

Survey (Attachment No.)	Modifications
Att 7a_Phase 1 Enrollment Survey B	The value option "Refuse to answer" has been added for most questions as it is not pre-programmed in REDCap as it was in QDS.
Att 7a_Phase 1 Enrollment Survey B Att 8a_Phase 2 Behavioral Survey Att 9a_Phase 2 Symptom and Care Survey	The value option "Don't know" has been added to several questions as it is not pre-programmed in REDCap as it was in QDS. Additionally, for consistency with value options indicating uncertainty in other questions, "unsure" and "don't remember" have been replaced with "don't know".
Att 7a_Phase 1 Enrollment Survey B	Instructions on how to complete the date field have been added to several questions to improve comprehension of the participant. The wording added is: <i>Please enter a month and year in MM/YYYY format. If you cannot remember the month, please just enter the year.</i>
Att 7a_Phase 1 Enrollment Survey B Att 9a_Phase 2 Symptom and Care Survey	Instructions on how to complete the date field have been added or edited in several questions to improve comprehension of the participant. <i>The wording added is: Please enter a day, month and year in MM/DD/YYYY format. If you cannot remember the exact day, please enter just the month and year.</i>
Att 7a_Phase 1 Enrollment Survey B Att 8a_Phase 2 Behavioral Survey Att 9a_Phase 2 Symptom and Care Survey	Value option added for second project site -Johns Hopkins University. This field is completed by research staff before participant begins survey. (not to be included in burden count)
Att 7a_Phase 1 Enrollment Survey B (English) (2016): Face Page Att 9a_Phase 2 HIV Symptom and Care Survey (2016), Face Page	This CSID variable is no longer required. Reprogramming in REDCap means that the database is now fully contained in one place, so this information is already there as it is captured via the tube. Minimizes the risk of data entry errors. (not to be included in burden count)
Att 7a_Phase 1 Enrollment Survey B	Start Time has been added so that the amount of time taken to complete the survey can be tracked. This field is completed by research staff before participant begins survey. (not to be included in burden count)
Att 7a_Phase 1 Enrollment Survey B	This question is no longer applicable. (not to be included in burden count)

<b>Att 7a_Phase 1 Enrollment Survey B</b>	Question has been modified to make clear what HIV status the participant is being asked about during the interview. This field is completed by research staff before participant begins survey. (not to be included in burden count)
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Value options added to account for the addition of JHU (second project site) and to update names of specific UW sites. Also, the “other, write in response” option does not require a separate question in REDCap platform; the previous FP-8 question from QDS platform is no longer needed. This field is completed by research staff before participant begins survey. (not to be included in burden count)
<b>Att 7a_Phase 1 Enrollment Survey B</b>	JHU project site is targeting additional risk groups therefore this question has been added so that the site can keep track. This question will only appear in JHU’s version of REDCap. This field is completed by research staff before participant begins survey. (not to be included in burden count)

<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>Edits were made to instruction for completing FP-10 and F-11. Also, instructions for entering date if month is unknown were added to end of question. This field is completed by research staff before participant begins survey. (not to be included in burden count)</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>Question is no longer needed as it is addressed by updating the instructions for completion of question FP-10 in 2021 version of survey. This field is completed by research staff before participant begins survey. (not to be included in burden count)</p>
<p><b>Att 8a_Phase 2 Behavioral Survey</b></p>	<p>[UW only] Value option added to the question to capture additional reason.  [JHU only] This survey will be administered at 4 weeks, 12 weeks, and Final visit. Therefore, the word "Final" will be removed from the question for JHU. And additional value options will be added beyond the options to capture additional reasons for visit.  This field is completed by research staff before participant begins survey. (not to be included in burden count)</p>

<b>Att 7a_Phase 1 Enrollment Survey B</b> <b>Att 9a_Phase 2 HIV Symptom and Care Survey</b>	For compliance with REDCap programming rules, a question was added after the paragraph on the purpose of the consent (storage of specimens) and the wording "yes" and "no" were added to the value options. This field is completed by research staff before participant begins survey. (not to be included in burden count)
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Wording of open-ended response option was edited and a write-in response option was added for capturing additional gender identities.
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Modified question for ease of comprehension by participant.

<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>Wording of open-ended response option was edited and a write-in response option was added for for identifying sexual partner.</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B Att 8a_Phase 2 Behavioral Survey</b></p>	<p>Revised "Latino" to read "Latinx"</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B Att 8a_Phase 2 Behavioral Survey</b></p>	<p>Edited the wording of the value option to "Another group or groups not listed" to improve comprehension of participants. Also, a write-in response value option was added for identifying additional race/ethnicity groups.</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>For JHU's use, an additional option has been included; this value option will only be visible in JHU's REDCap survey platform.</p>

<b>Att 7a_Phase 1 Enrollment Survey B</b>	Instruction for responding to this question clarified to include those with unknown status.
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Additional value options have been added to the question to capture additional possibilities that might result in HIV testing. Additionally, instructions to write in response for "Other" option has been added.

