Persons are not required to respond to this collection of information unless it displays a valid OMB control number. Public reporting burden for this collection of information includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Submission is required to obtain or retain benefits under SSA 303(a) (6). Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the U.S. Department of Labor, Office of Unemployment Insurance, Room S-4524, 200 Constitution Ave., NW, Washington, DC, 20210.

B. Purpose

State Workforce Agencies (SWAs) should withdraw from the Unemployment Trust Fund only amounts sufficient to pay benefit checks or warrants actually issued in accordance with

the Treasury-State Agreement executed under the Cash Management Improvement Act of 1990. The electronic funds transfer system used by the Trust Funds Branch in the U.S. Treasury permits fund requests received by noon eastern time to be deposited and available in the state's benefit payment account usually by the following day. The ETA 8401 is a record of benefit payment account transactions recorded in the books of each state. The ETA 8401 allows the National Office and the SWAs to monitor the amount of monies kept in the benefit payment account.

C. Due Date and Transmittal

This report will be submitted electronically and is due in the National Office the 1st day of the second month after the month reported. January reports are due the 1st of March.

D. General Reporting Instructions

All transactions in the benefit payment account are to be reported through the ETA 8401 except for benefits/payments made for Trade Readjustment Assistance (TRA) and Alternative Trade Adjustment Assistance (ATAA) programs. Data used in preparing the ETA 8401 report must be obtained from the books of the state employment security agency. If benefit payment accounts are maintained in more than one bank, a separate report is to be prepared for each account.

The beginning balance, item 1, should agree with the ETA 2112 balance brought forward, line 1, column F. The ending balance should agree with line 46, column F (see instructions for the ETA 2112). If there is more than one benefit payment account, the sum of all ETA 8401 information should be used to compare with ETA 2112 information. The ETA National Office will compare balances reported on the ETA 8401 with the balances reported on the ETA 2112. All differences must be reconciled timely.

Only whole dollar figures should be reported.

Edit checks can be found in Handbook 402, Unemployment Insurance Required Reports User's Manual, Appendix C.
