Appendix Q: WIC Local Agency Waiver FFCRA Reporting Data Online Form - Screenshots

WIC Local Agency Waiver FFCRA Reporting Data Online Form

OMB Control No: 0584-XXXX Expiration Date: XX/XX/20XX

This information is being collected to assist the Food and Nutrition Service in response to requirements in the Families First Coronavirus Response Act. This is a voluntary collection and FNS will use the information to respond to Congressional requirements identified in the Act. This collection does not request any personally identifiable information under the Privacy Act of 1974. According to the Paperwork Reduction Act of 1995, an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 0584-xxxx. The time required to complete this information collection is estimated to average 1 hour per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to: U.S. Department of Agriculture, Food and Nutrition Service, Office of Policy Support, 1320 Braddock Place, 5th Floor, Alexandria, VA 22314 ATTN: PRA (0584-xxxx). Do not return the completed form to this address.

Introduction

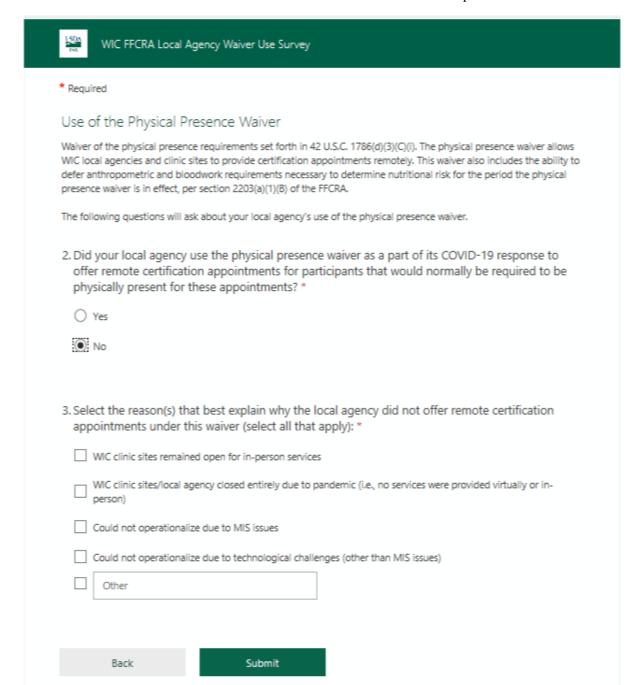

Under the Families First Coronavirus Response Act of 2020 (FFCRA, P.L. 116-127), as amended by the Continuing Appropriations Act, 2021 and Other Extensions Act (P.L. 116-159), USDA has the authority to grant certain programmatic waivers to WIC State agencies in response to the COVID-19 pandemic. The FFCRA specifically provides the authority to waive the statutory physical presence requirements in WIC. Under the FFCRA, WIC local agencies that used the physical presence waiver must submit a report to their State agency no later than 1 year after the date the waiver is approved. The report must include a summary of the local agency's use of the physical presence waiver and a description of whether the waiver resulted in improved services for women, infants, and children.

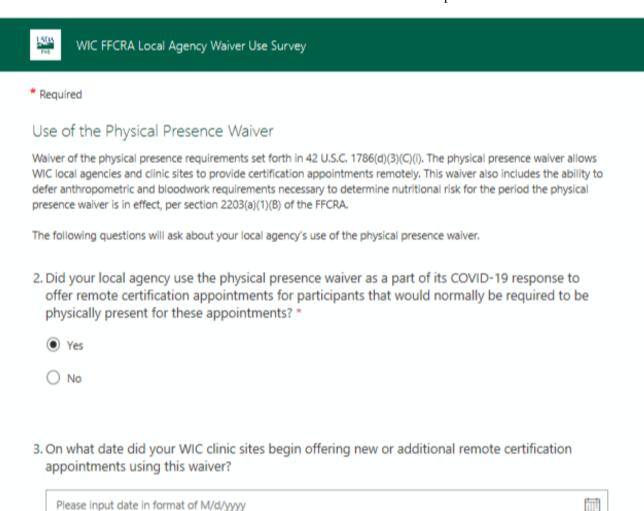

The USDA Food and Nutrition Service (FNS) has created the following survey to streamline the collection of this information in order to reduce burden and standardize the reporting process. The survey must be completed by all WIC local agencies. To fulfill your FFCRA reporting requirements please complete the following survey and hit "SUBMIT" when you are finished.

If you have any technical challenges with accessing or completing this web survey, please contact [CONTACT NAME AND EMAIL].

WIC FFCRA Local Agency Waiver Use Survey

Remote Nutrition Education and Breastfeeding Services During Use of this Waiver

The next two questions will ask you about how nutrition education and breastfeeding counseling were provided remotely. Many WIC local agencies offered some of these remote services before the COVID-19 pandemic. For these questions, please use the first column to indicate how your local agency offered these services remotely BEOFRE the COVID-19 pandemic (generally, before March 2020); and use the second column to indicate how the services were offered in-response to the COVID-19 pandemic (generally, after March 2020).

30. How was nutrition education conducted remotely?
