

restrictions for filming in part 648 subparts B and D through O.

Josef Boreland, Marine Coordinator, applied for an EFP on April 1, 2022, on behalf of Full Share Inc., in support of a motion picture, currently titled "Finestkind." The filming would take place aboard the commercial fishing vessel SANDRA JANE (P: 410430). For the purpose of replicating authentic commercial fishing practices for the motion picture, the F/V SANDRA JANE¹ would be fishing for scallops off of Gloucester, MA for 4 days in June 2022.

The proposed EFP would allow the vessel to fish for scallops outside of the requirements of its Federal permit for the purpose of filming the motion picture. Fishing would occur for 4 days off of Gloucester, MA to fish scallops in Federal waters of the Gulf of Maine on and around Stellwagen Bank. The fishing vessel will have its normal crew of 7 (including the operator) and an additional 25 film crew onboard. Additional film support vessels will accompany the fishing vessel.

The fishing vessel would capture scallops by towing two 4.57-meter wide New Bedford-style dredges at approximately 5 knots (9.26 km/hr) for 10 minutes per tow, 1 to 2 tows per day. The deployment and haul back of the gear will be filmed. The majority of the catch will be immediately returned to the sea. A portion of the scallop catch may be transported shoreward to more easily film shucking and other processing procedures closer to shore in state waters. The applicant will pursue a letter of authorization from the Massachusetts Department of Marine Fisheries for any necessary exemptions from any state regulations. No catch will be landed for sale.

If approved, the applicant may request minor modifications and extensions to the EFP throughout the year. EFP modifications and extensions may be granted without further notice if they are deemed essential to facilitate completion of the proposed research and have minimal impacts that do not change the scope or impact of the initially approved EFP request. Any fishing activity conducted outside the scope of the exempted fishing activity would be prohibited.

Authority: 16 U.S.C. 1801 *et seq.*

¹ The United States Coast Guard has acknowledged that the name SANDRA JANE will be temporarily replaced with the name FINESTKIND on the vessel for filming. The vessel will not officially have its name changed.

BUREAU OF CONSUMER FINANCIAL PROTECTION

[Docket No. CFPB-2022-0025]

Agency Information Collection Activities: Comment Request

AGENCY: Bureau of Consumer Financial Protection.

ACTION: Notice and request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Consumer Financial Protection Bureau (CFPB or Bureau) requests the extension of the Office of Management and Budget's (OMB's) approval of the existing information collection titled "Generic Information Collection Plan for Consumer Complaint and Information Collection System (Testing and Feedback)" approved under OMB Control Number 3170-0042.

Documentation prepared in support of this information collection request is available at www.regulations.gov.

Requests for additional information should be directed to Anthony May, Paperwork Reduction Act Officer, at (202) 841-0544, or email: CFPB_PRA@cfpb.gov. SUPPLEMENTARY INFORMATION:

Title of Collection: Generic Information Collection Plan for Consumer Complaint and Information Collection System (Testing and Feedback).

OMB Control Number: 3170-0042.

Type of review: Extension of a currently approved information collection.

Affected Public: Individuals or households.

Estimated Number of Respondents: 655,000.

Estimated Total Annual Burden Hours: 110,833.

Abstract: The Bureau has undertaken a variety of service delivery-focused activities contemplated by the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111-203). These activities (which include consumer complaint and inquiry processing, referral, and monitoring) involve several interrelated systems.¹ The streamlined process of the generic clearance will allow the Bureau to implement these systems efficiently in line with the Bureau’s commitment to continuous improvement of its delivery of services through iterative testing and feedback collection.

This is a routine request for OMB to extend its approval of the information collection currently approved under OMB Control Number 3170-0042. The Bureau is proposing to increase the number of web complaint respondents from 250,000 to 500,000. This estimate is based on recent data which showed

how many more consumers now use the web intake process. Additionally, the Bureau has decreased the types of stakeholder feedback it may request from three lines items to one. The Bureau has also decreased the annual number of respondents regarding stakeholder feedback from 10,000 to 5,000. However, the average burden per intake had been increased from 10 minutes to 30 minutes due to longer projected engagements with the respondents.

Request for Comments: The Bureau published a 60-day **Federal Register** notice on 12/28/2021 (86 FR 73744) under Docket Number: CFPB-2021-0022. The Bureau is soliciting comments on: (a) Whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility; (b) The accuracy of the Bureau’s estimate of the burden of the collection of information, including the validity of the methods and the assumptions used; (c) Ways to enhance the quality, utility, and clarity of the information to be collected; and (d) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Comments submitted in response to this notice will be submitted to OMB as part of its review of this request. All comments will become a matter of public record.

Anthony May,

Paperwork Reduction Act Officer, Consumer Financial Protection Bureau.
