<u>SUPPORTING STATEMENT - PART A</u>

Application for Survivor Access Card – 0702-SACA

1. <u>Need for the Information Collection</u>

Section 562 of Public Law 109-163, commonly referred to as the National Defense Authorization Act for Fiscal Year 2006, directed the Department of Defense (DoD) to establish a uniform policy on casualty assistance that includes both short and long-term assistance for a deceased service member's eligible survivors. In 2007, the Army initiated the Survivor Outreach Services (SOS) Program. The program developed a case management system that integrates multiagency casualty assistance and long-term services for eligible survivors. SOS Program policies are outlined in Army Directive 2021-01.

Section 626 of the 2019 National Defense Authorization Act (Public Law 115-232) requires the implementation of procedures for access to military installations for those surviving spouses and next of kin. In accordance with these laws, Army Regulation 190-13, "The Army Physical Security Program," permits eligible Surviving Family members of deceased personnel to have unescorted access to Army installations via the Survivor Access Card (SAC). The SAC enables Surviving Family members to receive SOS and other services, attend events, view memorials, and similar activities. Eligible survivors are those who meet the eligibility criteria to receive the Gold Star Lapel Button or Next of Kin Lapel Button. The Gold Star Lapel Button is presented to Family members of Soldiers who die while deployed in support of Overseas Contingency Operations, or who die from wounds in theater. The Lapel Button, Next of Kin of Deceased Personnel (also referred to as the Next of Kin Lapel Button) is provided to Family members of armed service members who lost their lives while serving on active duty or while stationed in an Army Reserve or Army National Guard unit in a drill status (not in support of Overseas Contingency Operations). Eligible Survivors to receive the Gold Star Lapel Button or NOK Lapel Button include the following: widow or widower, parents, each child, stepchild, child through adoption, brother, half-brother, sister, half-sister or step-siblings. Survivors must first contact the installation level SOS support coordinator to verify eligibility and coordinate issuance of an installation access credential.

2. Use of the Information

Survivor Outreach Services (SOS) is a network of Department of Army Civilians serving as Survivor advocates. They facilitate support groups, provide life skills education, assist Survivors in managing applicable life-long benefit transition milestones, connect Survivors with counseling resources, represent the command in contacts with community organizations, and assist eligible Survivors with obtaining the Survivor Access Card (SAC) which grants Survivors ease of access to military installations to receive services, attend events, view memorials and similar activities.

Current procedures for obtaining a SAC directs the SOS staff members to assist Survivors in completing the application process for the SAC, verifying the Survivor's eligibility, and coordinating with the installation office responsible for issuing cards. The SAC is issued through the installation's Visitor Control Center.

The collection instrument, Application for Survivor Access Card (IMCOM Form 44), is obtained by eligible Surviving Family members from the SOS staff members. The collection instrument is completed in person by eligible Surviving Family members, SOS staff members and Physical Security Personnel. Eligible Surviving Family members are responding to the information collection to obtain the SAC which grants unescorted access onto Army installations to authorized facilities. The SOS staff member collects the information from the Surviving Family member and forwards the request to the local garrison Physical Security Office to conduct a National Crime Information Center Interstate Identification Index (NCIC-III) check. After an applicant is approved, a SAC is issued through the local identification card section or the Automated Installation Entry digital SAC is issued through the installation's Visitor Control Center.

3. <u>Use of Information Technology</u>

None. Applications are received from the Respondents by mail or by physical submission to the SOS staff members. Electronic submission is not available due to adequate technology security measures not yet being in place. Future plans to incorporate technology security measures on digital platforms will be coordinated and developed thus increasing percentage of electronic submissions.

4. <u>Non-duplication</u>

The information obtained through this collection is unique and is not already available for use or adaptation from another cleared source.

5. Burden on Small Businesses

This information collection does not impose a significant economic impact on a substantial number of small businesses or entities.

6. <u>Less Frequent Collection</u>

In addition to new applicants which are received on a rolling basis, Survivors are required to re-validate every three years to receive a new SAC in accordance with AR 190-13. The consequence of not re-validating their SAC is expiration of their access three years after issuance.

7. <u>Paperwork Reduction Act Guidelines</u>
