

# Block Grant Reporting Section

CFDA 93.958  
(Mental Health)

U.S. Department of Health and Human Services  
Substance Abuse and Mental Health Services Administration

## Table of Contents

- A. Introduction
- B. Implementation Report
  - a. MHBG Table 1 Priority Area and Annual Performance Indicators – Progress Report
- C. State Agency Expenditure Reports
  - a. MHBG Table 2a - (URS Table 7) State Agency Expenditure Report
  - b. MHBG Table 2b - (URS Table 7a) - State Agency Early Serious Mental Illness (ESMI) Expenditures Report
  - c. MHBG Table 2c - (URS Table 7b) - MHBG State Agency Crisis Services Expenditures Report
  - d. MHBG Table 3 - Set-aside for Children’s Mental Health Services
  - e. MHBG Table 4 - (URS Table 8) Profile of Mental Health Block Grant Expenditures for Non-Direct Service Activities
  - f. MHBG Table 5 - (URS Table 10) - Profiles of Agencies Receiving Block Grant Funds Directly from the State MHA
  - g. MHBG Table 6 - Maintenance of Effort for Statewide Expenditures on Mental Health Services
- D. Population and Services Reports
  - a. MHBG Table 7 - (URS Table 1) Profile of the State Population by Diagnosis
    - b. MHBG Table 8a and MHBG Table 8b - (URS Tables 2A and 2B) Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity
    - c. MHBG Table 9 - (URS Table 3) Profile of Persons Served In the Community Mental Health Settings, State Psychiatric Hospitals, and Other Settings
    - d. MHBG Table 10a and MHBG Table 10b - (URS Tables 5A and 5B) Profile of Clients by Type of Funding Support
  - e. MHBG Table 11 - (URS Table 6) Profile of Client Turnover.
  - f. MHBG Table 12 - (URS Table 12) State Mental Health Agency Profile.
    - g. MHBG Tables 13a and 13b - (URS Tables 14A and 14B) Profile of Persons with SMI/SED Served By Age, Gender, and Race/Ethnicity

- h. MHBG Table 14 - (URS Table 15A) Profile of Persons Served in the Community Mental Health Settings, State Psychiatric Hospitals, and Other Settings for Adults with Serious Mental Illness (SMI) and Children with Serious Emotional Disturbance (SED)

E. Performance Indicators and Accomplishments

- a. MHBG Table 15a - (URS Table 4) Profile of Adult Clients by Employment Status
  - b. MHBG Table 15b - (URS Table 4A) Profile of Adult Clients by Employment Status: By Primary Diagnosis Reported (Optional Table)
- c. MHBG Table 16 - (URS Table 9) Social Connectedness and Improved Functioning
- d. MHBG Table 17a - (URS Table 11) Summary Profile of Client Evaluation of Care
  - e. MHBG Table 17b - (URS Table 11A) Consumer Evaluation of Care by Consumer Characteristics: Race/Ethnicity (Optional Table)
- f. MHBG Table 18 - (URS Table 15) Living Situation Profile
  - g. MHBG Table 19 - (URS Table 16) Profile of Adults with Serious Mental Illnesses and Children with Serious Emotional Disturbances Receiving Specific Services
  - h. MHBG Table 19a - (URS Table 16A) Adults with Serious Mental Illnesses and Children with Serious Emotional Disturbances Receiving Evidence Based Services for First Episode Psychosis.
  - i. MHBG Table 19b – (URS Table 16B) Adults with Serious Mental Illness and Children with Serious Emotional Disturbances Receiving Crisis Response Services.
  - j. MHBG Table 20 - (URS Table 17) Profile of Adults with Serious Mental Illnesses Receiving Specific Services during the Year
  - k. MHBG Table 21 - (URS Table 19A) Profile of Criminal Justice or Juvenile Justice Involvement
- l. MHBG Table 22 - (URS Table 19B) Profile of Change in School Attendance
  - m. MHBG Table 23a - (URS Table 20A) Profile of Non-Forensic (Voluntary and Civil-Involuntary) Patients Readmission to Any State Psychiatric Inpatient Hospital within 30/180 Days of Discharge
  - n. MHBG Table 23b - (URS Table 20B) Profile of Forensic Patients Readmission to Any State Psychiatric Inpatient Hospital within 30/180 Days of Discharge
  - o. MHBG Table 24 - (URS Table 21) Profile of Non-Forensic (Voluntary and Civil-Involuntary Patients) Readmission to Any Psychiatric Inpatient Care Unit (State Operated or Other Psychiatric Inpatient Unit) within 30/180 Days of Discharge (Optional Table)

States and jurisdictions are required to complete the reporting document. The reporting document is comprised of the following sections:

**Section A. Introduction**

Title XIX, Part B, Subpart III of the Public Health Service Act (42 U.S.C. 300x-52(a)), requires the Secretary of the Department of Health and Human Services, acting through the Assistant Secretary of the Substance Abuse and Mental Health Services Administration (SAMHSA), to determine the extent to which states and jurisdictions have implemented the state plan for the prior fiscal year. The purpose of the annual report is to provide information to assist the secretary in making this determination.

