Administration

CDC Administration

This page allows internal CDC administrators to see the employer accounts that have been registered and, for each employer, the number of worksites and the number of scorecards (surveys) submitted.

Worksite Administration

The worksite administrator's page allows a worksite to access the worksite's scorecard and track the completion of the scorecard by section. Once a CDC ScoreCard has been submitted, as shown below, the worksite administrator can see the score for each section.

Worksite Registration

Worksite Registration Initiation

The following screen captures show registration of a worksite after user clicks the "Get Started" button on log-in/registration page. In this scenario, an employer account has been created, so the user enters the employer ID for the account to ensure that the worksite is associated with the correct employer.
