The purpose of the Annual Grant Reports is to:

- Provide the Centers for Medicare and Medicaid Services (CMS) with a better understanding of the States' progress towards planning and/or implementing several of the Patient Protection and Affordable Care Act (PPACA) market reforms under Part A of Title XXVII of the Public Health Service Act (PHS Act) funded through this grant program over the past year
- Provide States participating in the State Flexibility to Stabilize the Market Cycle II Grant
 Program with the opportunity to share information, highlight successes and reflect upon the
 progress of their programs

Grant Performance Period: September 15, 2021- September 14, 2023

The provisions in Part A of title XXVII of the PHS Act include market-wide reforms in the group and individual private health insurance markets intended to protect consumers, increase transparency, and regulate health insurance industry practices.

One of the goals of the State Flexibility to Stabilize the Market Cycle II Grant is to provide States with the opportunity to ensure their laws, regulations, and procedures are in line with Federal requirements and that States are able to effectively oversee and enforce the identified PHS Act title XXVII Part A market reforms and consumer protections with respect to health insurance issuers.

States are required to submit an annual progress report to CMS's State Flexibility to Stabilize the Market Cycle II Grant Program. The annual progress report summarizes the significant advancements made towards the State's goal of planning and/or implementing the pre-selected market reforms provisions under Part A of Title XXVII of the PHS Act, over the course of the Grant Program.

Funding under the State Flexibility Cycle II Grant Program is available to States for activities related to planning and implementing the following provisions of Part A of title XXVII of the PHS Act:

Section 2702 – Guaranteed Availability of Coverage

Section 2703 – Guaranteed Renewability of Coverage

Section 2707 – Non-discrimination under Comprehensive Health Insurance Coverage (Essential Health Benefits Package)

The annual report is due 120 days following the end of a 12-month period. For example, the annual report is due by January 12, 2023. All annual reports must be submitted electronically through the Health Insurance Oversight System (HIOS). For the final grant year, the final report will replace the annual report.

The following reporting guidelines are intended as a framework and can be modified when agreed upon by the CMS and the State. A complete annual progress report must detail how grant funds are being utilized, describe program progress, barriers, and provide an update on the measurable objectives of the grant program.