Additionally, SAMHSA is directed by Congress through the Consolidated Appropriations Act, 2021 and the Coronavirus Response and Relief Supplement Appropriations Act, 2021 [P.L. 116-260], to set aside 5 percent of the Mental Health Block Grant (MHBG) allocation for each state to support evidence-based crisis systems. States are required to provide services to those in crisis through three core services. SAMHSA will collect related data in Sections C and E.

States and jurisdictions are required to prepare and submit their reports for the last completed state fiscal year (SFY), in the format provided in this guidance. The report will address the purposes for which the MHBG funds are expended, the recipients of grant funds, and the authorized activities conducted, and services purchased with such funds. Particular attention should be given to the progress made toward accomplishing the goals and performance indicators identified in the states and jurisdictions’ plans.

All states and jurisdictions are required to prepare and submit their respective reports utilizing SAMHSA’s Web Block Grant Application System (BGAS). This report must be received by SAMHSA no later than December 1, in order for the state or jurisdiction to receive its next grant. If the due date falls on a weekend or federal holiday, the report will be due on the next business day. The following schedule includes specific due dates for annual reports:

<b>Due Dates for Mental Health and Combined Block Grant Components</b>				
<b>FY the state is applying for funds</b>	<b>Application Due</b>	<b>Plan Due</b>	<b>Planning Period</b>	<b>MHBG Report Due</b>
2022	9/1/2021	Yes	7/1/19 – 6/30/21	12/1/2021 Report year is Last Completed SFY
2023	9/1/2022	No	Updates only	12/1/2022 Report year is Last Completed SFY

**Section B:** Implementation Report - In this section states and jurisdictions are required to provide a brief review of the extent to which their respective plans were implemented, the progress towards the priorities and goals identified in the Block Grant plan over the last completed fiscal year. The report should also include a brief review of areas the state or jurisdiction identified in that Block Grant Plan as needing improvement and changes the state or jurisdiction would propose to achieve the goals established in the priorities.

**Section C:** State Agency Expenditure Reports - In this section states and jurisdictions should provide information regarding expenditures for authorized activities and services for mental health- including crisis services.

**Section D:** Populations and Services Report - In this section states and jurisdictions must provide specific information regarding the number of individuals served that are the focus of the state's Mental Health Block Grant plan. States should report all mental health clients whose care is funded by MHBG, state funds, and any other funds the SMHA considers part of their behavioral health system. In addition, states and jurisdictions should provide specific information regarding the services these individuals received.

**Section E:** Performance Indicators and Accomplishments - In this section states and jurisdictions are required to complete the Performance Indicator tables. Performance indicators should be reported using the table format provided in this document. The purpose of the performance indicator tables is to show progress made over time as measured by SAMHSA's National Outcome Measures (NOMS) for mental health services including any state or jurisdiction-selected performance indicators.

**B. Implementation Report**

The information states and jurisdictions entered into the performance indicator tables (Plan Table 1) in the planning section of the 2022/2023 Behavioral Health Assessment and Plan will automatically populate cells 1 – 6 in the progress report tables below. States and jurisdictions are required to indicate whether each year performance target/outcome measurement identified in the 2022/2023 Plan was “Achieved” or “Not Achieved” in Cell 7, Report of Progress toward Goal Attainment. If a target was not achieved, a detailed explanation must be provided and remedial steps proposed to meet the target.

**MHBG Table 1 - Priority Area and Annual Performance Indicators – Progress Report**

Priority Areas and Annual Performance Indicators	
1. Priority Area:	2. Priority Type (SAP, SAT, MHS):
3. Population(s) (SMI, SED, ESMI, PWWDC, IVDUs, HIV/EIS, TB, OTHER):	
4. Goal of the priority area:	
5. Objective:	
6. Strategies to attain the objective:	
7. Annual Performance Indicators/objectives to measure goal success:	
Indicator #1:	
a) Baseline measurement (Initial data collected prior to the first-year target/outcome):	
b) First-year target/outcome measurement (Progress – end of SFY 2022):	
c) Second-year target/outcome measurement (Final – end of SFY 2023):	
d) Data source:	
e) Description of data:	
f) Data issues/caveats that affect outcome measures:	
8. Report of Progress toward Goal Attainment:	
First-year Target: ___ Achieved ___ Not Achieved (If not achieved, explain why.) ___	
Reason why target was not achieved, and changes proposed to meet target:	

### **C. State Agency Expenditure Reports**

States and jurisdictions should provide information regarding MHBG, Medicaid, other federal funding sources, state, local and other funds expended for authorized activities to treat mental illness during the last completed SFY.

**Please Note:** Data for all tables contained in the Uniform Reporting System (URS) will continue to be submitted into the URS database maintained by the URS Contractor. Please complete the tables described below.

