Create Account

Creating an account automatically registers you for the symposium. Login to your account to submit abstracts and to join the symposium starting on June 9th. Be sure to fill in your profile information so you can more easily network with other attendees.

Notice

OMB Control Number: 0925-0740

Expiration Date: 07/2022

Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

This website is not government-owned. Collected personally identifiable information will be used by symposium organizers to contact you (name and email address) and in the finished publicly-available symposium abstract booklet (name and institution(s)). By using this third-party application, you may be providing nongovernmental third-parties access to your information. The official program website can be found at https://commonfund.nih.gov/highrisk. For more information on our privacy policy, see https://www.nih.gov/web-policies-notices.

What is your current role in the symposium? If you have multiple HRHR awards, select your most recent one.* (Up to 1)

☐ Pioneer Awardee

☐ New Innovator Awardee

☐ Transformative Research Awardee

☐ Early Independence Awardee

☐ NIH Staff

☐ Member of the Public

Do you have a disability that requires reasonable accommodations for the virtual symposium? Symposium organizers must be informed of any needs by May 19, 2021, in order to make appropriate accommodations (HRHR_Symposium@mail.nih.gov).*

ABSTRACTS ARE DUE MARCH 31, 2021

Awardees are encouraged, but not required, to present their research activities at the symposium as an oral presentation or poster (must be an awardee).

Oral Presentations

Due to the limited number of slots available for oral presentations, speaker preference will be given to those who have not spoken at the symposium before and have awards that have recently ended or are near completion. In addition, speaker selection will seek programmatic balance across science areas and award types. Speaker selections will be made by April 19, 2021, and speakers notified via email.

Oral presentations must be pre-recorded, and the video (mp4 file) submitted to symposium organizers by May 19, 2021. The video cannot be longer than fifteen minutes. If you need help recording your presentation, symposium organizers can assist you.

Your video will be scheduled to play during a set time during the symposium, followed by five minutes of live Q&A.

Poster Presentations

Depending on the number of poster submissions, posters may be selected on a "first-come, first-served" basis. Poster selections will be made by April 19, 2021, and presenters notified via email.

Poster presenters will be given a webpage to feature their work. Text, images, links, and downloadable items can be placed on the page. Presenters may wish to include a short two-minute "elevator pitch" video describing their "poster."

There will be three poster sessions. During your assigned poster session time, you should monitor the text and video chat that will be available on your poster page for questions from attendees.

Abstract and Presentation Guidance

The symposium is unusual in the breadth of the science represented. Abstracts and presentations should be prepared with a broad audience in mind. Please prepare with sufficient background and at such a level that non-experts in the field can readily understand the significance and impact of the research. Please note, when adding co-authors, you are required to provide the co-author's email address. The co-author will not be emailed or notified in any way.

NOTICE:

OMB Control Number: 0925-0740

Expiration Date: 07/2022

Public reporting burden for this collection of information is estimated to average 2 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. **An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a current valid OMB control number.** Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.
