

Defining and Targeting Molecular Pathways to Direct Personalized Value-added Treatments for Patients with Epithelial Ovarian Cancer

OMB No.: 0925-0740
Expiration Date: 07/31/2022

Public reporting burden for this collection of information is estimated to average 5 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: NIH, Project Clearance Branch, 6705 Rockledge Drive, MSC 7974, Bethesda, MD 20892-7974, ATTN: PRA (0925-0740). Do not return the completed form to this address.

Fill out the information below, then click Next to proceed. If you experience any difficulties when registering for the meeting, please contact Natalie Fielman, natalie.fielman@nih.gov or Julia Nease; julia.poms@nih.gov for assistance.
