## VBID – General

PBP Data Entry System - Section RX, Contract X0001, Plan 001, Segment 000

File Help

Go To: VBID - General

Previous Next Exit (Validate) Exit (No Validate)

This section documents benefits offered under authority of the Medicare Advantage Value-Based Insurance Design model test. Plans only fill out this section if they are authorized to do so by written notification from CMS.

Are you offering Part D Benefits and/or Part D Rewards and Incentives under the VBID Model?

Yes  
 No

Do you offer Part D Rewards and Incentives programs through the model?

Yes  
 No

How many packages of Part D Rewards and Incentives are you offering?

1  
 2  
 3

Does your VBID benefit include Part D reductions in cost?

Yes  
 No

How many packages does your Part D VBID benefit contain?

Value-Based Insurance Design Attestation

I attest that

1) the benefits entered comply with CMS requirements for benefits offered in the MA-VBID Model;

2) the benefits entered are consistent with the benefit proposals and the actuarial or financial information provided to CMS when applying to participate in the MA-VBID Model, unless otherwise approved by CMS in writing; and

3) the benefit package, formulary or other features of this plan are not structured to discriminate against any Medicare beneficiary.

When entering the maximum and minimum copayment or cost sharing, list only the VBID benefit's maximum and minimum. Do not enter the VBID cost-sharing amount as the minimum and the non-VBID cost-sharing amount as a maximum. If there is a limit for VBID cost sharing, after which the regular cost-sharing amount applies, specify the limit in notes. After an enrollee reaches the limit, CMS will look to the main Rx sections for the applicable cost-sharing amount.

When entering VBID benefit packages, create a separate package for each unique targeted clinical condition group to which the organization is offering a VBID benefit package. Even if the plan is offering otherwise identical benefits to enrollees with one of two conditions, enter those benefits in two identical packages, each time selecting a single condition. Do not select multiple conditions within a single package unless the enrollee must have all conditions in order to qualify for the benefit (a multiple comorbidity category).

Unique packages of VBID benefits are numbered sequentially in the PBP in the order in which they are entered. Organizations offering Part D VBID benefits should use this numbering in the VBID formulary file's package number field to indicate to which corresponding VBID benefit package(s) in the PBP a drug relates.

## VBID – Package Tiers – Pre-ICL

The screenshot shows a software window titled "PBP Data Entry System - Section RX, Contract X0001, Plan 001, Segment 000". The window has a menu bar with "File" and "Help". Below the menu bar is a navigation bar with four buttons: "Previous" (left arrow), "Next" (right arrow), "Exit (Validate)" (green checkmark), and "Exit (No Validate)" (red X). To the right of these buttons is a "Go To:" dropdown menu currently displaying "VBID - Package Tiers - Pre-ICL".

Below the navigation bar is a text input field labeled "Tier Label Description(s)".

Underneath the text field is a section titled "Select the tier(s) that include reduced cost sharing (select all that apply):". This section contains a list of seven checkboxes, each followed by a tier label:

- Tier 1
- Tier 2
- Tier 3
- Tier 4
- Tier 5
- Tier 6
- Tier 7

## VBID – Package Tiers – Gap

The screenshot shows a software window titled "PBP Data Entry System - Section RX, Contract X0001, Plan 001, Segment 000". The window has a menu bar with "File" and "Help". Below the menu bar is a navigation toolbar with four buttons: "Previous" (left arrow), "Next" (right arrow), "Exit (Validate)" (green checkmark), and "Exit (No Validate)" (red X). To the right of these buttons is a "Go To:" dropdown menu currently displaying "VBID - Package Tiers - Gap".

Below the toolbar is a text input field labeled "Tier Label Description(s)".

Underneath the text field is a section titled "Select the tier(s) that include reduced cost sharing (select all that apply):". This section contains a list of seven checkboxes, each followed by a tier label:

- Tier 1
- Tier 2
- Tier 3
- Tier 4
- Tier 5
- Tier 6
- Tier 7

## VBID – Post OOP Threshold Cost Sharing

The screenshot shows a software window titled "PBP Data Entry System - Section RX, Contract X0001, Plan 001, Segment 000". The interface includes a menu bar with "File" and "Help", and a toolbar with "Previous", "Next", "Exit (Validate)", and "Exit (No Validate)" buttons. A "Go To:" dropdown menu is set to "VBID - Post OOP Threshold Cost Sharing". Below the toolbar is a text input field for "Tier Label Description(s)". The main area contains a table with four columns: "Min Copayment", "Max Copayment", "Min Coinsurance", and "Max Coinsurance". There are seven rows labeled "Tier 1" through "Tier 7", each with four empty input boxes for data entry.

	Min Copayment	Max Copayment	Min Coinsurance	Max Coinsurance
Tier 1	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 2	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 3	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 4	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 5	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 6	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
Tier 7	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
