**TO:** Sharon Block  
Official Performing the Delegated Duties of Administrator, OIRA  
Office of Information and Regulatory Affairs  
Office of Management and Budget

**THROUGH:** Eric Hysen  
Chief Information Officer  
Department of Homeland Security

**FROM:** Samantha Deshommnes  
Chief, Regulatory Coordination Division  
USCIS Office of Policy and Strategy

**SUBJECT:** Request for Office of Management and Budget Emergency Clearance of Information Collection Requests Related to the Withdrawal of the Final Rule Titled *Modification of Registration Requirement for Petitioners Seeking To File Cap-Subject H-1B Petitions* (RIN 1615-AC61)

**Purpose:** USCIS is requesting emergency approval of two information collections under 5 CFR 1320.13: Form I-129, Petition for Nonimmigrant Worker (1615-0009) and H-1B Registration Tool (1615-0144).

**Background:** On January 8, 2021, after going through notice and comment rulemaking, the Department of Homeland Security (DHS) issued a final rule titled *Modification of Registration Requirement for Petitioners Seeking To File Cap-Subject H-1B Petitions* (“H-1B Selection Final Rule”).<sup>1</sup> The rule was scheduled to go into effect on March 9, 2021. On February 8, 2021, DHS issued a final rule delaying the effective date of the H-1B Selection Final Rule to December 31, 2021.<sup>2</sup> That rule also delayed changes to the information collections associated

with that rule. On March 19, 2021, Plaintiffs in ongoing litigation moved to file an amended complaint in the U.S. District Court for the Northern District of California adding the H-1B Selection Final Rule to the list of challenged agency actions,<sup>3</sup> which the court granted leave to file on April 15, 2021.<sup>4</sup> Following several months of litigation, on September 15, 2021, the court vacated the H-1B Selection Final Rule and remanded the matter to DHS.<sup>5</sup> Following the vacatur DHS and DOJ deliberated regarding the possibility of appeal but ultimately decided against an appeal.<sup>6</sup>

DHS is moving to fully comply with the court's decision vacating the H-1B Selection Final Rule. Therefore, since regulatory changes promulgated through the H-1B Selection Final Rule are scheduled to be codified in the Code of Federal Regulations (CFR) at 8 CFR 214.2 on the rule's new effective date, December 31, 2021, DHS is issuing a rule to withdraw the vacated H-1B Selection Final Rule. The withdrawal rule will have an immediate effective date. To prevent the information collection changes associated with the H-1B Selection Final Rule from going into effect on December 31, 2021, DHS is seeking emergency processing to reverse the changes made by that rule in order to fully comply with the court's vacatur of the that rule.

**Discussion:** Pursuant to 44 U.S.C. 3507(j)(1)(B) and 5 CFR 1320.13, DHS is requesting that the Administrator approve modifications to the instruments under the impacted information collections. USCIS certifies that the requirements of 5 CFR 1320.13(a)(1) are met and that:

- The subject collections of information are needed immediately and are essential to the mission of the agency; and
- The agency cannot reasonably comply with the normal collection procedures because the use of normal clearance procedures is reasonably likely to prevent or disrupt the collection of information or is reasonably likely to cause a court ordered deadline to be missed.

If DHS were to follow the normal information collection clearance procedures, DHS would be unable to fully comply with the court's vacatur and would generate significant confusion among the regulated public regarding which regulatory and information collection requirements associated with DHS regulations governing the administration of the H-1B numerical allocations are in place for the upcoming FY 2023 cap season.