**MHBG Table 2a** (URS Table 7) - *State Agency Expenditure Report*. MHBG Table 2 provides information on Mental Health Expenditures and Sources of Funding. This includes funding from Medicaid, the MHBG and other federal funding sources, state, local and other funds.

**MHBG Table 2b** - *State Agency Early Serious Mental Illness (ESMI) Expenditures Report*. MHBG Table 2b provides information on Mental Health Expenditures and Sources of Funding specifically for the First Episode Psychosis (FEP) Programs as well as other Early Serious Mental Illness (ESMI) programs through the required MHBG 10% set-aside. This includes funding from Medicaid, the MHBG and other federal funding sources, state, local and other funds. The inclusion of local funds is important but optional.

**MHBG Table 2c** - *MHBG State Agency Crisis Services Expenditures Report*. MHBG Table 2c provides information on how different funding sources are being used to fund crisis response services in the state.

**MHBG Table 3** - *Set-aside for Children's Mental Health Service*. MHBG Table 3 provides a report of statewide expenditures for children's mental health services during the last completed SFY. States are required to provide systems of integrated services for children with SED. Each year the state shall expend not less than the amount expended in FY 1994. If there is a shortfall in funding available for children's mental health services, the state may request a waiver. A waiver may be granted if the Secretary determines that the state is providing an adequate level of comprehensive community mental health services for children with SED, as indicated by comparing the number of children in need of such services with the services actually available within the state. The Secretary shall approve or deny the request for a waiver no later than 120 days after the request is made. A waiver granted by the Secretary shall be applicable only for the fiscal year in question.

**MHBG Table 4** (URS Table 8) - *Profile of Mental Health Block Grant Expenditures for Non-Direct Service Activities*. MHBG Table 4 is used to report expenditures of MHBG funds for non-direct service activities that are funded or conducted by the State Mental Health Authority (SMHA) during the last completed SFY.

**MHBG Table 5** (URS Table 10) - *Profiles of Agencies Receiving Block Grant Funds Directly from the state MHA*. MHBG Table 5 reports payments to recipients of MHBG funds including intermediaries, (e.g., administrative service organizations, and other organizations), which

b. Mental Health Primary Prevention <sup>c</sup>		\$	\$	\$	\$	\$	\$	\$	\$
3. Evidence-Based Practices for Early Serious Mental Illness including First Episode Psychosis (10 percent of total award MHBG) <sup>d</sup> .		\$	\$	\$	\$	\$	\$	\$	\$
4. Tuberculosis Services									
5. Early Intervention Services for HIV									
6. State Hospital			\$	\$	\$	\$	\$	\$	\$

14. Total		\$	\$	\$	\$	\$	\$	\$	\$

<sup>a</sup> The 24-month expenditure period for the COVID-19 Relief supplemental funding is March 15, 2021 – March 14, 2023, which is different from the expenditure period for the “standard” MHBG. Per the instructions, the standard MHBG expenditures captured in Columns A – G are for the state expenditure period of July 1, 2022 –

June 30, 2024, for most states. Column H should reflect the spending for the state reporting period. The total may reflect the COVID-19 Relief allotment portion used during the state reporting period.

<sup>b</sup>The expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is September 1, 2021 – September 1, 2025, which is different from the expenditure period for the “standard” MHBG. The standard MHBG expenditures captured in Columns A – G are for the state expenditure period of July 1, 2022 – June 30, 2024, for most states.” Column I should reflect the spending for the state reporting period. The total may reflect the ARP allotment portion used during the state reporting period.

<sup>c</sup> While the state may use state or other funding for these services, the MHBG funds must be directed toward adults with SMI or children with SED

<sup>d</sup> Column 3B should include Early Serious Mental Illness programs funded through MHBG set aside

<sup>e</sup> Per statute Administrative expenditures cannot exceed 5% of the fiscal year award.

<sup>f</sup> Row 10 should include Crisis Services programs funded through different funding sources, including the MHBG set aside. States may expend more than 5 percent of their MHBG allocation.

**MHBG Table 2b - MHBG State Agency First Episode Psychosis Expenditure Report**

Activity (See instructions for using Row 1)	A. Mental Health Block Grant	B. Medicaid (Federal, State, and Local)	C. Other Federal Funds (e.g., ACF (TANF), CDC, CMS (Medicare), SAMHSA, etc.)	D. State Funds	E. Local funds (excluding local Medicaid)	F. Other
1. CSC Evidence-Based Practices for First Episode Psychosis*	\$	\$	\$	\$	\$	\$
2. Training for CSC Practices						
3. Planning for CSC Practices						
4. Other Early Serious Mental Illnesses programs (other than FEP or partial CSC programs)						
3.. Training for ESMI	\$	\$	\$	\$	\$	\$
4.. Planning for ESMI						
Total	\$	\$	\$	\$	\$	\$
Comments on Data:						

\*When reporting CSC Evidence-Based Practices for First Episode Psychosis, report only those programs that are providing all the components of a CSC model. If the state uses only certain components of a CSC model specifically for FEP, please report them in row 2. Note, the totals for this table should equal the amounts reported on Row 3 (Evidence-Based Practices for Early Serious Mental Illness) on MHBG Table 2a (URS Table 7a)

**MHBG Table 2c - MHBG State Agency Crisis Services Expenditures Report**

This table describes expenditures for Crisis Response services provided or funded by the state mental health agency by source of funding.

