five (5) years after it is obtained.

For the first five years that laboratory information is held by NVLAP, both confidentiality provisions will be in force — NIST Handbook 150 and 15USC3710a. Information in NVLAP's possession for more than five years will continue to be held in confidence under the provision of NIST Handbook 150.

#### SUBMISSION AGREEMENT CONFIRMATION

As the applicant laboratory's **Authorized Representative**, I agree to the above conditions for accreditation. I attest that all statements made in this application are correct to the best of my knowledge and are made in good faith.

Biography

Ms. Hackett is currently a member of the Institute of Electrical and Electronics Engineers (IEEE), ANSI C63 Subcommittee 6: Accreditation and ASTM Committees C01: Cement, C09: Concrete and Concrete Aggregates, D04: Road and Paving Materials, and E36: Accreditation and Certification. She also is an approved ISO/IEC 17025 lead assessor.

Ms. Hackett serves as the Quality Manager with the National Voluntary Laboratory Accreditation Program (NVLAP). In her role as the quality manager, Ms. Hackett has the authority and responsibility for the implementation and monitoring of the NVLAP management system. She establishes and maintains the management system documentation, ensuring document control, chairs the NVLAP Quality Committee, as well as plans and coordinates the internal audits and management reviews, used for reporting on the performance of the management system and identifying improvements, in compliance with the requirements of ISO/IEC 17011.

Ms. Hackett is involved in the training and monitoring of the NVLAP assessors to ensure that quality laboratory assessments are continuously performed to ISO/IEC 17025 and to meet international requirements of recognized accreditation bodies.

Previously, Ms. Hackett served as a Program Manager in the NVLAP Electromagnetic Compatibility and Telecommunications (ECT) and Construction Materials testing programs. She provided assistance in the daily accreditation operations and served as a staff contact for laboratories performing EMC, Military Standards (MIL STD), Product Safety, Radio, RF Exposure, and Telecom testing, as well as the Aggregate, Concrete, Cement, Geotextiles, Road and Paving Materials, and Soil and Rock testing.

Ms. Hackett joined the NVLAP staff as Program Manager in December 2008. In January 2018, she transitioned to the Quality Manager position.

From May 1998 until December 2008, Ms. Hackett was employed by the American Association for Laboratory Accreditation (A2LA). During this employment, she began as a Laboratory Services Officer working with plastic and fastener testing labs. She was promoted to Senior Accreditation Officer, working with the Electromagnetic Compatibility (EMC) testing labs. She is also an approved ISO/IEC 17025 quality system auditor.

From June 1996 until May 1998, she was employed by AASHTO resource (formerly AASHTO Materials Reference Laboratory (AMRL)) where she worked as a Laboratory Inspector, in which she performed inspections of geotechnical and construction material testing laboratories for conformity to AASHTO and ASTM standards.

Ms. Hackett has a Bachelor of Science degree with a major in Chemical Engineering from The Pennsylvania State University in State College, PA.

D.7 Non-Conformity Report-The laboratory can see the results and status of the on-site assessment, including the status of any nonconformities cited, by selecting Open Report.

The screenshot shows the NVLAP web interface. The breadcrumb trail is: Home > Assessment > Non-Conformity Reports. The assessment title is "Assessment for: TEST LAB - Vanda (777777-0)". On the left, a sidebar lists "Accreditations" (Electromagnetic Compatibility & Telecommunications) and "Non-Conformity Reports" (selected). The main content area has a header "Non-Conformity Reports" and a sub-header "Click Open Report to open the On-Site Assessment Non-Conformity Report." Below this, a "Reports" section shows a report for "TEST LAB - Vanda (777777-0)" created on 31-Aug-21, with a status of "Open Non-Conformities: 1" and "No Closed Non-Conformities". A "Submitted on 08/31/2021" date and "Status: Open" label are also present. A "Back" button is at the bottom right.

D.7.1 Lab can view the nonconformity report and provide evidence of resolution to the nonconformity by selecting View/Manage Non-Conformity.

