PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) STATEMENT OF PUBLIC BURDEN: The National Human Trafficking Hotline collects information about signalers (individuals who contact the hotline) and from signalers regarding potential victims of a severe form of trafficking in persons and human trafficking cases in order to: ensure potential victims of trafficking remain able to access assistance; disseminate insights related to human trafficking cases and trends to inform anti-trafficking strategies and policies; provide information to Congress, other federal agencies, stakeholders, the public, and other countries on the aggregate outputs and outcomes of the NHTH operations, and; to fulfill its grant reporting requirements to the Department of Health and Human Services (HHS). Public reporting burden for this collection of information is estimated to average .4333 hours per signaler, including the time for explaining the reason for contacting the hotline, providing relevant details about potential trafficking concerns, and time to receive referrals. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. If you have any comments on this collection of information, please contact Vera Kiefer, ACF Office on Trafficking in Persons, by email at Vera.Kiefer@acf.hhs.gov.