MHBG State Agency Crisis Services Expenditures Report							
MHBG Table 2c

Comments on Data				

<sup>a</sup>The 24-month expenditure period for the COVID-19 Relief supplemental funding is March 15, 2021 – March 14, 2023, which is different from the expenditure period for the “standard” MHBG. Per the instructions, the standard MHBG expenditures captured in Columns A - C are for the state expenditure period of July 1 – June 30 of the same year for most states. Column B should reflect the spending for the state reporting period. The total may reflect the COVID-19 Relief allotment portion used during the state budget reporting period.

<sup>b</sup>The expenditure period for The American Rescue Plan Act of 2021 (ARP) supplemental funding is September 1, 2021 – September 1, 2025, which is different from the expenditure period for the “standard” MHBG. Per the instructions, the standard MHBG expenditures captured in Columns A – C are for the state expenditure period of July 1 – June 30 of the same year, for most states. Column C should reflect the spending for the state reporting period. The total may reflect the ARP allotment portion used during the state reporting period.

**MHBG Table 6 Maintenance of Effort for State Expenditures on Mental Health Services**

Maintenance of Effort for State Expenditures on Mental Health Services		
MHBG Table 6:		
State Identifier:		
Report Period- From:	To:	
Total Expenditures for State:		
Period	Expenditures	$\frac{B1 (2018) + B2 (2019)}{2}$
A	B	C
SFY 2019 (1)		
SFY 2020 (2)		
SFY 2021 (3)		

Are the expenditure amounts reported in Column B “actual” expenditures for the fiscal years involved?

	Yes	No
SFY 2019		
SFY 2020		
SFY 2021		

If any estimated expenditures are provided, please indicate when “actual” expenditure data will be submitted to SAMHSA: \_\_\_/\_\_\_/\_\_\_  
mm/dd/yyyy

States are required to submit sufficient information for the Secretary to make a determination of compliance with the statutory Maintenance of Effort (MOE) requirements.<sup>1</sup> MOE information is necessary to document that the state maintained expenditures for community mental health services at a level that is not less than the average level of such expenditures for the 2-year period preceding the fiscal year for which the state applies for the grant. The state shall only include community mental health services expenditures for individuals that meet the federal or state definition of SMI adults and SED children. States that received approval to exclude funds from the maintenance of effort calculation should include the appropriate MOE approval documents.

#### ***A. MOE Exclusion***

The Secretary may exclude from the aggregate amount any state funds appropriated to the principal agency for authorized activities of a non-recurring nature and for a specific purpose.<sup>2</sup>

A request for MOE exclusion should meet the following requirements:

The state shall request the exclusion separately from the application.

The request shall be signed by the state's Chief Executive Officer or by an individual authorized to apply for the CMHS Block Grant on behalf of the Chief Executive Officer.

The state shall provide documentation that supports its position that the funds were appropriated by the state legislature for authorized activities which are of a non-recurring nature and for a specific purpose; indicates the length of time the project is expected to last in years and months; and affirms that these expenditures would be in addition to funds needed to otherwise meet the state's MOE requirement for the year in which it is applying for exclusion.

The state may not exclude funds from the MOE calculation until such time as the SAMHSA Administrator has approved in writing the state's request for exclusion.

#### ***B. MOE Shortfalls***

States are expected to meet the MOE requirement. If a state cannot meet the MOE requirement, the legislation permits relief based on the recognition that extenuating circumstances may explain the shortfall. These conditions are described below.

##### ***1. Waiver for Extraordinary Economic Conditions***

---

<sup>1</sup>Section 1915(b)(1) of the PHS Act (42 USC 300x-4).

<sup>2</sup>Section 1915(b)(2) of the PHS Act (42 USC 300x-4).

A state may request a waiver to the MOE requirement if it can be demonstrated that the MOE deficiency was the result of extraordinary economic conditions that occurred during the State Fiscal Year in question. An extraordinary economic condition is defined as a financial crisis in which the total tax revenues declined at least one and one-half percent, and either the unemployment increases by at least one percentage point, or employment declines by at least one and one-half percent.

## **2. Material Compliance**

If the state is unable to meet the requirements for a waiver under extraordinary economic conditions, the authorizing legislation does permit the Secretary, under certain circumstances, to make a finding that even though there was a shortfall on the MOE, the state maintained material compliance with the MOE requirement for the fiscal year in question. Therefore, the state is given an opportunity to submit information that might lead to a finding of material compliance. The relevant factors that SAMHSA considers in making a recommendation to the Secretary include: (1) whether the state maintained service levels; (2) the state's mental health expenditure history; and (3) the state's future commitment to funding mental health services.

