

SNO/NCI Joint Event

Introduction to Career Pathways in Neuro-Oncology

This joint event will provide a venue for undergraduate students, graduate students, medical students, and residents of all disciplines to learn about neuro-oncology careers in basic science and clinical care and research.

The event will offer:

- Information about neuro-oncology careers in basic science and clinical care and research.
- Insights shared by world-renowned neuro-oncology professionals.
- Opportunities and strategies to expand your career as a successful neuro-oncology professional.
- A post-session panel discussion to share your thoughts with experts.

VIRTUAL EVENT

JANUARY 11, 2022 • 1:00 - 3:00 P.M. EST