The screenshot shows the detailed view of a non-conformity report. The breadcrumb trail is: Home > Assessment > Non-Conformity Reports > On-Site Assessment Non-Conformity Report - 08/31/2021 07:52:31. The assessment title is "Assessment for: TEST LAB - Vanda (777777-0)". The page title is "On-Site Assessment Non-Conformity Report - 08/31/2021 07:52:31". The sidebar is the same as in the previous screenshot. The main content area has a sub-header "On-Site Assessment Non-Conformity Report - 08/31/2021 07:52:31" and a note: "In the Non-Conformities section below, please select the View/Manage Non-Conformity link to enter the response and upload objective evidence for each non-conformity." Below this, a "Summary" section lists: Report Status: Open; Type: On Site; Lab Name: TEST LAB - Vanda (777777-0); Lab Location: TEST LAB - Vanda, MD 20899, United States; Created: Bethany Hackett on 08/31/2021; Updated: Bethany Hackett on 08/31/2021; Submitted: Bethany Hackett on 08/31/2021; Acknowledged: Closed. A "Dates" section lists: Response Due Date, Notification Date, and Warning Sent Date. A "Non-Conformities" section has a "Total 1" and a "Submit Saved Response(s)" button. Below this, a "Finding 1: Non-Conformity" is listed with criteria "NIST HB 150-4.1.1" and a "View/Manage Non-Conformity" link. The status is "Non-Conformity Status: Open" and it was submitted by Bethany Hackett on 08/31/2021. A "Response submitted for this item." message is also present. At the bottom, there are "Acknowledge Non-Conformity Report" and "Close Report" buttons.

D.7.2 The lab uses the Non-Conformity Reports section to add evidence of resolution for the nonconformities cited, and any further inquiry for additional information.

The screenshot shows the 'Non-Conformities' section of a software interface. At the top, there are 'Dates' for 'Response Due Date', 'Notification Date', and 'Warning Sent Date'. Below this is a 'Non-Conformities' header with a 'Total 2' indicator and a 'Submit Saved Response(s)' button. A message states: 'Click on "View/Manage Non-Conformity" to view the full non-conformity detail and respond.' A specific finding is listed: 'Finding 1: Non-Conformity' with criteria 'NIST HB 150: 4.1.1'. The finding is marked as 'Non-Conformity Status: Open' and 'Submitted by Bethany Hackett on 08/31/2021'. A note indicates 'Missing response for this item.' The 'Non-Conformity 1 Detail' section shows the criteria: 'NIST HB 150: (4.1.1) The laboratory or the organization of which it is part shall be an entity that can be held legally responsible.' It also shows 'Test Method(s)', 'Other Criteria', 'Non-Conformity/ Comment: This is a test', and 'Type: Non-Conformity' with 'Is Repeat?: NO'. Below this is the 'Objective Evidence Inquiries/Responses' section, which contains two inquiries from 'NVLAP' asking for a copy of the procedure and information regarding the non-conformity. Each inquiry has a 'Respond to Inquiry' link and a submission history showing it was submitted and created by Bethany Hackett on 12/02/2021. At the bottom of the interface, there are buttons for 'Acknowledge Non-Conformity Report' and 'Close Report', and a 'Close View' button at the very bottom.

D.7.3 By selecting Respond to Inquiry, the laboratory can provide their response, which includes uploading the objective evidence of resolution for each nonconformity cited.

The screenshot shows the 'Edit Objective Evidence Response' form. It starts with the 'Objective Evidence Inquiries/Responses' section, which is identical to the one in the previous screenshot. Below this is the 'Edit Objective Evidence Response' section, which includes a warning: 'Enter your response in the appropriate fields below. Click "Save Response" while working on it. Click "Submit Response" when you have completed it. Response must be submitted prior to the due date.' The form contains three main input areas: 'Remarks:', 'Cause Analysis:', and 'Attachments:'. The 'Attachments:' section has two sub-sections: 'Uploaded Document(s):' which shows 'No document(s) uploaded...' and 'Upload Additional Document(s):' which has a drag-and-drop area with the text 'You can drag one or more files from your computer here'. At the bottom of the form, there are three buttons: '+ Add Document(s)', 'Cancel Upload', and 'Save Response'. Below these are two more buttons: 'Close Response' and 'Close View'.
