

10th Annual Symposium on Global Cancer Research

Early Career Investigator Day

March 22, 2022

Registration Form

The Early Career Investigator day (ECID) is a virtual pre-conference session at the 10th Annual Symposium on Global Cancer Research (no associated travel costs). Registration is free of charge. Please complete the form below. Upon submission of the registration form, you will be notified if your registration is confirmed based on eligibility and space availability. Virtual meeting details will be made available in advance of the meeting. For questions, please contact Fatou Jallow, fatou.jallow@nih.gov.

Commitment to Fairness and Equity. The questions on the registration form are to help the registrant assess their eligibility and respond accordingly. We will rely on the honor system to ensure that all those who register meet the eligibility criteria and are interested in and committed to a global cancer research career. We will cap the registration once the first 100 participants have registered – this will enable meaningful interactions between the participants in a virtual platform. We strongly encourage applications from LMIC-based researchers. Definition of country income classification is per the [World Bank classification](#).

Criteria for Registration:

For the purposes of ECID, an early career investigator is an individual with interest in global cancer research, who is affiliated with an institution that is engaged in cancer research or research training, and meets all the following criteria:

- Education:
 - Has either completed a masters or medical/doctorate degree within the last 15 years, or
 - Is currently enrolled in a medical/doctorate degree program
- Has not received a research grant from the NIH (K or R equivalent) or other international funding organization as principal investigator

OMB No.: 0925-0740
Expiration Date: 07/31/2022

Public reporting burden for this collection of information is estimated to average 3 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

Last Name (Family name)*

First Name (Given name)*

Middle Name

Registrant Suffix (MD, DrPH, MPH, PhD, MSN, etc.)

Highest Education Level Attained and Graduation Year*

Please select one:*

I am a:

- Student/Trainee
- Researcher
- Clinician
- Clinician Scientist
- Other...

Institution*

- Academia
- Government
- NGO
- Private Sector
