

PRIVACY THRESHOLD ANALYSIS (PTA)

This form serves as the official determination by the DHS Privacy Office to identify the privacy compliance requirements for all Departmental uses of personally identifiable information (PII).

A Privacy Threshold Analysis (PTA) serves as the document used to identify information technology (IT) systems, information collections/forms, technologies, rulemakings, programs, information sharing arrangements, or pilot projects that involve PII and other activities that otherwise impact the privacy of individuals as determined by the Chief Privacy Officer, pursuant to Section 222 of the Homeland Security Act, and to assess whether there is a need for additional Privacy Compliance Documentation. A PTA includes a general description of the IT system, information collection, form, technology, rulemaking, program, pilot project, information sharing arrangement, or other Department activity and describes what PII is collected (and from whom) and how that information is used and managed.

Please complete the attached Privacy Threshold Analysis and submit it to your component Privacy Office. After review by your component Privacy Officer the PTA is sent to the Department's Senior Director for Privacy Compliance for action. If you do not have a component Privacy Office, please send the PTA to the DHS Privacy Office:

Senior Director, Privacy Compliance
The Privacy Office
U.S. Department of Homeland Security
Washington, DC 20528
Tel: 202-343-1717

PIA@hq.dhs.gov

Upon receipt from your component Privacy Office, the DHS Privacy Office will review this form and assess whether any privacy compliance documentation is required. If compliance documentation is required – such as Privacy Impact Assessment (PIA), System of Records Notice (SORN), Privacy Act Statement, or Computer Matching Agreement (CMA) – the DHS Privacy Office or component Privacy Office will send you a copy of the relevant compliance template to complete and return.

SPECIFIC IC/Forms PTA QUESTIONS

1. Purpose of the Information Collection or Form

- a. Describe the purpose of the information collection or form. *Please provide a general description of the project and its purpose, including how it supports the DHS mission, in a way a non-technical person could understand (you may use information from the Supporting Statement).*
If this is an updated PTA, please specifically describe what changes or upgrades are triggering the update to this PTA.

September 2021 PTA Update:

USCIS is submitting this PTA update due to the forthcoming expiration of the previous PTA and an extension request pertaining to its OMB Control Number and Paperwork Reduction Act (PRA) requirements. There are no substantive changes to the form or the information collection.

The purpose of the Form I-129F, Petition for Alien Fiancé(e), is for U.S. citizens wishing to bring their fiancé(e) (K-1 visa) and that person's children (K-2 visa) to the U.S. for marriage to the petitioner or to bring their spouse and that person's children (K-3 and K4 visas, respectively) to the United States to complete processing for permanent resident status. Generally, to file the petition, the U.S. citizen and fiancé(e) must establish that they have met in person within the past two years, be legally free to marry, have filed or are filing a Form I-130, and intend to marry within 90 days of the beneficiary's entry.

The Form I-129F is also used by the Department of State (DOS). The U.S. citizen sponsor files the Form I-129F with the USCIS office that serves the area where they live and after USCIS approves the petition, it is sent to the National Visa Center. The National Visa Center will assign a case number and send the petition to the U.S. Embassy or Consulate where the fiancé(e) lives. The Embassy or Consulate will interview the fiancé(e) and any eligible children for the appropriate K visa. The Form I-129F petition is valid for four months from the date of approval by USCIS. A DOS consular officer can extend the validity of the petition if it expires before visa processing is completed.

No changes are being requested for this revision.

Relevant IT system

Form I-129F is adjudicated in CLAIMS 3 and is stored in the beneficiary's A-File.

DHS Privacy Office Comments:

Please describe rationale for privacy compliance determination above.

USCIS is submitting this PTA update due to the forthcoming expiration of the previous PTA and an extension request pertaining to its OMB Control Number and Paperwork Reduction Act (PRA) requirements. There are no substantive changes to the form or the information collection.

The DHS Privacy Office (PRIV) finds that Form I-129F is privacy sensitive as it collects PII from members of the public.

PRIV agrees with USCIS Privacy that PIA coverage is provided by DHS/USCIS/PIA-016(a) Computer Linked Application Information Management System and Associated Systems, which covers the processing and adjudication of Form I-129F.

PRIV finds that SORN coverage is required as information is retrieved by personal identifier. PRIV agrees with USCIS Privacy that SORN coverage is provided by DHS/USCIS/ICE/CBP-001 Alien File, which covers the collection of information for the purpose of administering benefits through an applicant’s immigration process; DHS/USCIS-007 BIS, which covers the processing and adjudicative data collected in CLAIMS 3 that may not be contained in an applicant’s A-File; and DHS/USCIS-018 Immigration Biometric and Background Check, which covers the collection, use, and maintenance of biometric information.

A Privacy Act Statement has been submitted and approved with this PTA.
