2 **Public reporting** burden for this collection of information is estimated to average 5.0 hour. This includes the time for collecting,
3 reviewing, and reporting the data. The information is being collected to obtain the supportive documentation that must be submitted
4 to HUD for approval, and is necessary to ensure that viable projects are developed and maintained. The Department will use this
5 information to determine if properties meet HUD requirements with respect to development, operation and/or asset management, as
6 well as ensuring the continued marketability of the properties. This agency may not collect this information, and you are not required
7 to complete this form unless it displays a currently valid OMB control number.

9 **Warning:** Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of
10 the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

11
12 **Privacy Act Notice:** The Department of Housing and Urban Development, Federal Housing Administration, is authorized to collect
13 the information requested in this form by virtue of: The National Housing Act, 12 USC 1701 et seq. and the regulations at 24 CFR
14 5.212 and 24 CFR 200.6; and the Housing and Community Development Act of 1987, 42 USC 3543(a). The information requested

18
19 **INSTRUCTIONS:**

20 The narrative is a document critical to the **Change of Ownership Review** transaction process
21 (formerly known as a transfer of physical assets or TPA transactions) that include, but are not
22 limited to, transactions demonstrating the following characteristics:

- 23
24 a. The sale and conveyance by deed of title to a property that has a mortgage insured or held by
25 HUD and necessitates a substitution of Borrowers.
26
27 b. The transfer/change of an entity having a controlling interest in a property that has a
28 mortgage insured or held by HUD.
29
30 c. Transactions with a change of Internal Revenue Services (IRS) Reporting Structure (e.g., a
31 Borrower converts from a limited partnership to a limited liability company, but all principals
32 remain the same and the Tax Identification Number (TIN) is not changing).

33
34 If a change of ownership entities/structure will be completed in conjunction with a Section 232
35 refinance under Section 223(a)(7) of the National Housing Act, **do not use this form**. The
36 required exhibits for processing the transaction are listed on the Section 223(a)(7) Firm
37 Application Checklist posted on the Section 232 Program website. A change to ownership
38 entities/structure is also possible prior to the final closing of an insured note for new FHA
39 mortgage insurance; however, please discuss with the ORCF Closer assigned. Depending on the
40 extent of the change, ORCF may choose to reprocess the application for mortgage insurance or
41 require submission of this Change of Ownership application.

42
43 If this transaction includes a change of Operator and/or Management Agent in conjunction with
44 the **Change of Ownership Review** application, those transactions may be combined with this
45 submission. Where applicable, please provide additional documentation for those transactions;
46 there is no need to complete separate applications for a change of Operator and/or Management
47 Agent. However, if the subject transaction is for a **Change of Operator** and/or **Change of**
48 **Management Agent** and does not involve a **Change of Ownership** transaction as described

49 above, **do not use this form**. For further description of these requirements, please refer to
50 Chapters 7 and 8 of the Section 232 Handbook 4232.1, Section III Asset Management.

51
52 The corresponding **Change of Ownership Review Checklist** provides instructions that
53 determine the level of review required to approve the transaction. Your response to a few
54 questions will generate a **Transaction Determinant Code** (e.g., ①②③④⑤) that identifies the
55 documents required for submission with this application. This Transaction Determinant Code
56 also identifies the sections of this Lender Narrative that must also be completed. Each of these
57 sections of the narrative and all of the questions in these sections marked with the corresponding
58 Transaction Determinant Code must be completed and answered. If the lender disagrees and
59 modifies any third-party report conclusions, sufficient detail to justify the change must be
60 provided. This narrative is to identify the strengths and weaknesses of the transactions and
61 demonstrate how the weaknesses are mitigated.

