Strengthening Child Welfare Systems Grantees – Technical Assistance Feedback Survey

PAPERWORK REDUCTION ACT OF 1995 (Pub. L. 104-13) The purpose of this information collection is to gather feedback on capacity building products and services to better meet the needs of child welfare professionals. Public reporting burden for this collection of information is estimated to average 15 minutes per respondent, including the time for reviewing instructions, gathering and maintaining the data needed, and reviewing the collection of information. This is a voluntary collection of information. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information subject to the requirements of the Paperwork Reduction Act of 1995, unless it displays a currently valid OMB control number. The control number for this project is 0970-0401. The control number expires on 6/30/2024. If you have any comments on this collection of information, please contact Beth Claxon, ACF, Administration on Children, Youth and Families (ACYF), Children's Bureau (CB) by e-mail at Beth.Claxon@ACF.hhs.gov.

Survey Introduction

The Center for States Evaluation Team is conducting collecting feedback regarding the Technical Assistance (TA) provided to the Strengthening Child Welfare Systems (SCWS) grantees. Specifically, this effort is focused on getting feedback about services provided by TA providers who support grantees with implementation. As such, references in this survey to the "TA Team" are used to indicate staff and consultants from the Center for States collectively known as the Implementation Specialists. The purpose of this evaluation to gather information that will be used to improve future services for SCWS and other CB funded grantees. This survey should take approximately 15 minutes to complete and your participation is voluntary. You may exit the survey at any time and are free to decline to answer any question. There are no foreseeable risks and no direct benefits from participating with this survey. Your responses will be private and anonymously shared with the TA provider team and the Children's Bureau to improve service delivery. Reporting that uses these survey responses will be shared in aggregate, with combining findings across all grantees. No reporting will be provided by grantee project. If you have any questions, please contact the Evaluation Lead, Christine Leicht at Christine.Leicht@icf.com. Proceeding with the survey is an indication of your consent. Thank you for your participation!

Contributions of Capacity Building to Project Goals and Outcomes

The following statements that are designed to assess the extent to which capacities developed with TA support contributed to the completion of key project tasks or deliverables. For each item, consider the contribution of capacities developed to your project's achievement of the respective task, with "1" indicating "not at all" and "6" indicating "contributed significantly." If you feel like capacity was not developed with TA support in that area, select "N/A."
