This notice was reviewed by the Office of Management and Budget under Executive Order 12866. National Average Minimum Value of Donated Foods for the Period July 1, 2022 Through June 30, 2023

This notice implements mandatory provisions of sections 6(c) and 17(h)(1)(B) of the Richard B. Russell National School Lunch Act (the Act) (42 U.S.C. 1755(c) and 1766(h)(1)(B)). Section 6(c)(1)(A) of the Act establishes the national average value of donated food assistance to be given to States for each lunch served in the NSLP at 11.00 cents per meal. Pursuant to section 6(c)(1)(B), this amount is subject to annual adjustments on July 1 of each year to reflect changes in a three-month average value of the Producer Price Index for Foods Used in Schools and Institutions for March, April, and May each year (Price Index). Section 17(h)(1)(B) of the Act provides that the same value of donated foods (or cash in lieu of donated foods) for school

lunches shall also be established for lunches and suppers served in the CACFP. Notice is hereby given that the national average minimum value of donated foods, or cash in lieu thereof, per lunch under the NSLP (7 CFR part 210) and per lunch and supper under the CACFP (7 CFR part 226) shall be 30.00 cents for the period July 1, 2022 through June 30, 2023.

The Price Index is computed using five major food components in the Bureau of Labor Statistics Producer Price Index (cereal and bakery products; meats, poultry, and fish; dairy; processed fruits and vegetables; and fats and oils). Each component is weighted using the relative weight as determined by the Bureau of Labor Statistics. The value of food assistance is adjusted each July 1 by the annual percentage change in a three-month average value of the Price Index for March, April, and May each year. The three-month average of the Price Index increased by 15.50 percent from 227.26 for March, April, and May of 2021, as previously published in the **Federal Register**, to 262.50 for the same three months in 2022. When computed on the basis of unrounded data and rounded to the nearest one-quarter cent, the resulting national average for the period July 1, 2022 through June 30, 2023 will be 30.00 cents per meal. This is an increase of four (4) cents from the school year 2022 (July 1, 2021 through June 30, 2022) rate.

Authority: Sections 6(c)(1)(A) and (B), 6(e)(1), and 17(h)(1)(B) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1755(c)(1)(A) and (B) and (e)(1), and 1766(h)(1)(B)).

Abstract: The Earthquake Hazards Reduction Act of 1977 was enacted to reduce risks to life and property through the National Earthquake Hazards Reduction Program (NEHRP). The Federal Emergency Management Agency (FEMA) is designated as the agency with the primary responsibility to plan and coordinate the NEHRP. This program includes the development and implementation of feasible design and construction methods to make structures earthquake resistant. Executive Order 12699 of January 5, 1990, Seismic Safety of Federal and Federally Assisted or Regulated New Building Construction, requires that measures to assure seismic safety be imposed on federally assisted new building construction.

Title 7 part 1792, subpart C, Seismic Safety of Federally assisted New Building Construction, identifies acceptable seismic standards which must be employed in new building construction funded by loans, grants, or guarantees made by RUS or the Rural Telephone Bank (RTB) or through lien accommodations or subordinations approved by RUS or RTB. This subpart implements and explains the provisions of the loan contract utilized by the RUS for both electric and telecommunications borrowers and by the RTB for its telecommunications borrowers requiring construction certifications affirming compliance with the standards.