- 62
- 63 • **Charts:** The charts contained in this document have been created with versatility in mind;
64 however, they will not be able to accommodate all situations. For this reason, you are
65 allowed to alter the charts as the situation demands. Be sure to state how you have altered
66 the charts along with your justification. Include all the information the form calls for. Charts
67 that include blue text indicate names that should be modified by the lender as the situation
68 dictates.
 - 69
 - 70 • **Applicability:** If a section is not applicable, state so in that section and provide a reason. **Do**
71 **not delete a section heading that is not applicable.** The narrative will be checked to make
72 certain all sections are provided. If a major section is not applicable, add “– Not Applicable”
73 to the heading and provide the reason. For instance:

74

75 Parent of the Operator – Not Applicable

76 This section is not applicable because there is no operator.

77
78 The rest of the subsections under the inapplicable section can then be deleted. This
79 instruction page may also be deleted.

- 80
- 81 • **Format:** In addition to submitting the PDF version of the Lender Narrative to HUD, please
82 also submit an electronic Word version.

83
84 Instead of pasting large portions of text from third-party reports into the narrative, it is preferred
85 that the lender simply reference the page number and the report. The focus of this document is
86 for lender conclusions, analyses, and summaries.

87
88 Italicized text found between these characters <<EXAMPLE>> is instructional in nature, and
89 may be deleted from the lender’s final version. Please use the gray shaded areas (e.g.,) for
90 your response. Double click on a check box and then change the default value to mark selection
91 (e.g.,).

467 *Example: **Tenant Security Deposits:** The tenant security deposits do not appear to be fully
468 funded. At closing, however, the borrower will not be the new operator and the tenant deposit
469 obligation will fall to the new operator; therefore, the lender has included an approval condition
470 requiring the new operator to set up project accounts by closing and to provide an acceptable,
471 certified Balance Sheet showing that the tenant security deposits are fully funded.>>*

688

<<For each "yes" answer above, provide a narrative discussion on the topic describing the risk and how it will be mitigated.>>

Program Guidance: Lenders need to provide HUD with information in their application regarding any changes to the operator that will occur within the next 5 years. This plan of action is needed to ensure that the quality and experience of any potential new operator will be comparable or better than the current operator. For assisted living facilities (ALFs), it is important to re-emphasize that operators need to be experienced and have a proven track record with the operation, marketing, and lease up of ALF facilities. The 5-year lease expiration issue does not apply to lessees that have lease renewal options.

689

690 **Lease Payment Analysis**

691 The lease payments must be sufficient to (1) enable the borrower to meet debt service and
 692 impound requirements; and (2) enable the operator to properly maintain the project and cover
 693 operating expenses. The minimum annual lease payment must be at least 1.05 times the sum of
 694 the annual principal, interest, mortgage insurance premium, reserve for replacement deposit,
 695 property insurance, and property taxes.

696
 697 The lender has prepared an analysis demonstrating the minimum annual lease payment.
 698

a. Annual principal and interest	\$
b. Annual mortgage insurance premium	
c. Annual replacement reserves	
d. Annual property insurance	
e. Annual real estate taxes	
f. Total debt service and impounds	\$
g. Minimum annual lease payment	\$

699
 700 <<Compare the minimum annual lease payment to the current lease payment. If the lease
 701 payment needs to increase, add the following language: “The lease payment must be increased
 702 to \$XX per year (\$XX per month). The lender has included a special condition to the firm
 703 commitment requiring the lease payment be revised to meet or exceed this minimum.” If the
 704 lease payment does not need to increase, add the following language: “The current lease
 705 payment is sufficient. The recommended annual lease payment also provides the operator with
 706 an acceptable profit margin.”>>
 707

708 **Responsibilities**

709 <<Provide a description of the responsibilities of the Lessor and Lessee under the terms of the
 710 lease with regard to the following: payment of real estate taxes, maintenance of building,
 711 capital improvements, replacement of equipment, property insurance, etc.>>
 712

713 **Master Lease**

Program Guidance: Handbook 4232.1, Section II Production, Chapter 13. It is the Lender’s responsibility to read the handbook chapter and provide HUD with a full set of documents for review of the proposed master lease structure.