### **D. Populations and Services Report**

States and jurisdictions are required to provide information regarding individuals that are served by the state mental health authority using MHBG Tables 7 through 14.

**MHBG Table 7** (URS Table 1) *Profile of the State Population by Diagnosis*. MHBG Table 7 provides the number of Adults with serious mental illness (SMI) and Children with serious emotional disturbance (SED) in the reporting year and in three years forward. Data for this table is prepared for the states by SAMHSA.

**MHBG Tables 8a and 8b** (URS Tables 2A and 2B) *Profile of Persons Served, All Programs by Age, Gender and Race/Ethnicity*. MHBG Tables 8a and 8b provide an aggregate profile of unduplicated persons in the reporting year. The reporting year should be the latest SFY for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account institutional and community services for all such programs. States and jurisdictions are to provide this information on all programs by age, gender, and race/ethnicity.

**MHBG Table 9** (URS Table 3) *Profile of Persons Served in the Community Mental Health Settings, State Psychiatric Hospitals, and Other Settings*. MHBG Table 9 provides an aggregate profile of unduplicated persons in the reporting year for services provided or funded through the MHBG. The reporting year should be the latest SFY for which data are available. The client profile considers institutional and community services for all such programs. States and jurisdictions are to provide this information on all programs by age, gender, and race/ethnicity.

**MHBG Table 10a and 10b** (URS Tables 5A and 5B) *Profile of Clients by Type of Funding Support*. MHBG Tables 10a and 10b provide the number of female and male clients by race and ethnicity that have Medicaid Only, Non-Medicaid Sources, Both Medicaid and Non-Medicaid, and Status Not Available.

**MHBG Table 11** (URS Table 6) *Profile of Client Turnover*. MHBG Table 11 requests information regarding the profile of client turnover in various out-of-home settings (e.g. state hospitals, inpatient psychiatric hospitals, and residential treatment centers). Information collected by this table requests admissions, discharges, and length of stay.

**MHBG Table 12** (URS Table 12) *State Mental Health Agency Profile*. MHBG Table 12 provides the populations covered in state hospitals and community program in age categories 0-3, 4-17, and 18 and above.

**MHBG Tables 13a and 13b** (URS Tables 14A and 14B) *Profile of Persons with SMI/SED Served By Age, Gender and Race/Ethnicity*. MHBG Tables 13a and 13b request counts for persons with SMI or SED using the definitions provided by CMHS. These tables include individuals receiving services in programs provided or funded by the state mental health agency. States and jurisdictions should report using the federal definitions of SMI and SED if they can, if not, please report using the state’s definitions of SMI and SED and provide information in these tables describing your state’s definition.

**MHBG Table 14** (URS Table 15A) *Profile of Persons Served in the Community Mental Health Settings, State Psychiatric Hospitals, and Other Settings for Adults with SMI and Children with SED*. MHBG Table 14 provides a profile for Adults with Serious Mental Illnesses (SMI) and Children With Serious Emotional Disturbances (SED) that received public funded mental health services in community mental health settings, in state psychiatric hospitals, in other psychiatric inpatient programs, and in residential treatment centers for children.

MHBG Table 7 (URS Table 1). Profile of the State Population by Diagnosis		
<i>This table summarizes the estimates of adults residing within the state with serious mental illness (SMI) and children residing within the state with serious emotional disturbances (SED). The table calls for estimates for two time periods, one for the report year and one for three years into the future. CMHS will provide this data to states based on the standardized methodology developed and published in the Federal Register and the state level estimates for both adults with SMI and children with SED.</i>

<b>Note: CMHS will complete this table for the states.</b>		

MHBG Table 8a (URS Table 2A) *Profile of Persons Served, All Programs by Age, Gender, Race/Ethnicity*

*This table provides an aggregate profile of persons in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client receiving services in programs provided or funded by the state mental health agency. The client profile takes into account all institutional and community services for all such programs. Please provide unduplicated counts if possible.*

**MHBG Table 10a Profile of Clients by Type of Funding Support (URS Table 5A)**

*This table provides a summary of clients by Medicaid coverage. Since the focus of the reporting is on clients of the public mental health service delivery system, this table focuses on the clientele serviced by public programs that are funded or operated by the State Mental Health Authority. Persons are to be counted in the Medicaid row if they received a service reimbursable through Medicaid.*

Please note that the same person may be served in both Medicaid and Non-Medicaid programs during the same reporting period.

MHBG Table 10a															
Report Period- From:		To:

Medicaid Status Not Available															
<b>Total Served</b>															

Data Based on Medicaid Services  Data Based on Medicaid Eligibility, not Medicaid Paid Services  People Served by Both includes people with any Medicaid

Comments on Data (for Race):
Comments on Data (for Gender):
Comments on Data (Overall):

Each row should have a unique (unduplicated) count of clients: (1) Medicaid Only, (2) Non-Medicaid Only, (3) Both Medicaid and Other Sources funded their treatment, and (4) Medicaid Status Not Available.

