This agency may not collect this information, and you are not required to complete this form unless it displays a currently valid OMB control number.

Warning: Any person who knowingly presents a false, fictitious, or fraudulent statement or claim in a matter within the jurisdiction of the U.S. Department of Housing and Urban Development is subject to criminal penalties, civil liability, and administrative sanctions.

No confidentiality is assured.

INSTRUCTIONS:

The narrative is a document critical to the Change in Management Agent review process. If the transaction includes a Change of Operator in conjunction with the Change of Management Agent, **do not use this form**; you must use HUD-92266A-ORCF. For further description of these requirements, please refer to Chapter 8 of the Section 232 Handbook 4232.1, Section III Asset Management.

Each section of the narrative and all questions need to be completed and answered. If the lender disagrees and modifies any third-party report conclusions, provide sufficient detail to justify. The narrative should identify the strengths and weaknesses of the transaction and demonstrate how the weaknesses are mitigated.

• **Applicability:** If a section is not applicable, state so in that section and provide a reason. Do not delete a section heading that is not applicable. The narrative will be checked to make certain all sections are provided. If a major section is not applicable, add "– Not Applicable" to the heading and provide the reason. For instance:

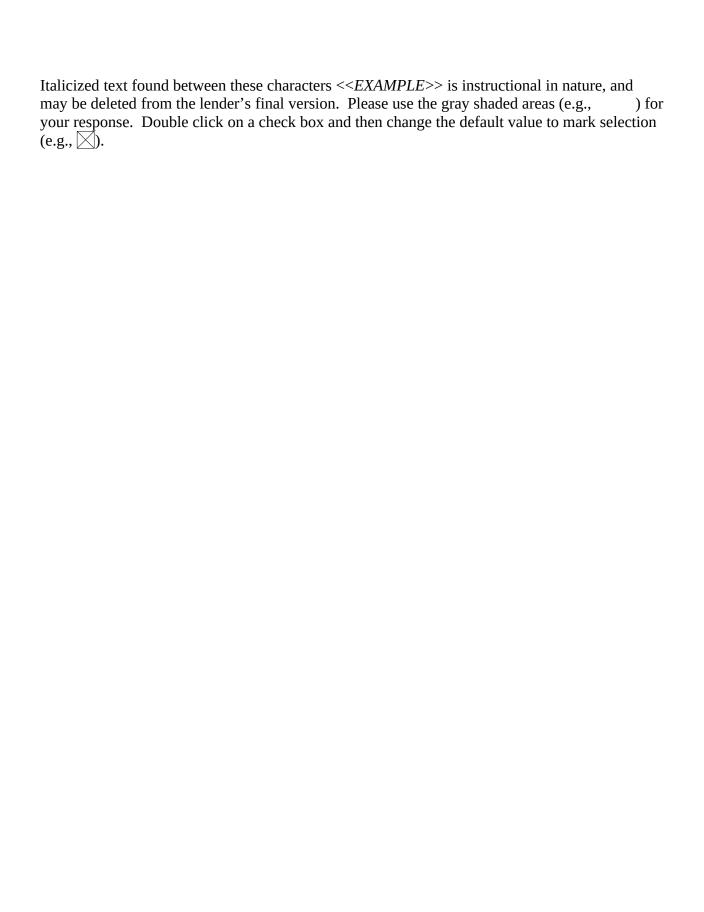

Parent of the Operator – Not Applicable

This section is not applicable because there is no operator.

The rest of the subsections under the inapplicable section can then be deleted. This instruction page may also be deleted.

• **Format:** In addition to submitting the PDF version of this document to HUD, please also submit an electronic Word version.

Instead of pasting large portions of text from third-party reports into the narrative, it is preferred that the lender simply reference the page number and the report. The focus of this document is for lender conclusions, analyses, and summaries.
