17. Writing and Submitting Narratives of Social and Economic Disadvantage When Applying for DBE Certification Based on an Individualized Showing of Disadvantage

The DBE program is intended to be as inclusive as possible while still remaining narrowly tailored. Individuals who are not members of groups whose members are presumed socially and economically disadvantaged may still qualify for DBE certification. Appendix E of the regulation states that to demonstrate their eligibility, these individuals must submit a narrative describing the individual's experiences of social disadvantage and a separate narrative in which the individual describes why the individual is economically disadvantaged. This information collection is critical for ensuring that only fully qualified firms receive DBE certification.

Respondents: DBE certification applicants whose owners are not presumed socially and economically disadvantaged under the DBE regulation.

Number of Respondents: 264.

Frequency: Once.

Number of Responses: 264.

Total Annual Burden: 90 hours and \$8,000.

SUPPLEMENTARY INFORMATION: All five collections were previously approved under one OMB Control Number to allow DOT to more efficiently administer the DBE program. The information to be collected is necessary because it helps to ensure that State and local recipients that let federally funded contracts carry out their mandated responsibility to provide a level playing field for small businesses owned and controlled by socially and economically

disadvantaged individuals. We are required to publish this notice in the **Federal Register** by the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended (Pub. L. 104-13).

OMB Control Number: 2105-0510.

Title: Disadvantaged Business Enterprise Program Collections.

Form Numbers: Not applicable.

Type of Review: Renewal of an information collection.

Background: DOT's DBE program is mandated by statute, including Section 1101(b) of the Fixing America's Surface Transportation Act (FAST Act) (Pub. L. 114-94) and 49 U.S.C. 47113. The Department's final regulations implementing these statutes are 49 CFR parts 23 and 26. The program is implemented by recipients of DOT financial assistance (State highway agencies, transit authorities, and airports).

The "Uniform Report of DBE Awards or Commitments and Payments" is necessary for the Department to be able to carry out its oversight responsibilities. It implements statutory reporting requirements and 49 CFR 26.11 and 26.47.

The "Uniform Certification Application Form" is required under 49 CFR 26.83(c)(2) and is necessary for determining whether a particular firm qualifies for DBE certification.

The "Annual Affidavit of No Change" is mandated under 49 CFR 26.83(j) and is necessary to ensure the integrity of the DBE program that requires DBEs annually state that they remain eligible for the program.

The "Personal Net Worth Form" is necessary to implement the requirement found in 49 CFR 26.67(a)(2) that a firm applying for DBE status must certify that the personal net worth of the disadvantaged owner(s) on whom the firm relies for certification eligibility does not exceed the current limit of \$1.32 million.

The "Percentages of DBEs in Various Categories" collection is necessary to implement a long-standing statutory requirement calling on States to report annually, a list of small businesses certified as DBEs that are owned and controlled by socially and economically disadvantaged individuals, most recently included at section 1101(b)(4)(A) and (B) of the FAST Act. Submission of this information will also satisfy 49 CFR 26.11(e).

The information collections support one of DOT's strategic objectives of mission efficiency and support. The collection also helps ensure that State and local recipients that let federally funded contracts carry out their

mandated responsibility to ensure that only eligible small businesses owned and controlled by socially and economically disadvantaged individuals may compete for such contracts.