If a state is unable to differentiate between people whose care is paid for by Medicaid only or Medicaid and other funds, then all data should be reported into the 'People Served by Both Medicaid and Non-Medicaid Sources' and the 'People Served by Both includes people with any Medicaid' check box should be checked.

**MHBG Table 13a (URS Table 14A) Profile of Persons with SMI/SED served by Age, Gender and Race/Ethnicity**

This table requests counts for persons with SMI or SED using the definitions provided by SAMHSA. MHBG Table 8a and 8b (URS Table 2A and 2B) included all clients served by publicly operated or funded programs. This table counts only clients who meet the federal definition of SMI or SED. For many states, this table may be the same as MHBG Tables 8a and 8b (URS Table 2A and 2B). States should report using the federal definitions of SMI and SED if they can, if not, please report using your state's definitions of SMI and SED and provide information below describing your state's definition.

Please report the data under the categories listed - "Total" is calculated automatically.

**Note:** Clients can be duplicated between rows (e.g., the same client may be served in both state psychiatric hospitals and community mental health centers during the same year and thus would be reported in counts for both rows).

**Instructions:**

- 1 States that have county psychiatric hospitals which serve as surrogate state hospitals should report persons served in such settings as receiving services in state hospitals.
- 2 If forensic hospitals are part of the state mental health agency system, include them.
- 3 Persons who receive non-inpatient care in state psychiatric hospitals should be included in the Community MH Program Row.
- 4 Persons who receive inpatient psychiatric care through a private provider or medical provider licensed, or contracted through the SMHA, should be counted in the "Other Psychiatric Inpatient" row. Persons who receive Medicaid funded inpatient services through a provider that is not licensed or contracted by the SMHA should not be counted here.
- 5 A person who is served in both community and inpatient settings should be included in both rows.
- 6 RTC: CMHS has a standardized definition of RTC for Children: "An organization, not licensed as a psychiatric hospital, whose primary purpose is the provision of individually planned programs of mental health treatment services in conjunction with residential care for children and youth primarily 17 years old and younger. It has a clinical program that is directed by a psychiatrist, psychologist, social worker, or psychiatric nurse who has a master's degree or doctorate. The primary reason for the admission of the clients is mental illness that can be classified by either DSM-V or ICD-10 codes other than the codes for mental retardation, developmental disorders, and substance-related disorders such as drug abuse and alcoholism (unless these are co-occurring with a mental illness)."

## E. Performance Data and Outcomes

MHBG Table 15a (URS Table 4) *Profile of Adult Clients by Employment Status*. MHBG Table 15a describes the status of adult clients served in the report year by the public mental health system in terms of employment status. The focus is on employment for the working age population, recognizing, however, that there are clients who are disabled, retired or who are homemakers, caregivers, etc., and not a part of the workforce. These persons should be reported under the “Not in Labor Force” category. This category has two subcategories: retired and other (the totals of these two categories should equal the number listed in the "Not in Labor Force" column). Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.

MHBG Table 15b (URS Table 4A) *Optional Table: Profile of Adult Clients by Employment Status, by Primary Diagnosis Reported*. MHBG Table 15b requests information on the status of adult clients served in the report year by the public mental health system in terms of employment status by primary diagnosis reported.

MHBG Table 16 (URS Table 9) *Social Connectedness and Improved Functioning*. MHBG Table 16 requests states and jurisdictions to provide information for youth and adults regarding social connectedness. In addition, states are required to provide information on functional domains that provide a general sense of an individual’s ability to develop and maintain relationships, cope with challenges, and develop a sense of community belonging.

MHBG Table 17a (URS Table 11) *Summary Profile of Client Evaluation of Care*. MHBG Table 17a requests information that evaluates the “experience” of care for individuals that participate in the public mental health system. Specifically, the evaluation focuses on several areas including access, quality and the appropriateness of services, participation in treatment planning, and general satisfaction with services. Please provide unduplicated counts, if possible. This table provides an aggregate profile of persons served in the reporting year. The reporting year should be the latest state fiscal year for which data are available. This profile is based on a client's last known living situation.

MHBG Table 17b (URS Table 11A) *Optional Table: Consumer Evaluation of Care by Consumer Characteristics: Race/Ethnicity*. MHBG Table 17b requests information that evaluates the “experience” of care for individuals that participate in the public mental health system, broken down by race, ethnicity, and age category (adult or child/adolescent).

MHBG Table 18 (URS Table 15), *Living Situation Profile*. MHBG Table 18 requests information regarding the number of Individuals in Each Living Situation as collected by the most recent assessment in the reporting period. Specifically, information is collected on the individual’s last known living situation. Living situations include, but are not limited to, private residence, foster care, residential care, jail/correctional facility, homeless shelter and other.

