

Recruitment Materials for NIMH Advanced Statistical Methods and Dynamic Data Visualizations for Multidimensional Neuro-Behavioral Data Workshop

Twitter post:

Register for NIMH's two-day virtual workshop on June 28 and June 30, 2021: Advanced Statistical Methods and Dynamic Data Visualizations for Multidimensional Neuro-Behavioral Data. *LINK to NIMH event page on the workshop*

LinkedIn post:

NIMH is hosting a two-day virtual workshop on June 28 and June 30, 2021: Advanced Statistical Methods and Dynamic Data Visualizations for Multidimensional Neuro-Behavioral Data.

NIMH invites basic, translational, and service and intervention researchers from different backgrounds [including but not limited to statisticians, data scientists, computational scientists, quantitative neuroscientists, psychiatrists, psychologists] to register for this conference. *LINK to NIMH event page on the workshop*

 **NEWS AND EVENTS**

Advanced Statistical Methods and Dynamic Data Visualizations for Multidimensional Neuro-Behavioral Data

Date/Time: June 28, 2021 and June 30, 2021
Location: Virtual

NIMH is hosting a two-day workshop on Advanced Statistical Methods and Dynamic Data Visualizations for Multidimensional Neuro-Behavioral Data.

NIMH invites basic, translational, and service and intervention researchers from different backgrounds [including but not limited to statisticians, data scientists, computational scientists, quantitative neuroscientists, psychiatrists, psychologists] to register for this timely conference.

Day one: June 28, 2021, on Advances in Statistical Methods and Applications

Day two: June 30, 2021, on Dynamic and Interactive Data Visualizations

The workshop is free to attend, but registration is required. Attendees may register for one or both days.
