Dates: Applications must be received by, through [Grants.gov](https://www.grants.gov). Applications received after this deadline will not be considered for funding.

Executive Summary: The U.S. Department of Agriculture (USDA), Agricultural Marketing Service (AMS), requests applications from state governments for the Local Food for Schools (LFS) Program. The goal will be to establish cooperative agreements with state governments for the purpose of purchasing domestic, locally grown foods from local producers, small businesses, and socially disadvantaged farmers/producers for distribution to schools. AMS will make only one award per state government; agencies within the state must coordinate if more than one agency wishes to implement this program. The state governments can also partner with local organizations. Up to \$200 million is available from funds authorized under section 5(c) of the Commodity Credit Corporation Charter Act (15 USC 714c(c)).

This announcement identifies the eligibility criteria for LFS applicants, the application forms and associated instructions needed to apply for an LFS award.

AMS encourages applications that benefit both small businesses and socially disadvantaged farmers/producers and provides food distribution to schools. For cooperative agreements intending to serve these entities, applicants should engage and involve those beneficiaries when developing projects and applications. AMS would like these relationships and purchase and distribution channels to continue past the conclusion of this program.

Stakeholder Input: AMS seeks comments about this Request for Applications (RFA). Email written comments within one year of the publication date of this RFA to (TBD). (This e-mail address is intended only for receiving comments and questions regarding this RFA and not requesting information or forms.) In your subject line, include, 'Input LFS'.

1.0 FUNDING OPPORTUNITY DESCRIPTION

1.1 LEGISLATIVE AUTHORITY

The Local Food for Schools Cooperative Agreement Program (LFS) is authorized by section 5(c) of the Commodity Credit Corporation Charter Act (15 USC 714c(c)).

The purpose of this program is to increase purchasing of local and regional foods for distribution to schools. The program achieves this purpose in the overarching goals below:

1. Provide an opportunity for states to strengthen their local and regional food system.
2. Help to support local, small, and socially disadvantaged farmers/producers through building and expanding economic opportunities.
3. Establish and broaden partnerships with farmers/producers and schools to ensure distribution of fresh and nutritious foods.

1.1.1 DEFINITIONS

Local or regional producers are farmers, ranchers, producer, processors or distributors and other businesses involved in food production or distribution that are located in the state or tribal region or within 400 miles of the delivery destination.

Local or regional food. Locally and Regionally Produced Food means food that is raised, produced, aggregated, stored, processed, and distributed in the locality or region where the final product is marketed to consumers, so that the total distance that the product travels between the farm or ranch where the product originates and the point of sale to the end consumer is at most 400 miles, or both the final market and the origin of the product are within the same state, territory, or tribal land.

Domestic Food. “Agricultural Commodity” means a product grown, processed, and otherwise prepared for sale or distribution exclusively in the United States or its territories, except with respect to minor ingredients. Minor ingredients from nondomestic sources will be allowed to be utilized as a United States product if such ingredients are not otherwise: (1) produced in the United States; and (2) commercially available in the United States at fair and reasonable prices from domestic sources. The following ingredients are determined by AMS Commodity Procurement as not available at fair and reasonable prices and are waived from U.S. origin restrictions: (1) Vitamin A (Retinol Palmitate), (2) Vitamin D, (3) Carageenan (stabilizing agent), (4) Sorbic Acid (preservative), (5) Potassium Sorbate (preservative), (6) Rennet (coagulant), (7) Items excepted from the Buy American Act under [FAR 25.104 Nonavailable Articles](#).

Socially Disadvantaged producers. Socially Disadvantaged Farmer or Rancher is a farmer or rancher who is a member of a Socially Disadvantaged Group. A Socially Disadvantaged Group is a group whose members have been subject to discrimination on the basis of race, color, national origin, age, disability, and, where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or a part of an individual's income is derived from any public assistance program.

Schools. 7 CFR 210.2: School means: (a) An educational unit of high school grade or under, recognized as part of the educational system in the state and operating under public or nonprofit private ownership in a single building or complex of buildings; (b) any public or nonprofit private classes of preprimary grade when they are conducted in the aforementioned schools; or (c) any public or nonprofit private residential

child care institution, or distinct part of such institution, which operates principally for the care of children, and, if private, is licensed to provide residential child care services under the appropriate licensing code by the state or a subordinate level of government, except for residential summer camps which participate in the Summer Food Service Program for Children, Job Corps centers funded by the Department of Labor, and private foster homes. The term “residential child care institutions” includes, but is not limited to: homes for the mentally, emotionally or physically impaired, and unmarried mothers and their infants; group homes; halfway houses; orphanages; temporary shelters for abused children and for runaway children; long-term care facilities for chronically ill children; and juvenile detention centers. A long-term care facility is a hospital, skilled nursing facility, intermediate care facility, or distinct part thereof, which is intended for the care of children confined for 30 days or more.

Small Business. A small business is generally defined by the U.S. Small Business Administration (SBA) as a business that is: a for profit-businesses of any legal structure; independently owned and operated, not nationally dominant in its field, and physically located and operated in the U.S. or its territories.

1.2 PROGRAM DESCRIPTION

The Agricultural Marketing Service (AMS) will establish cooperative agreements with state governments for the purpose of supporting local, regional, small, and socially disadvantaged farmers/producers through food purchasing. State governments will purchase food from local and regional farmers/producers, targeting small businesses and socially disadvantaged farmers/producers. These cooperative agreements will allow for states to procure local, domestic foods that are unique to their geographic area and meet the needs of their schools. In addition to increasing local food consumption, funds are expected to help build and expand economic opportunity for local, small, and socially disadvantaged farmers/producers.

USDA will provide the state government funding for food purchases as well as guidance, technical assistance, instruction, and monitoring throughout the life cycle of the cooperative agreement.

The expectation of this program is for recipients to spend awarded funds on food purchases, including distribution costs. Funds used for food purchases must be used exclusively for domestic food products (also known as commodities) that are unprocessed or minimally processed. Applicants may not request direct or indirect costs associated with developing and administering the program. All food purchased must meet the definition of domestically produced as well as the definition of local as defined in section 1.2.1. The period of performance for the Cooperative Agreements will be one year from the time of award. State agencies should determine funding amounts based on their local food purchase availability and the needs of schools. Funds may be used to cover the costs of production, storage and distribution of agricultural products to schools.

State governments will submit proposals indicating how they will use the funds to purchase commodities to meet the specified objectives within their state. These funds will be awarded through a non-competitive process based on a formula derived from enrollment and earnings of schools participating in the National School Lunch Program. Cooperative Agreement applications will be awarded based on acceptability and ability to meet the goals of the program.

1.2.1 SUBAWARDS

State agencies will ensure that subrecipients maintain appropriate records and follow all applicable Federal statutes and regulations as well as the Cooperative Agreement and AMS General Terms and Conditions

2.0 AWARD INFORMATION

2.1 TYPE OF FEDERAL ASSISTANCE

AMS will use a Cooperative Agreement to provide the Federal award to applicants.

2.2 TYPE OF APPLICATIONS

New application. AMS will review all applications for conformance with the criteria in [section 5.0](#) and may require the applicant to provide additional information or clarification by a specified date.

2.3 AVAILABLE FUNDING

The total funding available for the program is up to \$200 million.

2.4 FEDERAL AWARD PERIOD DURATION

Projects must be completed within 1 year from time of award. It is acceptable to complete a project before the scheduled performance period end date. The applicant must indicate the start and end dates on the SF-424, “Application for Federal Assistance” in block 17.

2.5 AWARD SIZE

These funds will be awarded through a noncompetitive process using enrollment and earnings data from schools participating in the National School Lunch Program as guidance.

Initiatives should apply for an amount that meets their needs considering the guideline amount for their state. After initial awards are made, AMS will determine the best course of action to redistribute remaining funds.

Allocations to states will be based on enrollment share and states must ensure equitable distribution to individual school districts as is required in 7 CFR 250.58(b).

3.0 ELIGIBILITY INFORMATION

3.1 ELIGIBLE APPLICANTS

Eligible entities include the state agencies, commissions, or departments that are responsible for agriculture, procurement, food distribution, emergency response, administration of the National School Lunch Program, or similar activities within the state. AMS will make only one award per state or territory; agencies within the state must coordinate if more than one agency wishes to implement this program.

3.2 ELIGIBLE BENEFICIARIES

Eligible beneficiaries of purchases include those involved in the production and distribution of local domestic food. Contracts shall be awarded to farmers, producers, processors, or distributors of local domestic product that meet the definition of a local or regional producer as defined in 1.2.1. All food purchased must meet the definition of local and domestic. States are required to target purchases from beneficiaries that meet the definition of socially disadvantaged. States are also required to target purchases from small businesses. Purchases must comply with Section 7, Procurement, of the AMS General Terms and Conditions. Recipients must maintain records and documentation to support the charges against the Federal awards.

Eligible beneficiaries to receive the food are schools participating in the National School Lunch Program. States are required to ensure equitable distribution of food to tribal schools as required for the National School Lunch Program. Compliance will be monitored through quarterly performance reports.

An applicant may subcontract or subaward with partners and collaborators. Only the applicant must meet the eligibility requirements listed in this RFA.

- A *partnership* is a relationship involving close cooperation between parties having specified and joint rights and responsibilities in the management of the project.
- A *collaborator* is a person or an organization unaffiliated with the applicant that cooperates with the applicant in the conduct of the project and is not immediately connected to the management of the project.

Partners and collaborators may come from private or public, for-profit, or nonprofit entities. Applicants must show evidence of existing community or industry support and engagement.

See [AMS' Late and/or Non-Responsive Applications Policy](#) for more information.

4.4 INTERGOVERNMENTAL REVIEW

This program is not subject to Executive Order 12372, which requires intergovernmental consultation with state and local officials.

4.5 FUNDS NOT APPLIED FOR

State agencies who do not apply for or do not request all available funding during the specified application period will forfeit all or that portion of available funding not requested. AMS will allocate funds not applied for, by a date determined by AMS.

4.6 FUNDING RESTRICTIONS

4.6.1 DIRECT AND INDIRECT COSTS

Indirect costs are not allowable. Subject to terms and conditions, eligible entities may propose direct costs for food storage, and distribution expenses. Applicants may not request direct or indirect costs associated with developing and administering the program. All costs specific to this cooperative agreement must be direct costs for food, food storage, and food distribution specific to this cooperative agreement. Examples of allowable operational expense include:

- Fees charged by commercial warehouse operators and common carriers for storage and transportation of commodities.
- Salaries of temporary workers hired to assist with the handling, storage, transportation, or distribution of commodities.

4.6.2 ALLOWABLE AND UNALLOWABLE COSTS AND ACTIVITIES

All AMS awards are subject to the terms and conditions, cost principles, and other considerations described in the [AMS General Terms and Conditions](#).

Applicants that have questions concerning the allowability of costs after reviewing this document should contact AMS staff using the contact information listed under [section 7.0](#).

4.6.3 SUPPLANTING

The funds awarded through this RFA must increase, expand, or replace, and not duplicate, existing activities of the host initiatives.

4.6.4 SUPPORT FOR DOMESTIC BUSINESSES

Technical assistance and subawards will not be made available to a foreign entity making direct investment in the United States, as defined in [15 CFR § 801.2](#), where the assistance is provided to a specific business and is not publicly available.

4.7 HOW TO REGISTER TO APPLY THROUGH GRANTS.GOV

4.7.1 STEPS TO REGISTER

The registration process can take **up to four weeks** to complete. Therefore, complete your registration allowing sufficient time to ensure it does not impact your ability to meet required application submission deadlines.