MHBG Table 19 (URS Table 11) *Profile of Adults with Serious Mental Illness and Children with Serious Emotional Disturbances Receiving Specific Services*. MHBG Table 19 requests information regarding the number and demographics of individuals that are receiving specific evidence-based services. In addition, the table requests information on if and how states and jurisdictions monitor the fidelity for the evidence-based services.

MHBG Table 19a (URS Table 16a) *Adults with Serious Mental Illness and Children with Serious Emotion Disturbances receiving Evidence Based Services for First Episode Psychosis*. Table 19a requests information regarding the number of individuals that are receiving evidence-based services for First Episode Psychosis (FEP). In addition, the table requests information on if, and how, states and jurisdictions monitor the fidelity for the FEP evidence-based services.

MHBG Table 19b *Adults with Serious Mental Illness and Children with Serious Emotional Disturbances Receiving Crisis Response Services*. Table 19b requests information to assess the usage of crisis response services by adults and children in the state.

MHBG Table 20a (URS Table 16) *Profile of Adults with Serious Mental Illnesses and Children with Serious Emotional Disturbances Receiving Specific Services*. MHBG Table 20a requests information regarding the number and demographics of individuals that are receiving specific evidence-based services. In addition, the table requests information on if, and how, states and jurisdictions monitor the fidelity for the evidence-based services.

MHBG Table 20b (URS Table 17) *Profile of Adults with Serious Mental Illnesses Receiving Specific Services during the Year*. MHBG Table 20b provides the number of unduplicated Adults with SMI receiving family psycho education, integrated treatment for co-occurring disorders, illness self-management and medication management.

MHBG Table 21 (URS Table 19A) *Profile of Criminal Justice or Juvenile Justice Involvement*. MHBG Table 21 requests information to measure the change in arrests over time.

MHBG Table 22 (URS Table 19B) *Profile of Change in School Attendance*. MHBG Table 22 measures the change in days attended over time. Information required includes information on suspensions, expulsions, and changes in the school attendance.

MHBG Table 23a (URS Table 20A) *Profile of Non-Forensic (Voluntary and Civil-Involuntary) Patients Readmission to Any State Psychiatric Inpatient Hospital Within 30/180 Days of Discharge*. MHBG Table 23a provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

MHBG Table 23b (URS Table 20B) *Profile of Forensic Patients Readmission to Any State Psychiatric Inpatient Hospital within 30/180 Days of Discharge*. MHBG Table 23 provides the total number of discharges within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

MHBG Table 24 (URS Table 21) Optional Table: *Profile of Non-Forensic (Voluntary and Civil-Involuntary Patients) Readmission to Any Psychiatric Inpatient Care Unit (State Operated or Other Psychiatric Inpatient Unit) within 30/180 Days of Discharge*. MHBG Table 24 provides the total number of discharges from inpatient care units within the year, the number of readmissions within 30-days and 180-days and the percent readmitted by age, gender, race, and ethnicity.

**MHBG Table 15a (URS Table 4) Profile of Adult Clients by Employment Status**

*This table describes the status of adult clients served in the reporting year by the public mental health system, in terms of employment status. The focus is on employment for the working age population, recognizing, however, there are clients who are disabled, retired, or who are homemakers, caregivers, etc., and not a part of the workforce. These persons should be reported in the "Not in Labor Force" category. This category has two subcategories: retired and other, (the totals of these two categories should equal the number listed in the "Not in Labor Force" column). Unemployed refers to persons who are looking for work but have not found employment. Data should be reported for clients in non-institutional settings at time of discharge or last evaluation.*

**MHBG Table 15b (URS Table 4A) Optional Table: Profile of Adult Clients by Employment Status: by Primary Diagnosis Reported**

The workgroup exploring employment found that the primary diagnosis of consumer results in major differences in employment status. The workgroup has recommended that we explore the ability of states to report employment by primary diagnosis and the impact of diagnosis on employment. The workgroup recommended 5 diagnostic clusters for reporting.

If No, what source did you use?		
Recommended Scoring Rules		
<i>Please use the same rules for reporting Social Connectedness and Functioning Domain scores as for calculating other Consumer Survey Domain scores for Table MHBG Table 18a: e.g.:</i>		
1. Recode ratings of “not applicable” as missing values.		
2. Exclude respondents with more than 1/3 of the items in that domain missing.		
3. Calculate the mean of the items for each respondent.		
4. FOR ADULTS: calculate the percent of scores less than 2.5 (percent agree and strongly agree).		
5. FOR YSS-F: calculate the percent of scores greater than 3.5 (percent agree and strongly agree).

