This example is for a distilled spirits product that requires a formula submission, which is noted in the COLA Online application as shown above. The user provides the approved formula number or provides a copy of the formula as an attachment. Alcohol beverage formula submissions are approved under OMB Control No. 1513–0122 or other commodity-specific control numbers.

For wines, additional data fields for Grape Varietal and Wine Appellation appear on the Create Application page:

On the Verification page, clicking "Verify Uploaded Images" results in a screen showing the uploaded image(s):

🚛 🔎 🗔 🗖 🖬 🔕

Once the provided information and image(s) are verified, the user accepts the Penalties of Perjury statement and clicks the Submit Application button, which results in a screen confirming the application's submission:

This example is for a distilled spirits product. Screens for COLA approvals for wines and malt beverages collect the same information, except as noted above for wine labels.

Screens for COLA Exemption Application:
