SUBJECT: Selection of Targeted Respondents Modification of sub-study "Registration information collection for the NIH Sexual & Gender Minority Research Office (SGMRO) - Regional Workshop" under "Conference, Meeting, Workshop, and Poster Session Registration Generic Clearance (OD)" (OMB#: 0925-0740 Exp., Date: 07/2022)

This is a request for OMB to approve a modification of a sub-study entitled, "Registration information collection for the NIH Sexual & Gender Minority Research Office (SGMRO) - Regional Workshop" selection of targeted respondents previously approved under the "Conference, Meeting, Workshop, and Poster Session Registration Generic Clearance (OD)." The original template described the plan to identify potential group of respondents by publishing a Federal Register Notice. In efforts to target the NIH research community, the plan to identify the potential group has been modified to publish a NIH Notice of Special Interest (NOSI).