6. Sample Size and Response Rate:				
6.a How many Surveys were Attempted (sent out or calls initiated)?				
6.b How many survey Contacts were made? (surveys to valid phone numbers or addresses)				
6.c How many surveys were completed? (survey forms returned or calls completed)				
6.d What was your response rate? (number of Completed surveys divided by number of Contacts)				
6.e If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these surveys as "completed" for the calculation of response rates?				
7. Who Conducted the Survey?				
7.a SMHA Conducted or contracted for the Survey (survey done at state level)				
7.b Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)				
7.c Other: Describe:				
* Report Confidence Intervals at the 95 percent confidence level <i>Note: The confidence interval is the plus-or-minus figure usually reported in newspaper or television opinion poll results. For example, if you use a confidence interval of 4 and 47 percent of your sample picks an answer you can be "sure" that if you had asked the question of the entire relevant population between 43 percent (47-4) and 51 percent (47+4) would have picked that answer. The confidence level tells you how sure you can be. It is expressed as a percentage and represents how often the true percentage of the population who would pick an answer lies within the confidence interval. The 95 percent confidence level means you can be 95 percent certain; the 99 percent confidence level means you can be 99</i>				

percent certain. Most researchers use the 95 percent confidence level.  
 When you put the confidence level and the confidence interval together, you can say that you are 95 percent sure that the true percentage of the population is between 43 percent and 51 percent. (From www.surveysystem.com)

**Child/Family Consumer Surveys**

1. Was the MHSIP Children/Family Survey (YSS-F) Used?

If No, what survey did you use?

*If no, please attach instrument used.*

1.c Did you use any translations of the Child MHSIP into another language?

2. Other Language:

**Child Survey Approach:**

2. Populations covered in survey? (Note: all surveys should cover all regions of state)

2.a If a sample was used, what sample methodology was used?

4. Other Sample:

2.b Do you survey only people currently in services, or do you also Survey Persons no longer in service?

2a. If yes to 2, please describe how your survey persons no longer receiving services.

3. Please Describe the populations included in your sample: (e.g., all children, only children with SED, etc.)

3.4 Other: describe: (for example, if you survey anyone served in the last 3 months, describe that here):

4. Methodology of collecting data? (**Check all that apply**)

	Self-Administered	Interview		
Phone				
Mail				
Face-to-face				
Web-based				

4.b. Who administered the Survey? (Check all that apply)

6. Other: describe:

5. Are Responses Anonymous, Confidential, or Linked to other Patient Databases?

6. Sample Size and Response Rate:

6.a. How many Surveys were Attempted (sent out or calls initiated)?

6.b. How many survey Contacts were made? (surveys to valid phone numbers or addresses)

6.c. How many surveys were completed? (survey forms returned or calls completed)

6.d. What was your response rate? (number of Completed surveys divided by number of Contacts)

6.e. If you receive "blank" surveys back from consumers (surveys with no responses on them), did you count these surveys as "completed" for the calculation of response rates?

**7. Who Conducted the Survey?**

7.a. SMHA Conducted or contracted for the Survey (survey done at state level)

7.b. Local Mental Health Providers/County mental health providers conducted or contracted for the survey (survey was done at the local or regional level)

7.c. Other: Describe:

Region for which <b>adult</b> data are reported:	<input type="checkbox"/> 1) The whole state	<input type="checkbox"/> 2) Less than the whole state (please describe):
--	---	--

Region for which <b>children/youth</b> data are reported:	<input type="checkbox"/> 1) The whole state	<input type="checkbox"/> 2) Less than the whole state (please describe):
---	---	--

What is the Total Number of Persons Surveyed, or for whom Criminal Justice Data are Reported	Child/Adolescents	Adults
1. If data is from survey, what is the total number of people from which the sample was drawn?		
2. What was your sample size (How many individuals were selected for the sample)?		
3. How many survey contacts were made (surveys to valid phone numbers or addresses)?		
4. How many surveys were completed (survey forms returned or calls completed), if data source was not a survey? How many persons were CJ data available for?		
5. What was your response rate? (number of completed surveys divided by number of contacts):		

**State Comments/Notes:**

**Instructions:**  
 If you have responses to a survey by person not in the expected age group, you should include those responses with other responses from the survey (e.g., if a 16 or 17 year old responds to the Adult MHSIP survey, please include their responses in the Adult categories, since that was the survey they used).

### Table 22 (URS Table 19b) Profile of Change in School Attendance

1. The SAMHSA National Outcome Measure for School Attendance measures the change in days attended over time. The DIG Outcomes Workgroup pilot tested 3 consumer self-report items that can be used to provide this information. If your state has used the 3 Consumer Self-Report items on School Attendance, you may report them here.
2. If your SMHA has data on School Attendance from alternatives sources, you may also report that here. If you only have data for School attendance for consumers in this year, please report that in the T2 columns. If you can calculate the change in Attendance from T1 to T2, please use all these columns.
3. Please complete the check boxes at the bottom of the table to help explain the data sources that you used to complete this table.
4. Please tell us anything else that would help us to understand your indicator (e.g., list survey or MIS questions; describe linking methodology and data sources; specify time period for criminal justice involvement; explain whether treatment data are collected).

**Table22. Profile of Change in School Attendance**

State: _____		Time-period in which services were received: _____																		
<b>For Consumers in Service for at least 12 months</b>																				
	T1			T2			T1 to T2 Change						Impact of Services
