

reasonable policies and procedures that it will follow when it receives a notice of address discrepancy from a consumer reporting agency. A user of consumer reports must furnish an address that the user has reasonably confirmed to be accurate to the consumer reporting agency from which it receives a notice of address discrepancy.

There is no change in the method or substance of the information collection. The total estimated annual burden hours have increased due to the inclusion of estimated program establishment costs for de novo institutions and the introduction of the costs of responses to specific address discrepancy incidents for newly established consumer accounts.

2. *Title:* Interagency Appraisal Complaint Form.

OMB Number: 3064–0190.

Form Numbers: None.

General Description of Collection: As provided in section 1473(p) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act), on January 12, 2011, the Appraisal Subcommittee (“ASC”), of the Federal Financial Institutions Examination Council (FFIEC) determined that no national hotline existed to receive complaints of noncompliance with appraisal standards. A notice of that determination was published in the **Federal Register** on January 28, 2011 (76 FR 5161). As required by the Dodd-Frank Act, the ASC established a hotline to refer complaints to appropriate state and Federal regulators. For those instances where the ASC determines the FDIC, OCC, FRB, or NCUA is the appropriate regulator, the agencies developed the Interagency Appraisal Complaint Form as a means to efficiently collect necessary information. The Interagency Appraisal Complaint Form is designed to collect information necessary for one or more agencies to take further action on a complaint from an appraiser, other individual, financial institution, or other entities. The FDIC will use the information to take further action on the complaint to the extent it relates to an issue within its jurisdiction.

There is no change in the method or substance of the collection. The overall increase in burden hours (from 20 hours to 58 hours) is the result of a change in the agency’s estimate of the number of annual responses based on a review of the actual number of complaints received over the last five years. In particular, the estimated number of respondents has increased from 40 to 116 while the estimated time per response and the frequency of response have remained the same.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

FEDERAL MARITIME COMMISSION

Correction to 60-Day Notice Requesting Extension of a Currently Approved Information Collection for Negotiated Rate Arrangements

AGENCY: Federal Maritime Commission.

ACTION: Correction; extension of comment period.

SUMMARY: The Federal Maritime Commission (The Commission) is issuing a correction to the 60-day Public Comment Request notice to extend Information Collection Request (ICR) 3072–0071 published in the **Federal Register** on December 7, 2021. The notice contains an incorrect annual burden estimate for the Information Collection. Because this correction and extension notice updates the annual respondents and the total annual burden hours in the previously published 60-day notice, the Commission is extending the previous comment period for ICR 3072–0071 for an additional 30 days. The Commission is also extending the

comment period for an additional 30 days for ICR 3072–0070, though there are no errors with that previously published 60-day notice.

DATES: Comments are due by March 11, 2022.

ADDRESSES: Submit comments for the proposed information collection requests to Lucille L. Marvin, Managing Director at email: omd@fmc.gov. Please refer to the assigned OMB control number on any correspondence submitted. The FMC will summarize any comments received in response to this notice in a subsequent notice and include them in its information collection submission to OMB for approval.

FOR FURTHER INFORMATION CONTACT:

Copies of the information collections and instructions, or copies of any comments received, may be obtained by contacting Lucille Marvin, Managing Director, at omd@fmc.gov or 202–523–5800.

SUPPLEMENTARY INFORMATION: The Commission published the required 60-day notice for ICR 3072–0071 in the **Federal Register** on December 7, 2021, which provided the incorrect number of annual respondents and the incorrect total annual burden for this notice. See 86 FR 69254 (December 7, 2021). The number of annual respondents was reported to be 194, and the total annual burden was reported to be 247 hours. The correct number of annual respondents is 2,129 and the correct total annual burden is 2,402 hours. Additionally, since publication of the 60-day notice on December 7, 2021, the legal authority to conduct this collection was extended through 30 days after this publication.

William Cody,
Secretary.

SUPPLEMENTARY INFORMATION:

Proposed Project

TeamSTEPPS® Stakeholder Surveys for AHRQ’s ACTION III Diagnostic Safety Capacity Building Contract Task 3

AHRQ awarded a contract to the MedStar Health Research Institute (MHRI) in 2019 and received OMB fast track clearance (OMB control number 0935–0179, expiration date of 11/30/23), to provide program support and expertise related to improving diagnostic safety and quality across five distinct contract tasks. Task 3 of the contract is to develop, pilot test and promote a TeamSTEPPS® Course to improve communication among providers related to diagnosis. TeamSTEPPS® to Improve Diagnosis provides communication strategies, including methods to improve intra-professional communication and communication during the referral process and to practice mutual support and situation monitoring during the diagnostic process. TeamSTEPPS® to Improve Diagnosis includes an educational module for leaders on strategies to facilitate improved communication with and among providers related to diagnosis. This module also includes a Team Assessment Tool for Improving Diagnosis (the “Team Assessment Tool”).

The Team Assessment Tool is an instrument developed as a method of self-assessment, with the goal of helping teams reflect on their current diagnostic and teamwork practices. In addition, it orients them to the repertoire of tools available within the TeamSTEPPS for Improving Diagnosis course that are
