## CODEATHON PROJECT PROPOSAL APPLICATION

Tell us about your proposed project.

Project title

Describe the project you are proposing (1-2 paragraphs). Please include the following information:

- The scientific goals of the project
- The concrete output you hope to produce at the codeathon
- Why the project is a good fit for the codeathon setting

If you anticipate needing access to any specific software, data sets, or computational (including cloud) resources, please list the requirements here:

Tell us about your interest in leading your proposed project:

Each codeathon team has a Team Leader. Before the event, Team Leaders are responsible for determining the goals and scope of the project, and organizing any preparatory work (e.g., selecting and preprocessing datasets). During the event, Team Leaders are responsible for sharing the project goals with the team, defining tasks and assigning them to team members, and facilitating team communication.

Would you like to be the Team Leader for your project?

Yes

No

If you do not want to be a Team Leader, please suggest someone who would be a good leader for this project team (name, email address).
