**Other Termination or Furlough**

Other Termination or Furlough means, with respect to an Employee, (1) a voluntary furlough, voluntary leave of absence, voluntary resignation, or voluntary retirement, (2) termination of employment resulting from such Employee's death or disability, or (3) the Borrower terminating the employment of such Employee for cause or placing such Employee on a temporary suspension or unpaid leave of absence for disciplinary reasons, in either case, as reasonably determined by the Borrower acting in good faith.

**Employee Headcount**

1 Total Number of Employees at START of the Report Quarter

2 Total Number of New Hires DURING the Report Quarter. If you are only a PSP2 Recipient, please only include new hires since your PSP 2 Agreement Effective Date.

3 Total Number of Permitted Terminations or Furloughs DURING the Report Quarter

4 Total Number of Involuntary Terminations or Furloughs DURING the Report Quarter. If you are only a PSP2 Recipient, please only include terminations or furloughs since your PSP 2 Agreement Effective Date.

**Changes in Employee Headcount**

0

\*If the number of involuntary terminations or furloughs is not zero, please enter an explanation.

**Job Creation and Retention**

Number of jobs created and/or retained during the Report Quarter.\*

1. Only compensated employment in the U.S. or outlying areas should be counted.

\*Please be advised that Treasury and/or the Pandemic Response Accountability Committee (PRAC) may be required to publish the number of jobs that you report – in addition to the amount of payroll support received and expended – on one or more public sites including <https://www.pandemicoversight.gov/> pursuant to section 15011 of the CARES Act (Pub. L. No. 116-136), as amended by Title VIII, Section 801(b) of the Consolidated Appropriations Act, 2021 (Pub. L. No. 116-260) on December 27, 2020. In recognition of the diversity within the Payroll Support Program and the inherent difficulty in evaluating alternative financing options faced by employers in a variety of circumstances during the unprecedented pandemic, Treasury is allowing you to determine the basis for estimating the number of jobs created or retained and is not prescribing a single methodology. In one example utilized for the American Recovery and Reinvestment Act, the number of jobs retained is equal to the number of existing positions that were funded by your payroll support award during the quarter, expressed as the total number of hours worked and funded with payroll support within the reporting quarter divided by 40 or the number of hours in a full-time schedule. Recipients should otherwise use their discretion to estimate and where possible rely on payroll records. Please ensure the number reported does not exceed your total headcount reported and that where it does the difference is attributable to headcount versus full-time equivalent calculations or the inclusion of spillover effects for corporate officers or other positions.

Total Number of Employees at END of the Report Quarter

Employee Maintenance % at END of the Report Quarter.

If the Borrower's employment level decreased by more than 10% between March 24, 2020, and the END of the Report Quarter, please upload an explanation including, but not limited to, reasons for decreasing employment levels, relevant dates, and other pertinent information.