Organization applicants can find complete instructions here:

<https://www.grants.gov/web/grants/applicants/organization-registration.html>

- 1) *Obtain a DUNS Number:* All entities applying for funding, including renewal funding, must have a [Data Universal Numbering System \(DUNS\) number](#) from Dun & Bradstreet (D&B). Applicants must enter the DUNS number in the data entry field labeled "Organizational DUNS" on the SF-424 form.
- 2) *Register with SAM:* In addition to having a DUNS number, organizations applying online through Grants.gov must register with the [System for Award Management \(SAM\)](#). All organizations must register with SAM to apply online. Failure to register with SAM will prevent your organization from applying through Grants.gov. **SAM.gov accounts must be updated**

annually, and your organization must have an *active* SAM.gov account to submit your application to Grants.gov.

- 3) *Create a Grants.gov Account:* The next step in the registration process is to create an account with Grants.gov. Applicants must know their organization's DUNS number or UEI to complete this process. Completing this process automatically triggers an email request for applicant roles to the organization's E-Business Point of Contact (EBiz POC) for review. The EBiz POC is a representative from your organization who is the contact listed for SAM. To apply for grants on behalf of your organization, the EBiz POC will need to identify and assign an individual to the Authorized Organizational Representative (AOR) role.
- 4) *Authorize Grants.gov Roles:* After creating an account on Grants.gov, the EBiz POC receives an email notifying him or her of your registration and request for roles. The EBiz POC will then log in to Grants.gov and authorize the appropriate roles, including the Authorized Organization Representative (AOR) role, thereby giving you permission to complete and submit applications on behalf of the organization. You will be able to submit your application online any time after you have been approved as an AOR.
- 5) *Track Role Status:* After registering with Grants.gov and authorizing the applicant AOR, Grants.gov allows you to track your status

b. *Electronic Signature:* When applications are submitted through Grants.gov, the name of the organization's AOR who submitted the application is inserted into the signature line of the application, serving as the electronic signature. The EBiz POC **must** authorize individuals who are able to make legally binding commitments on behalf of the organization as AORs. **This step is often missed, and it is crucial for valid and timely submissions.**

4.7.2 HOW TO SUBMIT AN APPLICATION TO AMS VIA GRANTS.GOV

Applicants may use the Grants.gov Workspace, a shared, online environment where members of a grant team may simultaneously access and edit different webforms within an application. For each funding opportunity announcement, you can create individual instances of a Workspace.

- 1) *Create a Workspace:* This allows you to complete your Workspace online and route it through your organization for review before submitting.
- 2) *Complete a Workspace:* Add participants to the workspace, complete all the required forms, and check for errors before submission.
 - a. *Adobe Reader:* If you decide not to apply by filling out webforms you can download individual PDF forms in Workspace so that they will appear similar to other Standard or AMS forms. The individual PDF forms can be downloaded and saved to your local device storage, network drive(s), or external drives, and then accessed through Adobe Reader.

NOTE: You may need to visit the [Adobe Software Compatibility page on Grants.gov](#) to download the appropriate version of the software.

- b. *Mandatory Fields in Forms:* Fields marked with an asterisk and a different background color are mandatory fields you must complete to successfully submit your application.
- c. *Complete SF-424 Fields First:* The forms are designed to fill in common required fields across other forms, such as the applicant's name, address, and DUNS number or UEI. To

trigger this feature, an applicant must complete the SF-424 form information first. Once it is completed, the information will transfer to the other forms.

- 3) *Submit a Workspace:* Submit your application through Workspace by clicking the Sign and Submit button on the Manage Workspace page, under the Forms tab. Grants.gov recommends submitting the application package **at least 24-48 hours prior to the due date** to provide you with time to correct any potential technical issues that may disrupt the application submission.

SPECIAL NOTE: Grants.gov **does not** check for AMS required attachments. It is the applicant's responsibility to ensure that all required attachments listed in [section 4.2](#) are included.

