Welcome to eSubmitter! An FDA Electronic Submissions Software Initiative

Overview: This software application enables electronic submission of regulatory information to FDA in an effort to automate the submission process. It contains a number of data capturing tools and helpful dialog boxes to reduce redundant responses, and to allow FDA to capture data in a more useful, structured format. These benefits enable Centers within the FDA to improve our review process and reduce lengthy review times.

Getting Started: To familiarize yourself with the eSubmitter application, see the "Getting Started" section of the "eSubmitter Quick Guide", which provides layout information as well as tips for navigating the Intro screen. In addition, the "eSubmitter Quick Guide" also provides information on creating a new submission through to the submission packaging process. The "eSubmitter Quick Guide" can be launched from the corresponding menu option on the left-hand side of this Intro screen.

Contact Us: Please email any questions or comments concerning this software application to the eSubmitter team at: esubmitter@fda.hhs.gov. Please be sure to include your name, company name and contact information in the email. Otherwise, for Regulatory questions, contact the appropriate office. See [Addresses and Contacts](#) for further details.

Application Updates: Updates in this software are automatic. These updates will occur, as available, if you are logged onto the Internet at the time that the application is launched.

Thank you again for us

Listing of Ingredients in Tobacco Products

On June 22, 2009, the President signed the Family Smoking Prevention and Tobacco Control Act (Tobacco Control Act) (Public Law 111-31) into law. Among its many provisions, the Tobacco Control Act added section 904 to the Federal Food, Drug, and Cosmetic Act (the act) (21 U.S.C. 387d), establishing requirements for tobacco product ingredient submissions. To view the Tobacco Control Act, see [Public Law citation \(Pub. Law 111-31\)](#).

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).

** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

You are in the **Product and Ingredient Listing** section. In this section you will enter each product and the ingredients in each product.

Please note: You can import Product and Ingredient information by populating data onto the import Excel spreadsheet templates. The import spreadsheet templates can be found under the Info button on the respective Product and Ingredient screens. They can be accessed by clicking the "Import Spreadsheet Template" link under the Import Method section.

How will you provide Product, Component, Ingredient, and Identical Product Information?

a) Enter product, component, and ingredient information manually on the following screens

b) Enter product and ingredient information using separate CTP-provided spreadsheets, and enter component information manually

c) Attach product, component, and ingredient information using a single CTP-provided spreadsheet

d) Attach your own spreadsheet

Further instructions will appear in this section upon selection of a response to the above question.

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here.

Data Entry Method:

1. To begin, click on the "Add" button to enter information about a product.
2. Then, advance to the next screen where all ingredients should be entered for the selected product. You should enter all ingredients for a given product.
3. Once you have entered all of the ingredient information for a product, you should return to this screen to list another product. If you do not need to list another product, you can continue to the next section after ingredients.

Import Method:

1. Click on the link ([Import Spreadsheet Template for Product Identification](#)) to launch the pre-formatted Excel spreadsheet.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click on the "List" button to view and verify the imported product(s) information.

STOP You have reached the end of this submission. You may now package the submission and transmit it to CTP via the CTP Portal or ESG or on CD-ROM in order to fulfill your requirements. Submission via the CTP Portal or the Electronic Submission Gateway provides secure transmission and enables the FDA to provide you with an automated acknowledgement of receipt.

At this time, you may save and close this submission to return to it at a later time. To do so, simply click Save and then Close from the File Menu or top Tool Bar. To re-open this submission after closing, select Open Existing Submission from the Intro Screen or Open from the File Menu.

If you would like to package this submission at this time in preparation for transmitting to FDA, please begin the packaging process by selecting Output > Package Files for Submission or by clicking the Package icon from the top toolbar. If any required data is missing, the packaging process will not begin and a Missing Data Report will be displayed. Please ensure that all required questions are completed and all applicable documents have been attached within the submission. Specific directions for packaging your submission can be found in the eSubmitter User Manual and/or Quick Guide.

