We will use the information to determine whether you meet the statutory “child-in-care” requirement for benefits. We may also share your information for the following purposes, called routine uses:

- To contractors and other Federal Agencies, as necessary, for the purpose of assisting us in the efficient administration of our programs. We will disclose information under this routine use only in situations in which we may enter into a contractual or similar agreement to obtain assistance in accomplishing an SSA function relating to this system of records; and
- To claimants, prospective claimants (other than the data subject), and their authorized representatives or representative payees, to the extent necessary to pursue Social Security claims; to representative payees, when the information pertains to individuals for whom they serve as representative payees, for the purpose of assisting us in administering representative payment responsibilities under the Social Security Act; and to representative payees, for the purpose of assisting them in performing their duties as payees, including receiving and accounting for benefits for individuals for whom they serve as payees.

In addition, we may share this information in accordance with the Privacy Act and other Federal laws. For example, where authorized, we may use and disclose this information in computer matching programs, in which our records are compared with other records to establish or verify a person’s eligibility for Federal benefit programs and for repayment of incorrect or delinquent debts under these programs.

A list of additional routine uses is available in our Privacy Act System of Records Notice (SORN) 60-0089, entitled Claims Folders System, as published in the Federal Register (FR) on October 31, 2019, at 84 FR 58422. Additional information, and a full listing of all our SORNs, is available on our website at www.ssa.gov/privacy.
