**NOTICE:**

OMB Control Number: 0925-0740

Expiration Date: 07/2022

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

As a part of the launch of the Harnessing Data Science for Health Discovery and Innovation in Africa (DS-I Africa) program, NIH is hosting a DS-I Africa Virtual Symposium Platform. This online resource includes an online networking community that allows participants to: learn about the funding opportunity announcements; network with other participants across disciplines, sectors, and geographies; and explore potential collaborations. The Virtual Symposium Platform will include several keynote videos and interactive webinars with panels of leading data scientists. Access to these online tools and events are free and open to the public.