If you would like to prepare another submission to fulfill other FDA requirements, please select "New" from the File Menu to begin compiling a new submission and be sure to select the appropriate submission type.

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).
** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Submission Type (Please ensure that all products under this submission meet the definition of the checked submission type. Click lightbulb for definitions)

- Type a: Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products)
- Type b: Initial submission per 904(c)(1) for new product(s)
- Type c: Initial submission per 904(c)(1) for modification to existing product(s)

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

How to Enter the Ingredient Information for each Product:
List all ingredients for the product that was entered and selected in the previous screen (displayed in the "Product" header above). To facilitate data entry, please enter reaction products after entering all other ingredients.

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here. *Please note: If you already have a spreadsheet from a previous submission, you can copy and paste your information into the spreadsheet below.*

Data Entry Method:

1. To begin, click on the "Add" button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the "Add" button to enter information about another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to enter another product. Select the next product in the List and advance to this screen to add the Ingredient information.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link. Then, click on the link ([Import Spreadsheet Template for Ingredient Identification Updates](#)) to launch the pre-formatted Excel spreadsheet.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click "List" to view and verify the imported product(s) information.

2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click "List" to view and verify the imported product(s) information.

To see these instructions again, you may click on the "Info" button above.

How to Enter the Ingredient Information for each Product:
List all ingredients for the product that was entered and selected in the previous screen (displayed in the "Product" header above). To facilitate data entry, please enter reaction products after entering all other ingredients.

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here. *Please note: If you already have a spreadsheet from a previous submission, you can copy and paste your information into the spreadsheet below.*

Data Entry Method:

1. To begin, click on the **"Add"** button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the **"Add"** button to enter information on another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to select a product.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation information.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right of the spreadsheet.
5. After all data is imported, you can click **"List"** to view and verify the imported product(s) information.

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).

** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here. *Please note: If you already have a spreadsheet from a previous submission, you can copy and paste your information into the spreadsheet below.*

Data Entry Method:

1. To begin, click on the **"Add"** button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the **"Add"** button to enter information about another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to enter another product. Select the next product in the List and advance to this screen to add the ingredient information.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link. Then, click on the link ([Import Spreadsheet Template for Ingredient Identification Updates](#)) to launch the pre-formatted Excel spreadsheet.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click **"List"** to view and verify the imported product(s) information.

1. To begin, click on the "Add" button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the "Add" button to enter information on another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to select the product.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation information.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of the spreadsheet.
5. After all data is imported, you can click "List" to view and verify the imported product(s) information.

To see these instructions again, you may click on the "Info" button above.

STEP You have reached the end of this submission. You may now package the submission and transmit it to CTP via the CTP Portal or ESG or on CD-ROM in order to fulfill your requirements. Submission via the CTP Portal or the Electronic Submission Gateway provides secure transmission and enables the FDA to provide you with an automated acknowledgement of receipt.

At this time, you may save and close this submission to return to it at a later time. To do so, simply click Save and then Close from the File Menu or top Tool Bar. To re-open this submission after closing, select Open Existing Submission from the Intro Screen or Open from the File Menu.

If you would like to package this submission at this time in preparation for transmitting to FDA, please begin the packaging process by selecting Output > Package Files for Submission or by clicking the Package icon from the top toolbar. If any required data is missing, the packaging process will not begin and a Missing Data Report will be displayed. Please ensure that all required questions are completed and all applicable documents have been attached within the submission. Specific directions for packaging your submission can be found in the eSubmitter User Manual and/or Quick Guide.

If you would like to prepare another submission to fulfill other FDA requirements, please select "New" from the File Menu to begin compiling a new submission and be sure to select the appropriate submission type.

