### **Privacy Act and Public Burden Information**

#### **Privacy Act Information**

The Privacy Act applies to this information collection. Information collected will be kept private as noted in the System of Records Notice is 09-20-0112, *Fellowship Program and Guest Researcher Records*.

#### **Public Burden Information**

Form Approved OMB No. <u>0920-0765</u> Exp. Date <u>03/31/2023</u>

Public reporting burden of this collection of information is an estimated average of 66 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to CDC/ATSDR Reports Clearance Officer; 1600 Clifton Road NE, MS D-74, Atlanta, Georgia 30333; ATTN: PRA (0920-0765).

# **1. Introduction**

The purpose of this document is to list all the data elements of the host site application collected online through the Fellowship Management System (FMS). The FMS online host site assignment module is a streamlined mechanism for agencies, who are interested in hosting fellows of the Centers for Disease Control and Prevention (CDC) fellowships to submit their assignment proposals online and track statuses of the application processes. The FMS is a robust flexible framework and is successfully tailored for various CDC fellowships. The following fellowships use the FMS Host Site Application module to collect applications from federal and non-federal public health agencies and organizations:

- 1. Epidemic Intelligence Service (EIS)
- 2. CDC E-learning Institute (ELI)
- 3. Epidemiology Elective Program (EEP)
- 4. Future Leaders in Infections and Global Health Threats (FLIGHT)
- 5. Laboratory Leadership Service (LLS)
- 6. CDC Steven M. Teutsch Prevention Effectiveness (PE) Fellowship
- 7. Public Health Associate Program (PHAP)
- 8. Public Health Informatics Fellowship Program (PHIFP)
- 9. Science Ambassador Fellowship (SAF)
- 10. Preventive Medicine Residency and Fellowship (PMR/F)
- 11. Population Health Training in Place Program (PH-TIPP)

### **1.1 Document Structure**

This document is broken down by the major pages of the FMS Host Site Application. In this document, each page of the FMS Host Site Application has sections and some sub-sections. In addition, application instructions, login, and registration pages are included.

Following the screenshots in each section is a table that shows the status of the collection of data elements by each CDC fellowships. The following labels indicate the status of the collection:

- "Yes" indicates that the fellowship collects the information and that alumni are required to submit this information.
- "No" indicates that the fellowship does not collect this information.
- "-" indicates open text field

In addition, the table shows the data values of each data element, and for ones that have a list of dropdown values, the data value category is hyperlinked to its list located in the Appendix.

#### Figure 6.3-a. Position Assignment Environment Fields

Position Assignment Environment Describe the program area, department, or organizational unit within the public health agency where the position assignment will be based. Include information on the number of employees/departments/divisions/branches/teams: *	Please attach a PDF of the current organizational chart for the public health agency: *  + Select a file
Describe the staff and other resources available: *	Please describe the size of the community, university affiliations, living environment, cultural and recreational assets, and opportunities for the candidate's partner's employment: *
Describe in detail the workplace support that will be provided (e.g., office setting, computer equipment, clerical and administrative support, peer support, dedicated resources): *	Please describe the availability of safe and affordable housing in a commutable distance (including any special arrangements provided for other staff or previous associates). *
What recent changes or upcoming reorganizations may impact the assignment(s) or supervisor assigned to the candidate? *	Please describe any additional administrative requirements (i.e. type) for accepting a federal assignee. *

#### Attachment 5 - FMS Host Site Module

#### AI/AN Tribal/Tribally-Focused Assignment

Using the radio button options below, please select from one of the following mutually-exclusive criteria to classify this assignment as a tribal or a tribally-focused assignment. An assignment would be considered "tribal" or "tribally-focused" if any one (1) of the following criteria are met.

- Tribe: An Indian or Alaska Native tribe, band, pueblo, village, or community that the Secretary of the Interior acknowledges to exist as an Indian tribe pursuant to the Federally Recognized Indian Tribe List Act of 1994, 25 USC 5130 reclassified
- 2. Tribal Organization: Tribal organizations include the following:
  - Regional Intertribal Organizations such as All Indian Pueblo Council, Great Lakes Intertribal Council, and United South and Eastern Tribes;
  - National Indian Organizations such as National Indian Health Board, National Native American AIDS Prevention Center, etc.;
  - Tribal Epidemiology Centers (TECs).
- 3. Federal agency with a tribal focus: Any agency within the federal government that is responsible for providing services to American Indians and Alaska Natives including but not limited to the following:
  - Indian Health Service (IHS);
  - Environmental Protection Agency (EPA);
  - Bureau of Indian Affairs (BIA)
- 4. Assignment working with elected American Indian/Alaska Native (Al/AN) tribal leaders: This includes any PHAP assignment in a state health department, local health department, nongovernmental organization (NGO), university, or non-federally recognized state tribal organization with associate work activities actively engaged with elected American Indian/Alaska Native (Al/AN) tribal leaders.

### 6.7 EIS

#### 6.7.1 **Proposed Projects**

#### Figure 6.7.1-a. Proposed Projects Fields

Current/Recent Officer Projects

Briefly describe the host site proposed projects: \*

### **Project Opportunities**

Briefly describe the types of analytic project(s) that the officer can expect to conduct. Describe how the projects will move beyond descriptive epidemiology and into analytic epidemiology (e.g., multivariate modeling, time-series modeling, analyses of effect modification), and if the protocols have been developed (EISOs should not spend a substantial amount of time developing protocols).

