

EMAIL REGISTRATION IS OPEN

Subject: Register Now: Virtual CCDI Symposium (November 9, 2021)

Dear [NAME],

Registration for the 2021 Virtual CCDI Symposium is now open! Registration will be open through **XX** .

For more details and to register please visit [registration site link]

Please contact [Childhood Cancer Data Initiative](#) if you have any questions. Thank you, and we look forward to seeing you in November 2021.

About CCDI

[CCDI](#) is building a community centered around childhood cancer care and research data. Through enhanced data sharing, we can improve our understanding of cancer biology to improve preventive measures, treatment, quality of life, and survivorship, as well as ensure that researchers learn from every child with cancer.

The main goals of CCDI are to:

- gather data from every child, adolescent, and young adult diagnosed with a childhood cancer,
- create a national strategy of appropriate clinical and molecular characterization to speed diagnosis and inform treatment for all types of childhood cancers, and
- develop a platform and tools to bring together clinical care and research data that will improve prevention, treatment, quality of life, and survivorship for childhood cancers.