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).
** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Below the header is a navigation bar with "Screen View" and "Confirmation: Instructions" tabs. The main body of the page displays the following breadcrumb navigation and text:

Introduction > Submitter Identification > Ingredient Listing > **Confirmation**

You are now in the **Confirmation** section. This section contains a confirmation statement, and requests additional contact and address information, as needed. Your last step in this section is to package your submission for transmission to the Center for Tobacco Products. The packaging process will validate that you have completed data entry.

At the bottom of the page, there is a footer with the text "CMS No: 0910-0650, Expiration Date: 5/31/2010". Below the footer is a navigation bar with three buttons: a left arrow, "Outline View", and a right arrow. The right arrow button is highlighted with a red rectangle.

The screenshot displays the eSubmitter v3 application window. The title bar reads "eSubmitter" and the menu bar includes "File", "Edit", "View", "Table", "Output", "Tools", and "Help". The toolbar contains various icons for file operations and navigation. The main content area is titled "Confirmation: Confirmation Statement" and includes a warning message: "Warning: A willfully false statement is a criminal offense, U.S. Code, title 18, section 1001." Below this, a text box contains the statement: "The data and information in this submission have been reviewed and, to the best of my knowledge, are certified to be true and accurate. I agree to report changes to this information as required under section 904(c) of the act." The form then prompts the user to "Identify the person submitting this form." and provides a dropdown menu. Below this, there is a section for "Contact Information" with fields for Prefix, First Name, Middle Name, Last Name, Generational Suffix, Generational Suffix, if Other, Professional Suffix, Position Title, and Email Address. There are also sections for "Telephone Number(s)" (0 of 4 items in the list) and "Fax Number(s)" (0 of 1 items in the list). At the bottom, there is a "Mailing Address" section and a navigation bar with "Outline View" and a right-pointing arrow button highlighted with a red box.

The screenshot shows the eSubmitter v3 application window. The title bar reads "eSubmitter". The menu bar includes "File", "Edit", "View", "Table", "Output", "Tools", and "Help". The toolbar contains various icons for file operations and navigation. The main content area is titled "Confirmation: Package Files for Submission" and contains the following text:

STEP You have reached the end of this submission. You may now package the submission and transmit it to CTP via the CTP Portal or ESG or on CD-ROM in order to fulfill your requirements. Submission via the CTP Portal or the Electronic Submission Gateway provides secure transmission and enables the FDA to provide you with an automated acknowledgement of receipt.

At this time, you may save and close this submission to return to it at a later time. To do so, simply click Save and then Close from the File Menu or top Tool Bar. To re-open this submission after closing, select Open Existing Submission from the Intro Screen or Open from the File Menu.

If you would like to package this submission at this time in preparation for transmitting to FDA, please begin the packaging process by selecting Output > Package Files for Submission or by clicking the Package icon from the top toolbar. If any required data is missing, the packaging process will not begin and a Missing Data Report will be displayed. Please ensure that all required questions are completed and all applicable documents have been attached within the submission. Specific directions for packaging your submission can be found in the eSubmitter User Manual and/or Quick Guide.

If you would like to prepare another submission to fulfill other FDA requirements, please select "New" from the File Menu to begin compiling a new submission and be sure to select the appropriate submission type.

At the bottom of the window, there is a navigation bar with a left arrow, a button labeled "Outline View", and a right arrow. The right arrow is highlighted with a red box. In the bottom right corner, the text "OMB No. 0910-0650, Expiration Date: 5/31/2010" is visible.

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).

** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here. *Please note: If you already have a spreadsheet from a previous submission, you can copy and paste your information into the spreadsheet below.*

Data Entry Method:

1. To begin, click on the **"Add"** button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the **"Add"** button to enter information about another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to enter another product. Select the next product in the List and advance to this screen to add the Ingredient information.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link. Then, click on the link ([Import Spreadsheet Template for Ingredient Identification Updates](#)) to launch the pre-formatted Excel spreadsheet.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click **"List"** to view and verify the imported product(s) information.

