

In preparation for the upcoming Bi-annual and Annual updates to tobacco registration and product listing:

- Section 905(b) of the FD&C Act requires establishment registrations to be re-submitted annually on or before December 31st of each year
- Section 905(i)(3) of the FD&C Act requires that certain changes in the product list be submitted bi-annually; once during June and once during December
- For more information on the changes to product listing to be submitted bi-annually see the [Section 905 Food, Drug & Cosmetic Act Annual Registration Guidance](#)

To begin, log into your TRLM NG account to view and update your registration and product listing including material files prior to the deadline: December 31st, 2020 at 11:59pm EST.

## Register Your Tobacco Establishments & Products

Create an account to register your tobacco manufacturing establishment(s) and manage your product listing as per the FDA's Section 905 of the Food, Drug, and Cosmetic Act (FD&C Act).

[Create Account](#)

Rectangular Snip

**i** Notice: New legislation enacted on March 15, 2022, makes clear that FDA has the authority to regulate tobacco products containing nicotine from any source, including synthetic nicotine. The changes to the law take effect April 14, 2022.

Manufacturers of tobacco products containing nicotine not derived from tobacco (NTN) must ensure compliance with applicable requirements under the FD&C Act resulting from this law, such as:

- Register with FDA and list all NTN products that they manufacture, prepare, compound, or process for commercial distribution

Please see the [CTP Newsroom announcement](#).

## Getting Started

To get started, we need to ask you a few questions to determine whether your tobacco manufacturing establishments and the products you produce meet the requirements of section 905(b) of the Family Smoking Prevention and Tobacco Control Act.

In this section, we will ask you some basic questions about the location and operation of your tobacco manufacturing establishments. To complete this section, please have the address of each establishment you intend to register.

The information you enter in this section will not be saved until you complete the step 'Create Account'.

### Download Product Listing Template

#### Product Listing Template Instructions

1. After opening the TRLM Product Listing Template, enable your macros when prompted.
2. Select the Data tab below and enter a new row per product. Tobacco products that differ (i.e., flavor, size, packaging, nicotine levels, etc.) must be listed individually on separate rows. Do not include products which have already been added or uploaded to your TRLM product listing, as they will be flagged as duplicates. Each template can list up to 1,000,000 products. If your product listing exceeds 1,000,000, you must complete and upload multiple templates.
3. At a minimum, provide information in column B (Product Name), column E (Intended Use of Product), column F (Product Category), and column G (Product Sub-Category). Do not rearrange, delete or add columns to the template as the system will not accept your revised template.
4. When you have completed entering your product information, select "Validate Data" button in the TRLM NG ribbon.
5. Export the template to CSV by selecting the "Export to CSV" button in the TRLM NG ribbon. The system will not accept any other file formats. Proceed to step 2b as listed in the Products page to upload the completed product listing spreadsheet. For Mac users, refer to the Industry User Manual available on the "Need Help?" page for further instructions on how to save the template as a CSV file. For optimal user experience, it is recommended that users perform bulk upload of products using a Windows machine.
