

Trauma Informed System Change Instrument

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN

The purpose of this information collection is to identify teacher practices for supporting children's social-emotional development and to identify training and implementation factors that may enhance these practices. Public reporting burden for this collection of information is estimated to average 10 minutes per respondent, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. Additionally, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The OMB number for this information collection is OMB Control #: XXXX-XXXX and it expires on [DATE]. If you have any comments on this collection of information, please contact [NAME AND CONTACT INFORMATION].

As part of the evaluation of this project, we are tracking system change at an individual teacher level and at an organizational level. Please complete the following to help us understand your perception of change needed in these areas.