The screenshot shows the eSubmitter v3 application window. The title bar reads "eSubmitter". The menu bar includes "File", "Edit", "View", "Table", "Output", "Tools", and "Help". The toolbar contains icons for file operations (Save, Open, Print, etc.) and navigation (Home, Back, Forward, Refresh, Stop, Help). The main content area is titled "Confirmation: Package Files for Submission" and contains the following text:

STEP You have reached the end of this submission. You may now package the submission and transmit it to CTP via the CTP Portal or ESG or on CD-ROM in order to fulfill your requirements. Submission via the CTP Portal or the Electronic Submission Gateway provides secure transmission and enables the FDA to provide you with an automated acknowledgement of receipt.

At this time, you may save and close this submission to return to it at a later time. To do so, simply click Save and then Close from the File Menu or top Tool Bar. To re-open this submission after closing, select Open Existing Submission from the Intro Screen or Open from the File Menu.

If you would like to package this submission at this time in preparation for transmitting to FDA, please begin the packaging process by selecting Output > Package Files for Submission or by clicking the Package icon from the top toolbar. If any required data is missing, the packaging process will not begin and a Missing Data Report will be displayed. Please ensure that all required questions are completed and all applicable documents have been attached within the submission. Specific directions for packaging your submission can be found in the eSubmitter User Manual and/or Quick Guide.

If you would like to prepare another submission to fulfill other FDA requirements, please select "New" from the File Menu to begin compiling a new submission and be sure to select the appropriate submission type.

At the bottom of the window, there is a navigation bar with a left arrow, a button labeled "Outline View", and a right arrow. The right arrow is highlighted with a red box. In the bottom right corner of the window, the text "OMB No. 0910-0650, Expiration Date: 5/31/2010" is visible.

Submission Type

Please follow the instructions below to select submission status properly.

Initial submission per 904(a)(1) for product(s) on the market as of June 22, 2009 (for cigarettes, cigarette tobacco, RYO, and smokeless tobacco) or August 8, 2016 (for other tobacco products) - Complete all sections of the submission form, including Contact Information and Products and Ingredients.

Initial submission per 904(c)(1) for new product(s) - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include new products. Do not include a comprehensive list of all products.

Initial submission per 904(c)(1) for modification to existing product(s):

Initial submission per 904(c)(2) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to a new tobacco additive or increases in the quantity of an existing tobacco additive.

Initial submission per 904(c)(3) for modification to existing product(s)* - Complete all sections of the submission form, including Contact Information and Products and Ingredients. Only include products that are being modified due to eliminating or decreasing an existing additive, or adds or increases an additive.

Amendment to correct previous product ingredient submission(s)** - Perform a Save As to save the previously submitted submission with a new file name. Open the newly named file and make necessary updates to the submission product information.

*If modification to a product involves more than one ingredient and is subject to both 904(c)(2) and 904(c)(3) reporting requirements, treat the modification to the product as falling under 904(c)(2).

** If you are only reporting an update or correction to contact information, do not use this form. Instead, please submit a letter to FDA indicating the update or correction.

Please note: If you are discontinuing or resuming a discontinued product per 905(i)(3), you are required to submit an update to product list through 905 only and not 904. If you are adding a product, you must submit an update to product list per 905(i)(3) as well as submit an ingredient listing for this product under 904(c)(1).

If you are unsure how to submit your information to CTP (e.g., corrections), please contact the help desk at eSubmitter@fda.hhs.gov or by telephone at 1-877-CTP-1373.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

Statutory Requirements

The requirements under section 904(a)(1) of the act apply to each tobacco product manufacturer or importer. Domestic manufacturers are to submit the required ingredient information for products they manufacture and, for tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. This includes any tobacco product, whether for consumers or for further manufacturing.

Other provisions of the Tobacco Control Act pertinent to Ingredient Listing include Section 904(c) of the act.

Please note: For tobacco products that are imported, the required ingredient information is to be submitted by either the foreign manufacturer or the importer of the product. If you are reporting as an importer, and you are also a domestic tobacco product manufacturer, then you are also to submit the ingredient information for the products you manufacture. In this situation, you would submit twice - once as an importer and once as a tobacco product manufacturer.