<b>Att 7a_Phase 1 Enrollment Survey B</b>	<p>Edits were made to wording of value options to improve comprehension of participants.</p> <p>An additional value option has been added to the question.</p> <p>Additionally, instructions to write in response for “Other” option has been added.</p>
<b>Att 7a_Phase 1 Enrollment Survey B</b>	<p>Edits have been made to the instructions to make clear who should respond to this question and how to complete the number field for this question.</p>
<b>Att 7a_Phase 1 Enrollment Survey B</b>	<p>Edits were made to the value options to improve comprehension of participants.</p>

<b>Att 7a_Phase 1 Enrollment Survey B</b>	Edits were made to the instructions for who should complete the question.
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Edits have been made to the instructions to make clear who should respond to this question.
<b>Att 7a_Phase 1 Enrollment Survey B</b> <b>Att 8a_Phase 2 Behavioral Survey</b>	Additional value options have been added to the question. Additionally, instructions to write in response for "Other" option has been added.

<p><b>Att 7a_Phase 1 Enrollment Survey B</b> <b>Att 9a_Phase 2 Symptom and Care Survey</b></p>	<p>Edits were made to value options to improve comprehension of participants.</p> <p>Additional value options have been added to the question.</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>Edits have been made to the instructions to make clear who should respond to this question. Added text: [If SY-1 ≠ 1 haven't experienced any of these symptoms in the last 3 months]</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b></p>	<p>Window period definition has been provided to improve comprehension of participant.</p>

<b>Att 7a_Phase 1 Enrollment Survey B</b>	Edits were made to value options to improve comprehension of participants.
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Additional value options have been added to the question. Additionally, instructions to write in response for "Other" option has been added.

<p><b>Att 7a_Phase 1 Enrollment Survey B</b>  <b>Att 8a_Phase 2 Behavioral Survey</b></p>	<p>Edits were made to the value options to improve comprehension of participants.</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b>  <b>Att 8a_Phase 2 Behavioral Survey</b></p>	<p>For Sexual Behavior Section, wording has been added to descriptors for clarity.</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b>  <b>Att 8a_Phase 2 Behavioral Survey</b></p>	<p>In Sexual Behavior Section, "I prefer not to answer" has been removed as a value option and replaced with the option to respond with any number starting from "0" to "N"</p>
<p><b>Att 7a_Phase 1 Enrollment Survey B</b>  <b>Att 8a_Phase 2 Behavioral Survey</b></p>	<p>Edited the wording of some value options to make more clear for the participants. The wording "Online" was edited to read "Online or on an app"</p>

<b>Att 7a_Phase 1 Enrollment Survey B</b>	Additional value options were added to the question. Additionally, write-in response was added to the "Other" option
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Wording of question has been edited to improve comprehension of participant
<b>Att 7a_Phase 1 Enrollment Survey B Att 8a_Phase 2 Behavioral Survey</b>	Wording of question has been edited to improve comprehension of participant. The wording, "this partner" has replaced "insert partner"
<b>Att 7a_Phase 1 Enrollment Survey B</b>	Wording of question has been edited to improve comprehension of participant
<b>Att 7a_Phase 1 Enrollment Survey B</b>	In Demographics 2 Section, "I prefer not to answer" has been removed as a value option.

<b>Att 7a_Phase 1 Enrollment Survey B</b>	End Time has been added so that the amount of time taken to complete the survey can be tracked. This field is completed by research staff before participant begins survey. (not to be included in burden count)
<b>Att 8a_Phase 2 Behavioral Survey</b>	<p>[UW only] Value option added to the question to capture additional reason.</p> <p>[JHU only] This survey will be administered at 4 weeks, 12 weeks, and Final visit. So, the word "Final" will be removed from the question for JHU. And additional value options will be added beyond the options to capture additional reasons for visit.</p> <p>This field is completed by research staff before participant begins survey. (not to be included in burden count)</p>
<b>Att 8a_Phase 2 Behavioral Survey</b>	[For JHU only] In STD History Section, the wording "first visit" or "first study visit" will be replaced with "most recent visit" to account for the use of the survey for the 4-week, 12-week, and final visits.
<b>Att 8a_Phase 2 Behavioral Survey</b>	[For JHU only] In Sexual Behavior Section, the wording "first visit" or "first study visit" will be replaced with "most recent visit" to account for the use of the survey for the 4-week, 12-week, and final visits.
<b>Att 8a_Phase 2 Behavioral Survey</b>	[For JHU only] In Sexual Behavior Section, JHU participants will not be completing partner-specific questions.
<b>Att 8a_Phase 2 Behavioral Survey</b>	[JHU only] Pre-Exposure Prophylaxis questions from Enrollment Survey (Att 7a) are added into Final Survey (Att 8a) to be asked of HIV-negative participants at each visit.