Proposed Analytic Project(s): \*

Please describe projects or investigations with primary data collection opportunities that will fulfill the field investigation CAL. As a reminder, these are the requirements of the field investigation CAL:

· Collect original data (e.g., interviews or chart reviews)

- Work with state, local, tribal, international, or nongovernmental organization (NGO) partners
- Commit at least 10 working days to the project (including planning, field work, data collection, data analysis, and follow-up

If there are not opportunities within the assignment to fulfill the CAL, state that you support EISOs participating in Epi-Aids and emergency response deployments and give examples of how previous EISOs in your group have fulfilled the Field Investigation CAL.

Opportunities for primary data collection to fulfill the Field Investigation CAL:\*

#### Figure 6.7.1-b. Proposed Projects Fields

Please describe opportunities for activities, projects, or investigations that involve collaboration with public health partners (e.g., local, state, or international partners, universities, NGOs). Include a description of the nature of the collaboration, the EISO's potential role, and the potential for the EISO to travel to interact on-site with public health partners. Examples of collaborative activities include providing training to a local health department, serving on a multi-agency committee, or providing technical assistance to grantees. If officers will primarily interact with public health partners through field investigations, you can just state that here.

Opportunities to collaborate with public health partners: \*

Briefly describe the surveillance evaluation that contributes to the assessment of a surveillance system of local, state, national, nongovernmental organization (NGO), or international significance in order to meet the surveillance evaluation CAL. The description should include information on how the surveillance evaluation project will involve secondary (desk-based) and site visits/field evaluation of a surveillance system.

Proposed Surveillance Project: \*

### 6.10.1 Host Site Information

#### Figure 6.10.1-a. Host Site Information Fields

FLIGHT
Host Site Information
Please describe the types of public health science or research projects that the candidate can expect to conduct, and describe how the projects will advance the candidate's competencies. Ideally these projects should be multi-year, involve the candidate from planning to execution, and allow the candidate opportunities to develop scientific and leadership skills.
Public health science or research projects: *
Please describe opportunities for activities, projects, or investigations that involve collaboration with external public health partners (e.g., local, state, or international partners, universities, NGOs). Include a description of the nature of the collaboration, the candidate's potential role, and the potential for the candidate to travel to interact on-site with the external public health partners. Opportunities to collaborate with public health partners: *
Other Host Site Information
Host site strengths: *
Describe other staff and resources available at the host site: *
Special skills in a candidate that are useful for this host site: *

## 6.11 PMR/F

## 6.11.1 Long-Term Trainee Support & Projects

#### Figure 6.11.1-a. Long-Term Trainee Support & Projects

PMR/F
Long-Term Trainee Support Experience
Describe the program's experience with supporting long-term trainees: $^{\star}$
Projects
PMR/F Performance Requirements:
Provide a bulleted list of potential projects that can be accomplished in 11 months that focus on each of the PMR/F project areas and learning objectives:
Program Evaluation     Policy Analysis or Development     Project Management
Grant Proposal Evaluation and Development
Note that PMR/F projects should emphasize building leadership and management skills in the following Population Health areas: public health and healthcare integration, community health, and health system transformation.
Program Evaluation: *
Policy Analysis or Development: *
Population Health Improvement: *
Project Management: *
Grant Proposal Evaluation and Development: *

#### 6.14.1 Position Assignment Description

Figure 6.14.1-a. Position Assignment Description Fields

Position Assignment Details Please remember that Associates are NOT students, interns, or fellows. Associates should not participate in the conduct of research at their host site.

Please describe in detail your need for a Public Health Associate:

Position Description: Please briefly describe the proposed assignment for the associate (this will be shared with the associate after selection).

How will this address the need identified in the previous question?

Describe how the associate will primarily work with others as part of a team, independently, coordinating or leading activities, or with external stakeholders.

What will your host site offer candidates that similar host sites may not?

If the associate was not a CDC employee, but was an employee of your organization, their position title would be:

## 6.14.6 Population Information

#### Figure 6.14.6-a. Population Information Fields

Population Information
Level of Population Served: *
State
County/Parish/Borough
Local
O Other
Specify: *
Is this a tribal-focused assignment or does is serve a predominately tribal population? $^{\ast}$
O Yes
O No
Estimated population impacted by the Public Health Associate's work: *
Racial Category: *
American Indian or Alaska
Asian
Black or African American
Native Hawaiian or Pacific Islander
White
Ethnicity:
Hispanic or Latino
Age: *
-
Under 5 years 5 - 17 years
18 - 24 years
25 - 44 years
□ 45 - 64 years
65 years and over
Sex: *
Male
Female
Other
For example: If the associate is at a state health department, and your state population is 500,000, enter 500,000 as the total population. If the associate will be working in a program area that addresses adolescent health, and the population of those aged 10- 14 years is 35,000, enter 35,000 for estimated population served. Then break down the race/ethnicity, age, and gender of the population the PHAP will be serving.

#### Table 6.14.6-a. Population Information Fields

Field Name	Values	EIS	LLS	EEP	FLIGHT	PMR/F	PHIFP	PE	PHAP