For information regarding the section 904 requirements, please refer to the [Guidance: Listing of Ingredients in Tobacco Products](#).

How to Enter the Ingredient Information for each Product:
List all ingredients for the product that was entered and selected in the previous screen (displayed in the "Product" header above). To facilitate data entry, please enter reaction products after entering all other ingredients.

You may enter data directly into this screen using the data entry method. As an alternative to data entry, you may enter this information into a pre-formatted spreadsheet that CTP has specifically designed to be imported here. *Please note: If you already have a spreadsheet from a previous submission, you can copy and paste your information into the spreadsheet below.*

Data Entry Method:

1. To begin, click on the "Add" button to enter information on a particular ingredient.
2. Once you have entered the information about a particular ingredient, click on the "Add" button to enter information about another ingredient.
3. Repeat steps 1 and 2 until all ingredients have been entered for the product identified above.
4. After you have entered all ingredients for the selected product, return to the Product Identification screen to enter another product. Select the next product in the List and advance to this screen to add the ingredient information.

Import Method:

1. You **MUST** select a Submission Type (the first question of this form) prior to clicking the spreadsheet link. Then, click on the link ([Import Spreadsheet Template for Ingredient Identification Updates](#)) to launch the pre-formatted Excel spreadsheet.
2. Save the Excel spreadsheet file to an alternate location on your computer prior to filling in the requested information. You will need to navigate to the location of the file during the import process.
3. Note: Avoid changing the format of the spreadsheet as this may interfere with importing and the validation of the data.
4. Once you have entered the information into the spreadsheet, click the Import Data button on the top right corner of this screen next to the yellow light bulb and follow the import wizard.
5. After all data is imported, you can click "List" to view and verify the imported product(s) information.

To see these instructions again, you may click on the "Info" button above.

CTP Tobacco Product Manufacturer form

The screenshot displays the eSubmitter v3 application window. The title bar reads "eSubmitter". The menu bar includes "File", "Edit", "View", "Table", "Output", "Tools", and "Help". The toolbar contains various icons for file operations and navigation. The main window area shows a "Screen View" tab with the title "Confirmation: Package Files for Submission". The content area contains the following text:

STOP You have reached the end of this submission. You may now package the submission and transmit it to CTP via the CTP Portal or ESG or on CD-ROM in order to fulfill your requirements. Submission via the CTP Portal or the Electronic Submission Gateway provides secure transmission and enables the FDA to provide you with an automated acknowledgement of receipt.

At this time, you may save and close this submission to return to it at a later time. To do so, simply click Save and then Close from the File Menu or top Tool Bar. To re-open this submission after closing, select Open Existing Submission from the Intro Screen or Open from the File Menu.

If you would like to package this submission at this time in preparation for transmitting to FDA, please begin the packaging process by selecting Output > Package Files for Submission or by clicking the Package icon from the top toolbar. If any required data is missing, the packaging process will not begin and a Missing Data Report will be displayed. Please ensure that all required questions are completed and all applicable documents have been attached within the submission. Specific directions for packaging your submission can be found in the eSubmitter User Manual and/or Quick Guide.

If you would like to prepare another submission to fulfill other FDA requirements, please select "New" from the File Menu to begin compiling a new submission and be sure to select the appropriate submission type.

A "Warning" dialog box is open in the center of the screen, containing the following text:

Warning

You have reached the end of the Submission form. However, the report is incomplete due to missing data. Select the Missing Data Report from the Output menu to easily identify all missing responses.

Close

At the bottom of the application window, there is a navigation bar with a left arrow, a button labeled "Outline View", and a right arrow. The right arrow button is highlighted with a red rectangle. In the bottom right corner of the application window, the text "OMB No. 0910-0630, Expiration Date: 3/31/2010" is visible.