- 4) *Track a Workspace:* After successfully submitting a workspace package, Grants.gov automatically assigns a Tracking Number (GRANTXXXXXXXX) to the package, which will be listed on the Confirmation page generated after submission.

Applicant Support: Grants.gov provides additional [training resources, including video tutorials](#). Applicants may also call the 24/7 toll-free support number 1-800-518-4726, or email support@grants.gov. Grants.gov will issue a ticket number that you and Grants.gov can refer to if the issue is not resolved. For questions related to the specific grant opportunity, contact the person(s) mentioned in [section 7.0](#).

4.7.3 TIMELY RECEIPT REQUIREMENTS AND PROOF OF TIMELY SUBMISSION

All applications must be received by the due date established in [section 4.3](#). Proof of timely submission is automatically recorded by Grants.gov using an electronic date/time stamp generated when the application is successfully received by Grants.gov. The applicant AOR will then receive an acknowledgement of receipt and a tracking number (GRANTXXXXXXXX) from Grants.gov. Applicant AORs will also receive the official date/time stamp and Grants.gov Tracking number in an email serving as proof of their timely submission.

When AMS successfully retrieves the application from Grants.gov and acknowledges the download of submissions, Grants.gov will electronically acknowledge receipt of the application to the applicant AOR's email address. Again, proof of timely submission shall be the email from Grants.gov stating the official date and time that Grants.gov receives your application. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by AMS.

AMS will not accept applications packages by fax, email, or postal mail. Applications received by Grants.gov after the established due date for the program will be considered late and will not be considered for funding by AMS. See [AMS' Policy on Late Applications](#).

Special Note for Applicants with Slow Internet Connections. Applicants using slow internet connections, such as dial-up connections, may experience significantly longer transmission times when submitting their application to Grants.gov, especially if there are large attachments contained in the upload. Again, Grants.gov will provide either an error message or a successfully received transmission notification via email to the applicant AOR.

4.8 EZFedGrants.gov Requirements and Cooperative Agreement Management

Cooperative Agreements will be processed and managed using the online grants management system, ezFedGrants (eFG). Recipients **are required to use** eFG system to manage LFS Agreements throughout

the entire agreement lifecycle, which include, digitally signing agreements, and preparing reimbursement claims, repayment requests, and financial and performance reports.

In order to access eFG system, recipients must obtain a USDA Verified Identity [eAuthentication](#) Account Level 2 and submit an [Access Request](#) (to identify the [Organization](#)(s) represented and select the appropriate [primary user role](#)).

The eFG system requires each recipient to have a minimum of at least one Grants Administrative Officer (GAO) and one Signatory Official (SO). It is best practice to have at least one back up in each role to keep items, such as claims or reporting, moving through the system.

The chart below identifies the various roles a recipient can designate and the actions they can take in eFG system.

ezFedGrants Role	Role Functions
Grants Processor	<ul style="list-style-type: none"> • Prepare and submit financial and performance reports • Create and edit applications and claims • Search and view opportunities, applications, claims, reports, and amendments • Be designated as a Certifying Official (secondary role)
Grants Administrative Official (GAO)	<ul style="list-style-type: none"> • Grants processor functions, PLUS • Approve access requests, change user roles, and deactivate user access • Reassign draft or returned Applications, Claims, and Reports • Generate work item and user administration reports
Signatory Official (SO)	<ul style="list-style-type: none"> • Prepare and submit financial and performance reports • Search and view opportunities, applications, claims, reports, and amendments • Review and digitally sign applications, agreements, and amendments • Be designated as a Certifying Official

	(secondary role)
--	------------------

For eAuthentication issues contact the eAuthentication helpdesk at eAuthHelpDesk@ftc.usda.gov, or dial 1-800-457-3642. Recipients new to eFG should review the Job Aids located in the Training Section of the OCFO.usda.gov/ezFedGrants.

