

**CDC Model Performance Evaluation Program (MPEP) for *Mycobacterium tuberculosis*
Drug Susceptibility Testing**

Attachment 11

Aggregate Report Letter

Aggregate Report Letter

CDC Model Performance Evaluation Program (MPEP) for *Mycobacterium tuberculosis*
Drug Susceptibility Testing

Subject: (Month/Year) MPEP Final Results

Dear MPEP Participant,

The (Month/Year) MPEP Final Report is now available.

The report can be viewed on the MPEP Reports webpage. A pdf copy can be downloaded from the top of the (Month/Yar) Report page if you require a printed copy.

<https://www.cdc.gov/tb/topic/laboratory/mpep/reports.htm>

The aggregate report is prepared in a format that will allow laboratories to compare their results with results obtained by other participants for the same isolates using the same method(s) and drugs. We encourage you to circulate this report to personnel who are involved with drug susceptibility testing, reporting, or interpretation of results for MTBC isolates.

If you have any comments or suggestions on the results in this report or have questions regarding the changes in this program, you may contact us at TBMPEP@CDC.GOV.

Thanks,

TB MPEP Team
