S1.

On [DATE], you should have received an email

Or

A week or so ago you should have received mail

from Jessica Passini from the Institute of Social and Economic Research inviting your company to participate in the 2022 Alaska Aviation Workers Safety Study.

The Alaska Aviation Workers Safety Study is research on ways to reduce workplace injuries and increase safety for workers in the Alaska aviation industry. We are asking you, as an **air carrier operator** [or other occupation as appropriate for the survey], to complete a survey.

We are asking for you to complete an online survey that asks questions about:

- What you do in your job
- How risky is your job
- What practices and procedures put you at risk
- What you do to reduce risk
- Have you been injured or made ill while doing your job
- What you think would make your job safer

We don't ask questions about matters that are considered private such as criminal behavior, alcohol or drug use, sexual behavior, or religious beliefs.

It will take about 15 to 25 minutes to complete the survey.

You can complete the survey online using the link we provided. Although you do not have to answer all the questions, we would really appreciate if you could answer as many questions as possible.

Would you be willing to answer the questions with me on the phone today?

→ If **YES**, open the Qualtrics link in the spreadsheet and start asking the questions. ONLY open the link when the person from the company agrees to take the survey.

Begin with reading the consent form [OBTAIN INFORMED CONSENT]

When survey done, note Completed in the spreadsheet.

→ If they would like to **RESCHEDULE**, ask for a good time and note in the spreadsheet the date and time for calling back.

Date: \_\_\_\_\_

Day of the week: \_\_\_\_\_

Time of day: \_\_\_\_\_

→ If **NO**, ask if they would like you to re-send them an email with a link to survey.

- If they agree, confirm or update email (in case they have a new one) and note in spreadsheet: Resend Qualtrics link. Note: New email address if you updated email.
- If they don't want to, note **REFUSED** in the spreadsheet