5.0 APPLICATION REVIEW INFORMATION

This is a non-competitive RFA. AMS will review each project narrative to ensure that it meets the statutory purpose of the program, all application criteria are fulfilled in accordance with [section 4.0](#), and all costs are allowable. A review of applications will be completed to ensure a complete work plan is provided that includes plan and objectives, resources, financial controls, reporting and evaluation, risk and fraud mitigation plans and a timeline for your program.

AMS will notify the individual listed on the SF-424 “Application for Federal Assistance” in block 8f if additional information is required after the initial review of the application. AMS will work with applicants to negotiate any revisions if necessary and possible. Failure to provide requested information in a timely manner may result in a project not receiving funding.

6.0 AWARD ADMINISTRATION INFORMATION

6.1 AWARD NOTICES

Upon announcement of the Federal awards, AMS will prepare and send a Notice of Award and Cooperative Agreement to each recipient for signature by the appropriate official. Cooperative Agreements consist of a 1-page Agreement Face Sheet (AMS-33) that will be signed by AMS and the AOR.

The Notice of Award and Cooperative agreement will provide pertinent instructions and information including, at a minimum, the information described in [2 CFR § 200.211](#) and a reference to the [AMS General Terms and Conditions](#).

6.2 ADMINISTRATIVE AND NATIONAL POLICY REQUIREMENTS

All AMS grant and cooperative agreements include the AMS General Terms and Conditions as part of the Notice of Award and Grant Agreement. More information is provided in the most recent version of the [AMS General Terms and Conditions](#) under the *Administrative and National Policy Requirements* section.

All AMS Cooperative Agreement recipients are required to comply with Executive Order 14042 *Ensuring Adequate COVID Safety Protocols for Federal Contract-like Award Cooperator Recipients*.

Participants are required to comply with record retention and audit requirements in accordance with 7 CFR 210.9(b)(17). Upon request, make all accounts and records pertaining to its school food service available to the state agency and to FNS, for audit or review, at a reasonable time and place. Such records shall be retained for a period of 3 years after the date of the final Claim for Reimbursement for the fiscal year to which they pertain, except that if audit findings have not been resolved, the records shall be retained beyond the 3 year period as long as required for resolution of the issues raised by the audit.

6.3 REPORTING REQUIREMENTS

Reporting and award closeout requirements are included in the [AMS General Terms and Conditions](#). To ensure attainment of program goals and to monitor progress, award recipients are required to complete quarterly, annual, and final financial and progress reports. These reports will provide quantitative data that will be used by USDA to validate the effectiveness of the program and to assist in consideration of future programs. Upon issuance of award, AMS will provide a template to collect information from recipients. Information to be collected will include:

- Name of vendors and dollar value awarded to vendors receiving contracts and type of food purchased (fruit, vegetable, dairy, seafood, other).
- Break-down of number of small businesses awarded contracts, dollar value of purchases, and type of commodity purchased (fruit, vegetable, dairy, seafood, other).
- Break-down of number of socially disadvantaged farmers/producers awarded contracts, dollar value of purchases, and type of commodity purchased (fruit, vegetable, dairy, seafood, other).
- Name and location of organizations receiving food aid.

These performance reports must provide a description of the following activities conducted during the reporting period: budget information, deviations from the proposed plan, difficulties encountered, solutions developed to overcome difficulties, and major planned activities for the next quarter.

At the end of each performance year, recipients will be required to provide a final report. This report will include a summary of the data from the quarterly progress reports and a narrative addressing questions 1 through 3 below. The narrative responses will be used to measure the outcome of the program.

1. Percentage of new marketing opportunities established by purchasing from local and regional farmers/producers, and of those, what percentage will likely be sustained after the funding is expended.
2. Percentage of new marketing opportunities established by purchasing from socially disadvantaged farmers/producers, and of those, what percentage will likely be sustained after the funding is expended.
3. Percentage of new marketing opportunities established by purchasing from small businesses, , and of those, what percentage will likely be sustained after the funding is expended.

Responses to question 1, 2, and 3 should compare the number of partnerships built through the LFS to partnerships in existence prior to the program, and of those, the percentage that will continue at the conclusion of the program.
