

### **Instrument 3 - SIRF Reflections from Fathers**

*MDRC will develop an electronic data collection approach using Qualtrics that the Learning Cycle Manager and staff at each site can use to solicit reflections from fathers to be used in each site's learning cycle reflection process. All possible questions are noted below but the exact deployment of them will depend on the interventions being tested with each site.*

Hello! [name the program] is partnering with [MDRC](#), a nonprofit organization, to learn how to better support fathers in their program. The project is called Strengthening the Implementation of Responsible Fatherhood Programs, or [SIRF](#). [Name the program] is one of 10 fatherhood programs involved in this project.

As part of this project, we'd like to hear about your experiences with [name the program] by asking you a few questions. Your responses will help the program to better engage fathers in their services. Your responses will also be combined with those from the other programs participating in the project to come up with ideas for how fatherhood programs nationwide can be better in the future.

It will take about 15 minutes to give your feedback. We will not ask you to provide any personal information. Your responses will be kept private. Providing your feedback is your choice. There is no penalty for not answering these questions.

If you have questions about this project you can reach out to MDRC by email ([SIRF@mdrc.org](mailto:SIRF@mdrc.org)) or call the SIRF hotline at (877) 375-9340.

This project is funded by the U.S. Department of Health and Human Services.