787 that demonstrates that the AR borrower has sufficient financial capacity to pay all projected
788 operating expenses, AR financing costs and loan payments, and all rent or debt service

790 financing based on the lesser of the operator’s 12-month trailing operating statements.
791 Calculate the impact on the borrower’s debt coverage after payment of the AR loan expenses
792 and payments.>>

793

794 Assuming the \$ maximum AR loan limit, an annual interest rate of %, and that the
795 entire amount is outstanding for the year, the maximum annual interest expense would be
796 \$. In addition to the interest, the other associated fees are the fees <<list types of
797 fees>>, that total \$ per year for the same assumed balance. An analysis of the operator’s
798 12 month trailing financial statement (Month 20XX – Month 20XX) is below:
799

12-Month Trailing Operating History	
Operating revenue	\$
Less: Operating expenses	
Net operating income (NOI)	\$
Annual P&I + MIP	\$
AR fee: Interest	
AR fee: Other	
Total annual mortgage & AR debt service	\$
DSCR including AR	

800

801 The transaction assumed an NOI of \$. The 12-month trailing NOI is \$. The annual
802 debt service including the MIP amount is \$ per year. Adding the AR fees equates to a total
803 mortgage and AR debt service expense of \$ per year. This equates to prospective
804 debt service coverage.

818

819 <<For each “yes” answer above, provide a narrative discussion on the topic describing the risk
820 and how it will be mitigated.

821

822 *Example: **1. Multiple properties:** The lender notes that the professional liability policy is a
823 ‘blanket’ policy covering XXX facilities, including the subject...{address potential impact of
824 other facilities on the subject’s coverage}*

825

826 *Example: **2. Less than 6-year loss history:** The claims history reports were examined for the
827 period XX through XX. The lender determined that there were no professional liability XX
828 claims during that period... {Address claims and sufficiency of coverage, etc. based on history}.*

829

830 *Example: **Claims made coverage:** The project’s previous professional liability insurance
831 coverage was a “claims made” form policy with XXXX, which expired XXXX, when the current
832 policy was put in place. In XXXX the borrower purchased a “nose coverage” policy which is
833 the coverage needed when going from a “claims made” form of insurance to a “per occurrence”
834 form of insurance. The premium for this “nose” coverage liability was a one-time charge and
835 was paid in XXX. Because of that additional insurance coverage, the insurance expense for
836 XXXX was substantially higher than the current expense. The current “per occurrence basis”
837 insurance policy covers the entire statute of limitations. The project’s professional liability
838 insurance is in compliance with HUD’s requirements. >>*

840 **Lawsuits**

841 << Identify all potential or expected professional liability insurance (PLI) claims in excess of

844 associate with each potential PLI claim. Discuss how that risk is mitigated. Describe the
845 circumstances, identify the potential award amount, provide evidence and analysis showing that
846 the suits are covered by PLI insurance, and if the insurance is not sufficient, does the insured
847 demonstrate adequate funds to cover the potential excess? Describe any other information that
848 mitigates the risk.

849

850 *As applicable, discuss other types of lawsuits (non-PLI) and describe the potential risk related to
851 the party’s participation in the proposed project. Discuss how that risk is mitigated. If the suit
852 is closed, does it contribute to a pattern? Does it materially affect the party’s ability to
853 participate in the project? If not closed, describe the circumstances, identify the potential award
854 amount, provide evidence and analysis showing that the suits are covered by insurance (general

856 potential excess? Describe any other information that mitigates the risk.>>*

871 the information provided above and in the application sufficiently demonstrates that the existing

881 coverage will comply with HUD requirements prior to closing.”>>

883 **Fidelity Bond/Crime Insurance Coverage**

884 <<Provide narrative discussion of fidelity bond/crime insurance coverage. For example: “The
885 current insurance policy reflects fidelity (crime) insurance with the limit of \$XX and \$XX
