

Methodological Approaches for Whole Person Research
Registration Form Screenshots
<https://wholepersonresearch.eventbrite.com>

The image shows a screenshot of an Eventbrite registration page. The top section has a blue background with the NIH logo and text: 'U.S. Department of Health & Human Services National Institutes of Health', 'OMB#: 0925-0740 Exp Date: 07/31/2022', and 'National Center for Complementary and Integrative Health'. The right side shows the event title 'Methodological Approaches for Whole Person Research' by 'National Center for Complementary and Integrative Health', with '800 followers' and a 'Following' button. A green 'Register' button is prominent. Below the header, there is a heart icon and a 'Register' button. The main content area is divided into two columns. The left column contains a workshop description: 'Workshop focused on methods needed for rigorous research on interconnected systems, multicomponent interventions, and multisystem outcomes.' followed by 'About this event' and a paragraph: 'This workshop will focus on the methods needed for rigorous research on interconnected systems, multicomponent interventions, and multisystem or multiorgan outcomes. The goal is to identify research methods from other fields that can be applied to whole person research, as well as gaps, opportunities, and needs that could be met via new research. Invited speakers will discuss study design and methodological challenges for whole person research.' The right column contains 'Date and time' (Wed, Sep 29, 2021, 11:30 AM - Thu, Sep 30, 2021, 5:30 PM EDT) and 'Add to calendar', 'Location' (Online event), and 'Online event'. Below this, there is a section for the OMB number (0925-0740) and expiration date (07/31/2022), followed by a public reporting burden statement. At the bottom, there is the NIH NCCIH logo and the text 'National Center For Complementary And Integrative Health' and 'Organizer of Methodological Approaches for Whole Person Research'.

Workshop focused on methods needed for rigorous research on interconnected systems, multicomponent interventions, and multisystem outcomes.

About this event

This workshop will focus on the methods needed for rigorous research on interconnected systems, multicomponent interventions, and multisystem or multiorgan outcomes. The goal is to identify research methods from other fields that can be applied to whole person research, as well as gaps, opportunities, and needs that could be met via new research. Invited speakers will discuss study design and methodological challenges for whole person research.

Public reporting burden for this collection of information is estimated to average 10 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.
